India's is a panoramic look at the lives of the British in colonial India Culled from Raj literature it reveals little known aspects
of their lives and their dealings with their Indian subjects Drawing from contemporary journals plays and poems the author
provides wonderful descriptions of British homes and servants their tastes and fashions cultural idiosyncrasies profligacy
sports hunts and shoots giving us with the relaxed familiarity of the after dinner raconteur a flavour of the period The book is
peppered with a host of characters astrologers jugglers magicians grass widows the fishing fleet missionaries nautch girls
mavericks and eccentrics who made India their home as the British turned from traders to empire builders and is
interspersed with period photographs paintings and sketches This is a delightful evocation of a vanished world **Skinner's
Horse** Philip Mason, 1980 **Unbattled Fears: Reckoning the National Security** Sumit Walia, 2021-02-16 Strategic
thinking has not been part of our national discourse Till the end of 20th century there were a very few public or private think
tanks discussing the challenges our nation faced There was no private news channel till 1999 and when they started they
went about doing their news business Lack of strategic thinking was apparent during 1962 war with China when we had
clear indications of heinous moves and design of China The Indian Army had submitted reports highlighting the Chinese
threat but it all fell on deaf ears The Prime Minister of the time thumped the table and said It is not the job of Commander in
Chief to tell the Government who will attack India China will never attack us rather China would come to our rescue if
needed You should concentrate on Pakistan Rest is history Successive governments did not learn the lesson Strategic and
National Security matters were still prerogative of government institutions Till 2000 there were a few government funded or
private think tanks United Service Institution of India Indian Direct Selling Association Indian Defence Review etc working
on this vital subject New think tanks came up but their reach was limited There appears to be much more interest in masses
now than what it was 20 years ago This book is a compilation of articles written on different subjects It is divided in four
sections every section dealing with a different subject Readers should consider the backdrop date given at the first page of
every chapter This will help putting things in the right perspective **The Recollections of Skinner of Skinner's Horse -
