The Faces and Stakes of Brand Insertion Sébastien Lefait, Sandrine Villers, 2022-03-22 With traditional forms of advertisement facing increasing challenges brand placement the integration of a product or brand in a work of art has exploded It has become a lucrative phenomenon whose goal is to produce a reaction of purchase in the mind of the receiver reader viewer or listener This volume seeks to complement extant studies of product placement strategies by introducing a methodology more systematically related to the field of cultural studies especially where the reception and impact of product placement are concerned It explores the many iterations of brand placement in popular culture with a consideration of the crossover between advertisement and art in everything from Wes Anderson *Blade Runner* and the *Fast and Furious* franchise to music videos late night shows and plastic art The book considers the impact of brand placement in TV series on teenagers

as well as the evolution of such placement in literature The originality of this volume is that when the impact of the placement is mentioned it is to be understood as an intended aesthetic impact at least as much as a prompt to buy a product Consequently the placement of consumer goods in a cultural production the book suggests may both increase the sales of specific products and positively impact the production s ratings This book is perfect for researchers and students interested in marketing brand placement mass media art film and cultural studies
