The reggae of Bob Marley evokes Jamaica The soundtrack for Alabama is without question provided by our troubled troubadour Hank Williams The 2016 biography Hank by Mark Ribowsky paints a dark picture of the musician s short alcoholic drug filled life a life of loneliness and pain He goes so far as to call Hank s life story noir ish In Alabama Noir we encounter troubles and foibles galore darkness in many forms The stories range from the deadly grim to some that are actually mildly humorous We see desperate behavior on the banks of the Tennessee River in the neighborhoods of Birmingham in the affluent suburbs of Mobile in a cemetery in Montgomery and even on the deceptively pleasant beaches of the Gulf of Mexico Fans of noir should all find something to enjoy **The Joy Valley Turtle** Andrew J. American Roadkill Don H. Corrigan,2021-10-25 Slaughtered along our highways roadkill may be observed regularly but aren t likely to be given much thought Research scientists animal rights activists roadkill artists writers ethicists and lyricists however are increasingly sounding the alarm They report that we are killing the very animals we love and are driving many of them to the brink of extinction Detailing the death and destruction of mammals reptiles amphibians and insect pollinators this study examines the ways in which we are thus jeopardizing our own futures Beginning in the Model T era biologists counted the common carnage of the time cottontails woodchucks and squirrels mostly That record keeping continues today Beyond the bleak statistics zoologists are rerouting migratory paths of animals and are advocating for cat and dog companions This book illuminates both our successes and failures in keeping animals out of harm s way and what those efforts reflect about ourselves and our capacity to care enough to alter the road ahead **Wolf Club** James Bird,2025-09-30 The Breakfast Club meets Hatchet in this middle grade novel about three kids who ditch detention to search for an elusive white wolf who may have the magical powers they need to face their challenges and heal their hearts A story of adventure and friendship from James Bird an author whose work is praised as big hearted by School Library Journal What do a raccoon a skunk and a moose have in common Okan the raccoon is a 13 year old whose mom works so hard he never sees her Sarah the skunk has been teased relentlessly about her body odor ever since her mom died And Marcus the moose is the bully the

rich kid who seems to have everything except his parents love When they hear a white wolf has been spotted in the nearby forest this unlikely trio heads out on a quest that turns into an adventure of a lifetime **Compelled to Control** J. Keith Miller, 2010-01-01 this exciting book breaks new ground in identifying the major cause of relationship failure as the need to control in marriages and families with friends and within organizations *Compelled to Control* reflects Miller's sweeping knowledge as a thinker a speaker and a writer Going far beyond how to control a controller Miller speaks from the perspective of experience and personal change When a controller has the sense of life being out of control he says he or she reacts with an even stronger need to get things under control usually with the negative result of alienating the people who matter the most Miller tackles this deeply denied seemingly universal phenomenon with compassion and offers a way out of the dilemma He tells who to approach broken relationships in new ways leaving behind destructive patterns of perfectionism and self justification Keith Miller is one of those rare writers who can combine intellectual acuity with deeply felt insight born of his own struggle for authenticity *Compelled to Control* is an impressive contribution to the literature of recovery and personal change **Supreme Court Appellate Division**, *University of Washington Publications in Anthropology*, 1920

Ecology and Ethnogenesis Adam R. Hodge, 2019-04-01 In *Ecology and Ethnogenesis* Adam R Hodge argues that the Eastern Shoshone tribe now located on the Wind River Reservation in Wyoming underwent a process of ethnogenesis through cultural attachment to its physical environment that proved integral to its survival and existence He explores the intersection of environmental indigenous and gender history to illuminate the historic roots of the Eastern Shoshone bands that inhabited the intermountain West during the nineteenth century Hodge presents an impressive long duration narrative of Eastern Shoshone history from roughly 1000 CE to 1868 analyzing the major developments that influenced Shoshone culture and identity Geographically spanning the Great Basin Rocky Mountain Columbia Plateau and Great Plains regions *Ecology and Ethnogenesis* engages environmental history to explore the synergistic relationship between the subsistence methods of indigenous people and the lands that they inhabited prior to the reservation era In examining that history Hodge treats Shoshones other Native peoples and Euroamericans as agents who through their use of the environment were major components of much broader ecosystems The story of the Eastern Shoshones over eight hundred years is an epic story of ecological transformation human agency and cultural adaptation *Ecology and Ethnogenesis* is a major contribution to environmental history ethnohistory and Native American history It explores Eastern Shoshone ethnogenesis based on interdisciplinary research in history archaeology anthropology and the natural sciences in devoting more attention to the dynamic and often traumatic history of precontact Native America and to how the deeper past profoundly influenced the postcontact era Depressed Child Dougals A. Riley, 2001-02-01 By emphasizing how parents can talk to their children about thoughts and feelings exploring how children develop negative beliefs about themselves and teaching parents how to help their children change those hopeless self perceptions this book outlines practical methods that parents and children

together can use to find solutions to the dark thoughts that plague so many young people today *Hide and Leather with Shoe Factory* ,1914 **Animal Souls Speak** Robert Shapiro,2007 Arcturus is the name given to the star system some thirty seven light years from our own It includes at least a half dozen planetary bodies and is many times larger and much older than our own star and its system Arcturian involvement with our system began over three million years ago when a space colony a galactic space station was established on Velatropa 24 4 otherwise known as Mars With its 40 000 year warm cycles Mars provided the perfect experimental way station If anything went wrong at least those on the Arcturus system would not be affected or so it was thought Some of those in command of the Martian project had not considered carefully enough the inexorable efficacy of karma the law of cause and effect By the time strange events began to transpire on Mars little did anyone on Mars or Arcturus reckon the strange consequences of forgetting about each other s mutual existence Thus unfolds the tale of the Arcturian experimental way station V 24 4 otherwise kno *Medicine Cards* Jamie Sams,David Carson,1999-07-30 The best selling divination system over 1 000 000 copies sold worldwide revised and expanded for the first time
