Drake: Or The Transfer of the Trident. A National Drama William Macoubrey,1876 *The Trend* ,1912 **New Testament Micro-Ethics** Raymond Kemp Anderson,2018-10-09 Anderson shows how Early Christians faith took root in a multicultural world just as diverse and conflicted as our own Their basic attitude turns out to have been one of astounding freedom not a cultus of rules but a matter of whole hearted response for they lived in conversation with the One whose love for all his wayward creatures is utterly tenacious We find ourselves continually surprised by an insistent grace that treasures all persons equally while exposing and deposing our evil Such faith still evokes basic confidence and we find ourselves ever again moved by gratitude and trusting each others Christ emboldened freedom If we are embraced by grace our becoming great again can only mean unlimited concern for all and free flowing interactive service The playful work ethic that ensues holds promise for our politically splintered post industrial age The New Testament's seed like ethical genotype still unfolds into a secure all embracing and mutually supportive sabbatic life stance What could be more relevant for our future in
