Song Of The Outriggers:

Song of the Outriggers Ralph R. Whitaker, 1968 *China as a Sea Power, 1127-1368* Lo Jung-pang, 2013-07-15 Lo Jung pang argues that during each of the three periods when imperial China embarked on maritime enterprises the Qin and Han dynasties the Sui and early Tang dynasties and Song Yuan and early Ming dynasties coastal states took the initiative at a time when China was divided maritime trade and exploration subsequently peaked when China was strong and unified and declined as Chinese power weakened At such times China s people became absorbed by internal affairs and state policy focused on threats from the north and the west These cycles of maritime activity each lasting roughly five hundred years corresponded with cycles of cohesion and division strength and weakness prosperity and impoverishment expansion and contraction In the early 21st century a strong and outward looking China is again building up its navy and seeking maritime dominance with important implications for trade diplomacy and naval affairs Events will not necessarily follow the same course as in the past but Lo Jung pang s analysis suggests useful questions for the study of events as they unfold and decades to come *Lords of the Pacific* Grant Hyde, 2009-06-01 The year is 1793 and having suffered at the hands of Tonga s evil King Tui puloto for too long the Island Nations of the South Pacific are poised on the brink of civil war When two heroic young warriors Sevesi and Hiki dare to challenge the King s absolute power they incur his wrath and only narrowly escape with their lives The pair flee north seeking sanctuary with the rebel tribes of Ha apai But instead of finding a safe haven they are accused of being spies Meanwhile as the British and French continue their relentless quest to colonise the South Pacific one of their ships is hijacked and strays off course inadvertently dragging both Empires into the greatest tribal war the Pacific has ever known As cultures collide blood is shed wrongs are righted and unlikely friendships are forged Yet again the British and French sorely underestimate the volatility and strength of their foes and the question remains who will emerge as Lords of the Pacific *Lords of the Pacific* is an unforgettable tale of love revenge and war set in the one of the world s last great frontiers **A Global History of Pre-Modern Warfare** Kaushik Roy, 2021-09-14 This book examines the military histories of the regions beyond Western Europe in the pre modern era Existing works on global military history mainly focus on the western part of Eurasia after 1500 CE As regards the ancient period such works concentrate exclusively on Greece and Rome So global military history is actually the triumphal story of the West from Classical Greece onwards This volume focuses not only on the eastern part of Eurasia but also on South America Africa and Australasia and seeks to explain the history and varied trajectories of warfare in non Western regions in the pre modern era Further it evaluates whether warfare in non Western regions should be considered primitive or inferior when compared with Western warfare The book notes that Western Europe became militarily significant only in the early modern era and argues that the military divergence that occurred during the early modern era is not unique it had also occurred in the Bronze Age the Classical era and in the medieval period This was due to the dynamism and innovativeness of non Western militaries and the interconnectedness that

existed in parts of the Eurasian landmass Further those polities which were able to construct a balanced military force by synthesising diverse elements were not only able to survive but also became capable of projecting power across continents This book will be of much interest to students of military history strategic studies and world history *Weavers of Song* Mervyn McLean,1999 This work is a study of Polynesian music illustrated by music examples and photographs *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office,1972 **The Far Reaches** Homer Hickam,2024-05-01 Amid the chaos of WWII a Coast Guard Captain is conscripted into battling a ruthless outlaw in this thriller from the New York Times bestselling author As World War II rages in the Pacific Coast Guard Captain Josh Thurlow is sent in to assess the status of the campaign He s there at the disastrous invasion of Tarawa as the US Navy begins throwing marines at island after island One of the few survivors Josh s life is saved by a young Irish nun But Sister Mary Kathleen is not what she seems Sister Mary shanghaies Josh along with Bosun Ready O Neal and three marines in a desperate scheme to save a group of tropical islands from a brutal Japanese warlord Now Josh and the others must decide whose war they re willing to fight and whether they can trust this tough and mysterious woman of God **Angling Books of the Americas** Henry P.
