FAMOUS FEMALE VOCALISTS FROM LIE HOLIDAY TO BRITNEY SPEARS

DONALD F. REUTER • UNIVERSE

Songbird A Visual History Of Women In Music

O García

Songbird A Visual History Of Women In Music:

Songbird Donald F. Reuter, 2001 Songbird brings together all the most memorable female singers of our time from Aretha Franklin to Annie Lennox Emmylou Harris to Eartha Kitt Debbie Harry to Dinah Shore along with dozens more Back cover

Women's Labour and the History of the Book in Early Modern England Valerie Wayne, 2020-05-14 This collection reveals the valuable work that women achieved in publishing printing writing and reading early modern English books from those who worked in the book trade to those who composed selected collected and annotated books Women gathered rags for paper production invested in books and oversaw the presses that printed them Their writing and reading had an impact on their contemporaries and the developing literary canon A focus on women's work enables these essays to recognize the various forms of labour textual and social as well as material and commercial that women of different social classes engaged in Those considered include the very poor the middling sort who were active in the book trade and the elite women authors and readers who participated in literary communities Taken together these essays convey the impressive work that women accomplished and their frequent collaborations with others in the making marking and marketing of early modern English books

The Routledge History of Social Protest in Popular Music Jonathan C. Friedman, 2013-07-04 The major objective of this collection of 28 essays is to analyze the trends musical formats and rhetorical devices used in popular music to illuminate the human condition By comparing and contrasting musical offerings in a number of countries and in different contexts from the 19th century until today The Routledge History of Social Protest in Popular Music aims to be a probing introduction to the history of social protest music ideal for popular music studies and history and sociology of music courses

The Muse is Music Meta DuEwa Jones, 2011 This wide ranging ambitiously interdisciplinary study traces jazz's influence on African American poetry from the Harlem Renaissance to contemporary spoken word poetry Examining established poets such as Langston Hughes Ntozake Shange and Nathaniel Mackey as well as a generation of up and coming contemporary writers and performers Meta DuEwa Jones highlights the intersections of race gender and sexuality within the jazz tradition and its representation in poetry Applying prosodic analysis to emphasize the musicality of African American poetic performance she examines the gendered meanings evident in collaborative performances and in the criticism images and sounds circulating within jazz cultures Jones also considers poets who participated in contemporary venues for black writing such as the Dark Room Collective and the Cave Canem Foundation including Harryette Mullen Elizabeth Alexander and Carl Phillips Incorporating a finely honed discussion of the Black Arts Movement the poetry jazz fusion of the late 1950s and slam and spoken word performance milieus such as Def Poetry Jam she focuses on jazz and hip hop influenced performance artists including Tracie Morris Saul Williams and Jessica Care Moore Through attention to cadence rhythm and structure The Muse is Music fills a gap in literary scholarship by attending to issues of gender in jazz and poetry and by analyzing recordings of poets both with and without musical accompaniment Applying the methodology of textual close

reading to a critical close listening of American poetry's resonant soundscape Jones's analyses include exploring the formal innovation and queer performance of Langston Hughes's recorded collaboration with jazz musicians delineating the relationship between punctuation and performance in the post soul John Coltrane poem and closely examining jazz improvisation and hip hop stylization An elaborate articulation of the connections between jazz poetry and spoken word and gender The Muse Is Music offers valuable criticism of specific texts and performances and a convincing argument about the shape of jazz and African American poetic performance in the contemporary era *The Publishers Weekly*, 2001 *Female Voices from an Ewe Dance-drumming Community in Ghana* James Burns, 2017-07-05 Ewe dance drumming has been extensively studied throughout the history of ethnomusicology but up to now there has not been a single study that addresses Ewe female musicians James Burns redresses this deficiency through a detailed ethnography of a group of female musicians from the Dzibordi community dance drumming club from the rural town of Dzodze located in South Eastern Ghana Dzibordi was specifically chosen because of the author's long association with the group members and because it is part of a genre known as adekede or female songs of redress where women musicians critique gender relations in society Burns uses audio and video interviews recordings of rehearsals and performances and detailed collaborative analyses of song texts dance routines and performance practice to address important methodological shifts in ethnomusicology that outline a more humanistic perspective of music cultures This perspective encompasses the inter linkages between history social processes and individual creative artists The voices of Dzibordi women provide us not only with a more complete picture of Ewe music making they further allow us to better understand the relationship between culture social life and individual creativity The book will therefore appeal to those interested in African Studies Gender Studies and Oral Literature as well as ethnomusicology Includes a DVD documentary **Women Singer-Songwriters in Rock** Ronald D. Lankford Jr., 2009-11-25 In *Women Singer Songwriters in Rock A Populist Rebellion in the 1990s* Ronald D Lankford Jr argues that women singer songwriters formed a substantial movement within popular music during the 1990s making a significant social and aesthetic contribution that pushed feminism into mainstream American culture Lankford examines in depth the work of several artists including Alanis Morissette PJ Harvey Liz Phair Courtney Love Tori Amos Sarah McLachlan and Sheryl Crow offering thorough descriptions and analyses of their music lyrics and album art By looking at both the broader movement and individual performers this book provides a comprehensive and accessible overview of the movement and its message Lankford introduces the singer songwriter movement and the artists and genres that paved the way for these 1990s rockers establishing the arch of the popular movement of women in rock as it mirrored the rise of third wave feminism and sketching the cultural and political landscape that served as a backdrop to the women's singer songwriter movement during the 1990s Drawing from resources in books journals and zines Lankford focuses on the exploration of women's issues within the music through analyses of its lyrics and album art and examines how the often hard edged feminist content was able to filter into

mainstream popular culture To help illustrate this the book includes a select discography of albums and singles including their placement and number of weeks spent on various charts A complete bibliography and index round out this important study which is a must for fans and scholars of music popular culture and women s studies *New Books on Women and Feminism* ,2002 Musical Women in England, 1870-1914 NA NA,2000-07-07 Musical Women in England 1870 1914 delineates the roles women played in the flourishing music world of late Victorian and early twentieth century England and shows how contemporary challenges to restrictive gender roles inspired women to move into new areas of musical expression both in composition and performance The most famous women musicians were the internationally renowned stars of opera greatly admired despite their violations of the prescribed Victorian linkage of female music making with domesticity the divas were often compared to the sirens of antiquity their irresistible voices a source of moral danger to their male admirers Their ambiguous social reception notwithstanding the extraordinary ability and striking self confidence of these women and of pioneering female soloists on the violin long an instrument permitted only to men inspired fiction writers to feature musician heroines and motivated unprecedented numbers of girls and women to pursue advanced musical study Finding professional orchestras almost fully closed to them many female graduates of English conservatories performed in small ensembles and in all female and amateur orchestras and sought to earn their living in the overcrowded world of music teaching **Hong Kong Cantopop** Yiu-Wai Chu,2017-01-01 Cantopop was once the leading pop genre of pan Chinese popular music around the world In this pioneering study of Cantopop in English Yiu Wai Chu shows how the rise of Cantopop is related to the emergence of a Hong Kong identity and consciousness Chu charts the fortune of this important genre of twentieth century Chinese music from its humble lower class origins in the 1950s to its rise to a multimillion dollar business in the mid 1990s As the voice of Hong Kong Cantopop has given generations of people born in the city a sense of belonging It was only in the late 1990s when transformations in the music industry and more importantly changes in the geopolitical situation of Hong Kong that Cantopop showed signs of decline As such Hong Kong Cantopop A Concise History is not only a brief history of Cantonese pop songs but also of Hong Kong culture The book concludes with a chapter on the eclipse of Cantopop by Mandapop Mandarin popular music and an analysis of the relevance of Cantopop to Hong Kong people in the age of a dominant China Drawing extensively from Chinese language sources this work is a most informative introduction to Hong Kong popular music studies Few scholars I know of have as thorough a knowledge of Cantopop as Yiu Wai Chu The account he provides here of pop music as a nexus of creative talent commoditized culture and geopolitical change is not only a story about postwar Hong Kong it is also a resource for understanding the term localism in the era of globalization Rey Chow Duke University Yiu Wai Chu s book presents a remarkable accomplishment it is not only the first history of Cantopop published in English it also manages to interweave the sound of Cantopop with the geopolitical changes taking place in East Asia Combining a lucid theoretical approach with rich empirical insights this book will be a milestone in the study of East Asian
