Soulsunami Sink Or Swim In New Millennium Culture:

SoulTsunami Leonard Sweet, 2001-09 This book explains the tidal wave of postmodernism that is sweeping our culture and shows how the church can safely sail the troubled seas and fulfill its mission and calling Soulsunami Leonard Sweet, 2009-10-14 Road rage animal rights cyberporn crystal healing doctor assisted suicide everywhere we look the signs all tell us we're living in a post-Christian culture Or are we Leonard Sweet cultural historian preacher futurist creatologist and preeminent thinker firmly believes we live today in a pre-Christian society fraught with challenges dangers critical choices and above all tremendous potential for the church The outcome will depend on our response to today's flood of religious pluralism that threatens to sweep us away What will we do Deny the reality of the incoming surge Hunker in the bunker hermetically sealing ourselves in an increasingly out of touch church counterculture Or will we boldly hoist our sails and looking to God for guidance and strength move with confidence and purpose over the waves SoulTsunami is a fascinating even mind numbing look at the implications of our changing world for the church in the 21st century With uncanny wisdom and trademark wit Leonard Sweet explores ten key futuribles precision guesses that fall short of predictions expanding on and relating topics ranging from the reentry of theism and spiritual longing in contemporary society to the impact of modern technology to the global renaissance to models for the church to reach people caught in the cultural maelstrom Here are eye opening perspectives on the church from within and from without from its surrounding society Lively well written and provocative SoulTsunami is a clarion call for Christians to remove their tunnel vision glasses and take a good look at the swelling postmodern flood It also is a voice of encouragement affirming the church in its role as God's lifeboat And it is a passionate prophetic guide pointing the way to reach a world swept out to sea **Planting Missional Churches** Ed Stetzer, 2006 An instruction book for planting biblically faithful and culturally relevant churches this text addresses the how to and why issues of church planting by providing practical guidance through all the phases while taking a missional look at existing and emerging cultures **Spirit and Method** Edwin Rodriguez-Gungor, 2023-12-14 This book offers a generative and hospitable theological methodology rooted in the distinctives of pentecostal spirituality enlivened by a spirited imagination and opened toward critical constructive and conciliatory dialogue with the wider Christian tradition This inter and cross disciplinary work is careful yet generous drawing together of knowledge and wisdom from different domains historical philosophical and theological in ways recognizably pentecostal and effectively missional The book begins with a description of the essence of pentecostal spirituality that holds true across the various pentecostalsisms Drawing largely on an innovative engagement with the insights of Rudolph Otto and an exploration of the dialectic between religious experience and theological development this book contends for an identifiable but mysterious something that makes pentecostalism truly pentecostal that is something more than one might sum up in any set of peculiar practices beliefs or behaviors The book also provides an overview of the intellectual history of English speaking pentecostalism specifying and assessing the movement's

major philosophical underpinnings and socio cultural motivations Finally funded by an explicitly pentecostal metaphysics the book sets forth a significant and boldly original pneumatological theological methodology shaped by discerning conversation with the works of Amos Yong L William Oliverio Jr Wolfgang Vondey and Simo Frestadius among others *Partnering with God* Lynette Edge, Gregory Morgan, 2017-05-12 God has an epic plan for the flourishing of all people and places Want to join in Partnering with God will help you find your place in that quest as we join in building God s kingdom on earth as it is in heaven Mission is no spectator sport and God invites our participation in the millennia old story of the missio Dei Lynette Edge and Gregory Morgan have lived and taught mission within The Salvation Army for many years In these pages they offer a missiological framework and practice in the West today from a Salvation Army perspective You will be challenged in these pages to think and live missionally We are called to join a profound partnership with God to bring about the world as it was intended to be Are you in **A Mosaic of Believers** Gerardo Marti, 2009-10-26 Mosaic in southern California is one of the largest and most innovative multiethnic congregations in America Gerardo Marti shows us how this unusual church has achieved multiethnicity not by targeting specific groups but by providing multiple havens of inclusion that play down ethnic differences He reveals a congregation aiming to reconstruct evangelical theology personal identity member involvement and church governance to create an institution with greater relevance to the social reality of a new generation *Salt, Light, and a City, Second Edition* Graham Joseph Hill, 2017-06-13 Graham Hill s pioneering classic remains the seminal work on missional ecclesiology The bestselling first edition redefined theology for the missional church Hill builds biblical foundations in conversation with major theologians including Sarah Coakley John Zizioulas Stanley Hauerwas Miroslav Volf and Jurgen Moltmann In this major update he offers new insights and provides fresh examples of missional churches In the first edition Hill interacted with twelve major theologians to build a missional ecclesiology In this thoroughly updated edition he interacts with sixteen major theologians from the Western world This edition includes five new chapters and an expanded treatment on the key convictions of global missional theology It also offers a new study guide that has been uploaded on an innovative website linked to this book This expanded edition now becomes volume 1 in a series on missional ecclesiology In volume 2 Hill will turn our attention to voices from the Majority World Known for his groundbreaking approach to theology theology for the global missional community Hill shows how God is releasing his global church to mission across all cultures and Christian traditions This extensive update to Hill s influential work offers pioneering theology and practices that will continue to shape the global missional church for generations [The Prodigal Hugging Church](#) Tim Wright, Rethink the mission of your congregation in light of Jesus commitment to embrace culture Written for both leaders and members this book will encourage you to embrace the prodigals in your community through examples scripture stories and practical insights from Pastor Tim and The Community Church of Joy **Embedded Faith** Carlton Johnstone, 2013-12-04 Embedded Faith explores the way Christian faith journeys of young adults are embedded within church communities It discusses why young adults go

to church why they change churches why some are involved in the practice of church two timing and what they are looking for in a church Embedded Faith also provides valuable insight into the relationship between geographic mobility and belonging to a faith community in a transient age Embedded Faith discusses areas where young adults are engaging and disengaging with church life such as preaching and worship It addresses how stage of life transitions and life experience impact on one s experience and involvement in church This book will enable anyone working with young adults in a church context to give shape to a ministry that is more sensitive and connected to the realities faced by young adults and will call you to the importance of listening to the lived experience of young adults as it relates to faith and church *The Myth of the 200 Barrier* Rev. Canon Canon Canon Canon Kevin E. Martin, 2010-09-01 This is the best book I have ever read on congregational development I wish I had written it Lyle E Schaller Parish Consultant The common experience of large congregations getting larger and small congregations getting smaller has given rise to the belief that growing congregations tend to hit a barrier at the 150 200 attendance mark The dividing line in American Church attendance is 150 people on an average Sunday Churches below this seem to have a harder time growing Above this churches seem to have an easier time growing Trying to grow a smaller church can feel like trying to break through what Martin calls the 200 barrier Martin explains that there is no barrier there are just two different ways of being a church the Pastoral Size church and the Program church The Transitional Church is really a hybrid of these two cultures and this dual nature produces stress and tension where the idea of a 200 barrier often becomes a self fulfilling expectation How does the Pastor Size church culture really work What are the key elements of the larger American Church How does this create a large church culture that becomes self supporting Martin looks at these elements and shows how the Transitional Church can avoid mistakes in their effort to grow beyond the barrier and why transformation and change is so difficult Drawing on sociological and anthropological studies about the significance of numbers in human organizations Martin proposes practical steps that leaders of Transitional Churches will want to take
