Sound Of The City Rise Of Rock And Roll

Richard Aquila

Sound Of The City Rise Of Rock And Roll:

The Sound of the City Charlie Gillett, 1996 Charlie Gillett a British journalist loves the music and his passion is evident throughout *The Sound of the City* Yet the greatest strength of the book is the way Gillett tracks the resistance of the music industry to early rock and roll which was followed needlessly to say by a frantic rush to engulf and devour it When first published *The Sound of the City* was hailed as has never been bettered as the definitive history of rock *The Guardian* Now the classic history of rock and roll has been revised and updated with over 75 historic archive photos The text has been substantially revised to include newly discovered information and it is now the one essential work about the history of rock n roll Jon Landau in *Rolling Stone* *Sounds and the City* Brett Lashua, Stephen Wagg, Karl Spracklen, M. Selim Yavuz, 2018-10-24 This book draws from a rich history of scholarship about the relations between music and cities and the global flows between music and urban experience The contributions in this collection comment on the global city as a nexus of moving people changing places and shifting social relations asking what popular music can tell us about cities and vice versa Since the publication of the first *Sounds and the City* volume various movements changes and shifts have amplified debates about globalization From the waves of people migrating to Europe from the Syrian civil war and other conflict zones to the 2016 Brexit vote to leave the European Union and American presidential election of Donald Trump These and other events appear to have exposed an anti globalist retreat toward isolationism and a backlash against multiculturalism that has been termed post globalization Amidst this what of popular music Does music offer renewed spaces and avenues for public protest for collective action and resistance What can the diverse histories hybridities and legacies of popular music tell us about the ever changing relations of people and cities *The Sound of the City* Charlie Gillett, 1970 **Rock Music in American Popular Culture II** Frank Hoffmann, B Lee Cooper, Wayne S Haney, Beulah B Ramirez, 2015-12-22 From *Who Put the Bomp in the Bomp Bomp Bomp* to a list of all song titles containing the word werewolf *Rock Music in American Popular Culture II* More Rock n Roll Resources continues where 1995's Volume I left off Using references and illustrations drawn from contemporary lyrics and supported by historical and sociological research on popular cultural subjects this collection of insightful essays and reviews assesses the involvement of musical imagery in personal issues in social and political matters and in key socialization activities From marriage and sex to public schools and youth culture readers discover how popular culture can be used to explore American values As Authors B Lee Cooper and Wayne S Haney prove that integrated popular culture is the product of commercial interaction with public interest and values rather than a random phenomena they entertainingly and knowledgeably cover such topics as answer songs interchanges involving social events and lyrical commentaries as explored in response recordings horror films translations and transformations of literary images and motion picture figures into popular song characters and tales public schools images of formal educational practices and informal learning processes in popular song lyrics sex suggestive tales and censorship challenges within the popular music realm war

examinations of persistent military and home front themes featured in wartime recordings Rock Music in American Popular Culture II More Rock n Roll Resources is nontechnical written in a clear and concise fashion and explores each topic thoroughly with ample discographic and bibliographic resources provided for additional research Arranged alphabetically for quick and easy reference to specific topics the book is equally enjoyable to read straight through Rock music fans teachers popular culture professors music instructors public librarians sound recording archivists sociologists social critics and journalists can all learn something as the book shows them the cross pollination of music and social life in the United States

The Seventh Stream Philip H. Ennis,1992-12 A cultural and social study of the origins and evolution of rocknroll *Let's Rock!* Richard Aquila,2016-10-28 Rock roll was one of the most important cultural developments in post World War II America yet its origins are shrouded in myth and legend Let s Rock reclaims the lost history of rock roll Based on years of research as well as interviews with Bo Diddley Pat Boone and other rock roll pioneers the book offers new information and fresh perspectives about Elvis the rise of rock roll and 1950s America Rock roll is intertwined with the rise of a post World War II youth culture the emergence of African Americans in society the growth of consumer culture technological change the expansion of mass media and the rise of a Cold War culture that endorsed traditional values to guard against communism Richard Aquila s book demonstrates that early rock roll was not as rebellious as common wisdom has it The new sound reflected the conservatism and conformity of the 1950s as much as it did the era s conflict Rock roll supported centrist politics traditional values and mainstream attitudes toward race gender class and ethnicity The musical evidence proves that most teenagers of the 1950s were not that different from their parents and grandparents when it came to basic beliefs interests and pastimes Young and old alike were preoccupied by the same concerns tensions and insecurities Rock roll continues to permeate the fabric of modern life and understanding the music s origins reminds us of the common history we all share Music lovers who grew up during rock roll s early years as well as those who have come to it more recently will find Let s Rock an exciting historical and musical adventure

Songbooks Eric Weisbard,2021-04-23 In Songbooks critic and scholar Eric Weisbard offers a critical guide to books on American popular music from William Billings s 1770 New England Psalm Singer to Jay Z s 2010 memoir Decoded Drawing on his background editing the Village Voice music section coediting the Journal of Popular Music Studies and organizing the Pop Conference Weisbard connects American music writing from memoirs biographies and song compilations to blues novels magazine essays and academic studies The authors of these works are as diverse as the music itself women people of color queer writers self educated scholars poets musicians and elites discarding their social norms Whether analyzing books on Louis Armstrong the Beatles and Madonna the novels of Theodore Dreiser Gayl Jones and Jennifer Egan or varying takes on blackface minstrelsy Weisbard charts an alternative history of American music as told through its writing As Weisbard demonstrates the most enduring work pursues questions that linger across time period and genre cultural studies in the form of notes on the fly on sounds that never cease to change

meaning **Hole in Our Soul** Martha Bayles,1996-05-15 From Queen Latifa to Count Basie Madonna to Monk Hole in Our Soul The Loss of Beauty and Meaning in American Popular Music traces popular music back to its roots in jazz blues country and gospel through the rise in rock n roll and the emergence of heavy metal punk and rap Yet despite the vigor and balance of these musical origins Martha Bayles argues something has gone seriously wrong both with the sound of popular music and the sensibility it expresses Bayles defends the tough affirmative spirit of Afro American music against the strain of artistic modernism she calls perverse She describes how perverse modernism was grafted onto popular music in the late 1960s and argues that the result has been a cult of brutality and obscenity that is profoundly anti musical Unlike other recent critics of popular music Bayles does not blame the problem on commerce She argues that culture shapes the market and not the other way around Finding censorship of popular music both a practical and a constitutional impossibility Bayles insists that an informed shift in public tastes may be our only hope of reversing the current malignant mood *The Cambridge History of American Music* David Nicholls,1998-11-19 The Cambridge History of American Music first published in 1998 celebrates the richness of America s musical life It was the first study of music in the United States to be written by a team of scholars American music is an intricate tapestry of many cultures and the History reveals this wide array of influences from Native European African Asian and other sources The History begins with a survey of the music of Native Americans and then explores the social historical and cultural events of musical life in the period until 1900 Other contributors examine the growth and influence of popular musics including film and stage music jazz rock and immigrant folk and regional musics The volume also includes valuable chapters on twentieth century art music including the experimental serial and tonal traditions

Continuum *Encyclopedia of Popular Music of the World, Volume 1* John Shepherd,David Horn,Dave Laing,Paul Oliver,Peter Wicke,2003-03-06 The Bloomsbury Encyclopedia of Popular Music Volume 1 provides an overview of media industry and technology and its relationship to popular music In 500 entries by 130 contributors from around the world the volume explores the topic in two parts Part I Social and Cultural Dimensions covers the social phenomena of relevance to the practice of popular music and Part II The Industry covers all aspects of the popular music industry such as copyright instrumental manufacture management and marketing record corporations studios companies and labels Entries include bibliographies discographies and filmographies and an extensive index is provided This and all other volumes of the Encyclopedia are now available through an online version of the Encyclopedia https://www.bloomsburypopularmusic.com/encyclopedia/work/docid/BPM_reference_EPMOW A general search function for the whole Encyclopedia is also available on this site A subscription is required to access individual entries Please see <https://www.bloomsburypopularmusic.com> for librarians
