Sufizm Sufism:

Sufism Carl W. Ernst, 2017-04-04 The classic introduction to the philosophies practices and history of Sufism the mystical tradition of Islam The Sufis are as diverse as the countries in which they ve flourished from Morocco to India to China and as varied as their distinctive forms of art music poetry and dance They are said to represent the mystical heart of Islam yet the term Sufism is notoriously difficult to define as it means different things to different people both within and outside the tradition With that fact in mind Carl Ernst explores the broadest range of Sufi philosophies and practices to provide one of the most complete and comprehensive introductions to Sufism available in English He traces the history of the movement from the earliest days of Islam to the present day along the way examining its relationship to the larger world of Islam and its encounters with both fundamentalism and secularism in the modern world *Sufism* Nile Green, 2012-02-20 Since their beginnings in the ninth century the shrines brotherhoods and doctrines of the Sufis held vast influence in almost every corner of the Muslim world Offering the first truly global account of the history of Sufism this illuminating book traces the gradual spread and influence of Sufi Islam through the Middle East Asia Africa and ultimately into Europe and the United States An ideal introduction to Sufism requiring no background knowledge of Islamic history or thought Offers the first history of Sufism as a global phenomenon exploring its movement and adaptation from the Middle East through Asia and Africa to Europe and the United States of America Covers the entire historical period of Sufism from its ninth century origins to the end of the twentieth century Devotes equal coverage to the political cultural and social dimensions of Sufism as it does to its theology and ritual Dismantles the stereotypes of Sufis as otherworldly mystics by anchoring Sufi Muslims in the real lives of their communities Features the most up to date research on Sufism available *The Sufi Orders in Islam* John Spencer Trimingham, 1998 Sufism the name given to Islamic mysticism has been the subject of many studies but the orders through the organizational aspect of the Sufi spirit was expressed has been neglected This book one of the earliest modern examinations of the historical developments of Sufism offers a clear and detailed account of the Sufi schools and orders from the second century of Islam to modern times *Sufism, Mystics, and Saints in Modern Egypt* Valerie J. Hoffman, 2023-02-07 A fascinating insider s account of Sufi life in contemporary Egypt For centuries Sufism Islamic mysticism held a major place in Islamic spirituality intellectual life and popular religion While many scholars have commented on Sufism s decline few have delved deeply into present day Egyptian Sufism or considered it as a system in its own right Drawing on her detailed fieldwork and a variety of little known literary sources Valerie J Hoffman presents Sufism as it exists in Egypt today in the vivid experiences of its adherents With an array of conclusions that overturn widely held beliefs about modern Sufis Hoffman argues that the apparent assimilation of Egyptian Sufism masks a thriving movement hidden from the Western world From her experiences as a quasi disciple of a Sufi master she offers new insights into the movement s evolution the vital role of women in Sufism and Sufi perspectives on gender and sexuality *Sufi Thought and Action* Idries Shah, 2017-06-10 Sufi

Arthur F. Buehler,2016-08-31 Sufism is all too often associated just with mysticism in the West The author of this new textbook a former pupil of Annemarie Schimmel suggests that conflating Sufism and mysticism is only partially valid He shows that the vast majority of Sufi practice both historically and in the contemporary world has little or nothing to do with a esoteric transcendence but is rather focused on contemplative activity Such practice might involve art music devotional shrine visitation even politics and psychology Placing Sufism in a wider Islamic contemplative context enables Arthur F Buehler to examine Sufi history as well as current application against a backdrop that is richer and more inclusive than that portrayed in many competing introductory surveys Discussing the origins of Sufism the development of Sufi lineages via three founder figures Sufi lodges and the role of Sufism in colonial resistance Sufi poetry Sufi shrines and Sufism in the West the author rescues his topic from the idea that it means only union with the divine In this original new treatment Sufism emerges as complex and multi layered *Sufism and Early Islamic Piety* Arin Shawkat Salamah-Qudsi,2018-11-08 Sufism and Early Islamic Piety Personal and Communal Dynamics offers a new story about the formative period of Sufism Through a fresh reading of diverse Sufi and non Sufi sources Arin Shawkat Salamah Qudsi reveals the complexity of personal and communal aspects of Sufi piety in the period between the ninth and thirteenth centuries Her study also sheds light on the interrelationships and conflicts of early Sufis through emphasising that early Sufism was neither a quietist or a completely individual mode of piety Salamah Qudsi reveals how the early Sufis commitment to the Islamic ideal of family life lead to different creative arrangements among them in order to avoid contradictions with this ideal and the mystical ideal of solitary life Her book enables a deeper understanding of the development of Sufism in light of the human concerns and motivations of its founders
