Christ Jack Miles, 2011-04-27 With the same passionate scholarship and analytical audacity he brought to the character of God Jack Miles now approaches the literary and theological enigma of Jesus In so doing he tells the story of a broken promise God's ancient covenant with Israel and of its strange unlooked for fulfillment For having abandoned his chosen people to an impending holocaust at the hands of their Roman conquerors God in the person of Jesus chooses to die with them in what is effectively an act of divine suicide On the basis of this shocking argument Miles compels us to reassess Christ's entire life and teaching His proclivity for the powerless and disgraced His refusal to discriminate between friends and enemies His transformation of defeat into a victory that redeems not just Israel but the entire world Combining a close reading of the Gospels with a range of reference that includes Donne Nietzsche and Elie Wiesel Christ A Crisis in the Life of God is a work of magnificent eloquence and imagination

Maurice Blanchot and the Literature of Transgression John Gregg, 1994-03-21 In this book the first in English devoted exclusively to Maurice Blanchot John Gregg examines the problematic interaction between the two forms of discourse critical and fictional that comprise this writer's hybrid oeuvre The result is a lucid introduction to the thought of one of the most important figures on the French intellectual scene of the past half century Gregg organizes his discussion around the notion of transgression which Blanchot himself took over from Georges Bataille most palpably in his interpretation of the myth of Orpheus as a paradigm capable of accounting for the relationships that exist in the textual economies formed by author work and reader Chapters on the critical work address such issues as Blanchot's ambivalent attitude toward the speculative dialectic of Hegelianism his thematization of literature's involvement with death and the mythical and Biblical figures he uses to portray the acts of reading and writing Gregg also performs extended close readings of two representative works of fiction *Le Tr s Haut* and *L Attente l oubli* in an effort to trace Blanchot's evolution as a creator of narratives and to ascertain how his fiction can be seen as constituting a *mise en oeuvre* of the concerns he treats in his criticism The book concludes with an assessment of Blanchot's place in the recent history of French critical theory

La pathologie du pouvoir: vices, crimes et délits des gouvernants Patrick Gilli, 2016-02-02 La singularité de la criminalité des gouvernants ou de leurs actes peccamineux réside dans la rareté des condamnations qu'ils ont subies En examinant sur la longue durée les formes de dénonciation de ces délits des hommes de pouvoir le livre essaie de comprendre les raisons qui aboutissent à la rupture du consensus et la remise en cause de l'acceptation sociale des traditions jusqu'alors tolérées corruption extorsion abus en tout genre Les différentes contributions examinent les conditions de ces condamnations morales et politiques et dessinent un tableau nuancé de ces pathologies du pouvoir qui loin d'être invariables dans le temps sont articulées aux paradigmes moraux de chaque société historique Les contributeurs sont Nathalie Barrandon Anne Catherine Baudoin

The Sign of the Cross Daniel Rancour-Laferriere,2017-09-08 This book presents a unique effort to create a new understanding of the Christian sign of the cross At its core it traces the conscious and unconscious influence of this visual symbol through time What began as the crucifixion of a Jewish troublemaker in Roman occupied Judea in the first century eventually gave rise to a broad spectrum of readings of the instrument used to accomplish such a punishment a cross The author argues that Jesus was a provocative grandiose masochist whose suffering and death initially signified redemption for believers This idea gradually morphed into a Christian sense of freedom to persecute and wage war against non believers however as can be seen in the Crusades wars of the cross Many believers even construed the murder of their savior as a crime perpetrated by the Jews and this paranoid notion culminated in the mass murder of European Jews under the sign of the Nazi hooked cross Hakenkreuz Rancour Laferriere s book is expertly written and argued it will be readable to a large audience because it touches on many areas of controversy interest and scholarship The work is critical but not unfair it employs psychoanalysis art history the study of the symbol of the cross in works of art religion and religious texts and world history generally The interweaving of these various themes is what gives this work its ability to draw in readers and will ultimately be what keeps the reader interested through the conclusion
