Suicide As A Cultural Institution In Dostoevskys Russia:

Suicide as a Cultural Institution in Dostoevsky's Russia Irina Paperno, 2018-09-05 In the popular and scientific imagination suicide has always been an enigmatic act that defies and yet demands explanation Throughout the centuries philosophers and writers journalists and scientists have attempted to endow this act with meaning In the nineteenth century and especially in Russia suicide became the focus for discussion of such issues as the immortality of the soul free will and determinism the physical and the spiritual the individual and the social Analyzing a variety of sources medical reports social treatises legal codes newspaper articles fiction private documents left by suicides Irina Paperno describes the search for the meaning of suicide Paperno focuses on Russia of the 1860s 1880s when suicide was at the center of public attention

Dostoevsky the Thinker James Patrick Scanlan, 2002 For all his distance from philosophy Dostoevsky was one of the most philosophical of writers Drawing on his novels essays letters and notebooks this volume examines Dostoevsky's philosophical thought

Suicide and the Body Politic in Imperial Russia Susan K. Morrissey, 2007-01-04 In early twentieth century Russia suicide became a public act and a social phenomenon of exceptional scale a disquieting emblem of Russia's encounter with modernity This book draws on an extensive range of sources from judicial records to the popular press to examine the forms meanings and regulation of suicide from the seventeenth century to 1914 placing developments into a pan European context It argues against narratives of secularization that read the history of suicide as a trajectory from sin to insanity crime to social problem and instead focuses upon the cultural politics of self destruction Suicide the act the body the socio medical problem became the site on which diverse authorities were established and contested not just the priest or the doctor but also the sovereign the public and the individual This panoramic history of modern Russia told through the prism of suicide rethinks the interaction between cultural forms individual agency and systems of governance

Dostoevsky as Suicidologist Amy D. Ronner, 2021-01-12 In *Dostoevsky as Suicidologist* Amy D Ronner illustrates how self homicide in Fyodor Dostoevsky's fiction prefigures Emile Durkheim's etiology in *Suicide* as well as theories of other prominent suicidologists This book not only fills a lacuna in Dostoevsky scholarship but provides fresh readings of Dostoevsky's major works including *Notes from The House of the Dead* *Crime and Punishment* *The Idiot* *Demons* and *The Brothers Karamazov* Ronner provides an exegesis of how Dostoevsky's implicit awareness of fatalistic altruistic egoistic and anomic modes of self destruction helped shape not only his philosophy but also his craft as a writer In this study Ronner contributes to the field of suicidology by anatomizing both self destructive behavior and suicidal ideation while offering ways to think about prevention But most expansively Ronner tackles the formidable task of forging a ligature between artistic creation and the pluripresent social fact of self annihilation

Dostoevsky's Religion Steven Cassedy, 2005-05-02 Any reader of Dostoevsky is immediately struck by the importance of religion within the world of his fiction That said it is very difficult to locate a coherent set of religious beliefs within Dostoevsky's works and to argue that the writer embraced these beliefs This

book provides a trenchant reassessment of his religion by showing how Dostoevsky used his writings as the vehicle for an intense probing of the nature of Christianity of the individual meaning of belief and doubt and of the problems of ethical behavior that arise from these questions The author argues that religion represented for Dostoevsky a welter of conflicting views and stances from philosophical idealism to nationalist messianism The strength of this study lies in its recognition of the absence of a single religious prescription in Dostoevsky s works as well as in its success in tracing the background of the ideas animating Dostoevsky s religious probing

Transcendent Love Leonard G. Friesen, 2023-03-08 In *Transcendent Love* Dostoevsky and the Search for a Global Ethic Leonard G Friesen ranges widely across Dostoevsky s stories novels journalism notebooks and correspondence to demonstrate how Dostoevsky engaged with ethical issues in his times and how those same issues continue to be relevant to today s ethical debates Friesen contends that the Russian ethical voice in particular Dostoevsky s voice deserves careful consideration in an increasingly global discussion of moral philosophy and the ethical life Friesen challenges the view that contemporary liberalism provides a religiously neutral foundation for a global ethic He argues instead that Dostoevsky has much to offer when it comes to the search for a global ethic an ethic that for Dostoevsky was necessarily grounded in a Christian concept of an active extravagant and transcendent love Friesen also investigates Dostoevsky s response to those who claimed that contemporary European trends most evident in the rising secularization of nineteenth century society provided a more viable foundation for a global ethic than one grounded in the One whom Dostoevsky called simply the Russian Christ Throughout Friesen captures a sense of the depth and sheer loveliness of Dostoevsky s canon

Dostoevsky Joseph Frank, 2020-03-31 This fifth and final volume of Joseph Frank s justly celebrated literary and cultural biography of Dostoevsky renders with a rare intelligence and grace the last decade of the writer s life the years in which he wrote *A Raw Youth* *Diary of a Writer* and his crowning triumph *The Brothers Karamazov* Dostoevsky s final years at last won him the universal approval toward which he had always aspired While describing his idiosyncratic relationship to the Russian state Frank also details Dostoevsky s continuing rivalries with Turgenev and Tolstoy Dostoevsky s appearance at the Pushkin Festival in June 1880 which preceded his death by one year marked the apotheosis of his career and of his life as a spokesman for the Russian spirit There he delivered his famous speech on Pushkin before an audience stirred to a feverish emotional pitch Ours is universality attained not by the sword but by the force of brotherhood and of our brotherly striving toward the reunification of mankind This is the Dostoevsky who has entered the patrimony of world literature though he was not always capable of living up to such exalted ideals The writer s death in St Petersburg in January of 1881 concludes this unparalleled literary biography one truly worthy of Dostoevsky s genius and of the remarkable time and place in which he lived

The Idea of Suicide Michael J. Kral, 2019-05-21 This book is about a new theory of suicide as cultural mimesis or as an idea that is internalized from culture Written as part of a new critical focus in suicidology this volume moves away from the dominant strictly scientific understanding of suicide as the result of a mental

disorder and towards positioning suicide as an anthropologically salient community driven phenomenon Written by a leading researcher in the field this volume presents a conception of suicide as culturally scripted and it demonstrates how suicide becomes a cultural idiom of distress that for some can become a normative option *Dostoevsky's The Idiot and the Ethical Foundations of Narrative* Sarah J. Young, 2004 Provides an innovative theoretical framework for an analysis that integrates structural and narratological considerations with thematic religious and ethical aspects by focusing on the characters interactivity as the most fundamental level on which the ethical systems of the novel are enacted Examines the questions of what ethical bases are put forward by the novel what faith issues and philosophical world views they derive from and how in terms of structuring and narration rather than simply thematically they are presented in the novel Through the concept of scripting the author shows how the ethical becomes the foundation for the narratological in *The Idiot* Back cover

Renovating Russia Daniel Beer, 2018-07-05 *Renovating Russia* is a richly comparative investigation of late Imperial and early Soviet medico scientific theories of moral and social disorder Daniel Beer argues that in the late Imperial years liberal psychiatrists psychologists and criminologists grappled with an intractable dilemma They sought to renovate Russia to forge a modern enlightened society governed by the rule of law but they feared the backwardness irrationality and violent potential of the Russian masses Situating their studies of degeneration crime mental illness and crowd psychology in a pan European context Beer shows how liberals fears of societal catastrophe were only heightened by the effects of industrial modernization and the rise of mass politics In the wake of the orgy of violence that swept the Empire in the 1905 Revolution these intellectual elites increasingly put their faith in coercive programs of scientific social engineering Their theories survived liberalism s political defeat in 1917 and meshed with the Bolsheviks radical project for social transformation They came to sanction the application of violent transformative measures against entire classes culminating in the waves of state repression that accompanied forced industrialization and collectivization *Renovating Russia* thus offers a powerful revisionist challenge to established views of the fate of liberalism in the Russian Revolution
