Sullivans City:

Sullivans City Zanten David Van,2000-07-04 Finally the brilliant pencil execution of ornament in his old age became a surrogate for the great architectural projects realized earlier David Van Zanten s essay on how Sullivan s ornament shaped the city is illuminated by archival views and new color photographs by architectural photographer Cervin Robinson BOOK JACKET *The Fighting Sullivans* Bruce Kuklick,2016-11-07 In November of 1942 the five Sullivan brothers from Waterloo Iowa were killed when a Japanese torpedo sank their ship during the most ferocious naval engagement fought in the South Pacific The family s loss the most extraordinary for the United States in its military history was immortalized and valorized in the 1944 film *The Fighting Sullivans* This book tells the story of how calamity with the help of Hollywood and the wartime publicity machine transformed a family of marginal and disreputable young men intensely disliked in their hometown into heroes The Sullivan boys joined the armed forces after Pearl Harbor and the US Navy accepted that they would all serve on one ship the light cruiser USS Juneau The five brothers gave the navy great publicity but when the ship went down and survivors were not rescued the service faced a serious problem *The Fighting Sullivans* examines the campaign that followed as the navy and its partners in Hollywood turned a tragedy of errors into a public relations victory Bruce Kuklick shows how the myth of the Sullivan family was created using bits and pieces of real events but with twists that turned the boys into superhumans and their beleaguered parents into self sacrificing patriots He explores the close relationship between Hollywood studios and the military which aimed to boost morale and support for the war A study in mythmaking *The Fighting Sullivans* offers a behind the scenes look at the manufacture of heroes in twentieth century wartime America **Sullivans' School Series** Sullivan, Brothers,1905 **Sullivan County** Joe Tennis,2008 Sullivan County sits at the center of the Tri Cities region of northeast Tennessee with a scenic skyline miles of mountains in the Cherokee National Forest and three large lakes built by the Tennessee Valley Authority Well known county crossroads include Colonial Heights and Bloomingdale while famous local landmarks include Warriors Path State Park the stalagmites of the Appalachian Caverns and Bristol Caverns the World s Fastest Half Mile Track at Bristol Motor Speedway the Birthplace of Country Music at Bristol and the Grand Guitar the world s only guitar shaped museum Piney Flats is the home of Rocky Mount once the capitol building of the Territory of the United States South of the River Ohio Bluff City boasts railroad history and Civil War stories along the South Fork of the Holston River Kingsport lays claim to Netherland Inn Bays Mountain Park and the Long Island of the Holston a sacred place for the Cherokees The courthouse town of Blountville holds the distinction of being the only county seat in Tennessee that is not incorporated *Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1986* ,1988 **Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954** United States. Weingarden,2017-07-05 For most of the twentieth century modernist viewers dismissed the architectural ornament of Louis H Sullivan 1856 1924 and the majority of his theoretical writings as emotional outbursts of an outmoded romanticism In this study Lauren Weingarden reveals Sullivan s eloquent articulation of nineteenth century romantic practices literary linguistic aesthetic spiritual and nationalistic and thus rescues Sullivan and his legacy from the narrow role imposed on him as a pioneer of twentieth century modernism Using three interpretive models discourse theory poststructural semiotic analysis and a pragmatic concept of sign functions she restores the integrity of Sullivan s artistic choices and his historical position as a culminating figure within nineteenth century romanticism By giving equal weight to Louis Sullivan s writings and designs Weingarden shows how he translated both Ruskin s tenets of Gothic naturalism and Whitman s poetry of the American landscape into elemental structural forms and organic ornamentation Viewed as a site where various romantic discourses converged Sullivan s oeuvre demands a cross disciplinary exploration of each discursive practice and its rules of accumulation exclusion reactivation The overarching theme of this study is the interrogation and restitution of those Foucauldian rules that enabled Sullivan to articulate architecture as a pictorial mode of landscape art which he considered co equal with the spiritual and didactic functions of landscape poetry
