Summer A Collection Of Poems Songs And Stories For Young Children:

Summer Jennifer Aulie, Margret Meyerkort, 1999 Spring Summer Autumn and Winter contain a wide variety of poems songs and stories of the seasons and many contributions for festivals The volume titled Spindrift contains material for use throughout the year including more than forty stories many different cultures around the world Gateways contains sections on morning evening birthdays and fairy tales Based on work in Waldorf kindergartens these six books provide invaluable material for working with young children and will be useful for Waldorf teachers home schoolers and parents alike First published more than twenty years ago these books are in their third edition now reedited and with much new material added In addition the music has been comprehensively edited with most songs now in the scale of D pentatonic which is particularly suited to pentatonic lyres and may be played on any traditional seven note or twelve note instrument Each volume includes an enlightening introduction by Jennifer Aulie on music in the mood of the fifth The covers are all illustrated in watercolors by David Newbatt with the four seasonal titles each depicting a different worker

What Is this Childhood? Carol Toole, 2023-10-24 This book succinctly explores the consciousness of the young child through a weaving of journal entries made as a teacher a young mother and later a grandmother observations and musings as well as practical activities from my parenting workshops It is a journey through the child's world trails marked by their own words Their speech as it naturally unfolds leads the child to self consciousness and critical thinking But not too fast Stay to savor soft grass brushing bare feet the skid of sneakers on hot sidewalks even the gentleness of a mosquito as she bites Find a partner to try out the practices and a quiet moment to journal I hope this book will serve as invitation to look through a child's eyes and to hear with heart it is no mistake that the word heart has ear inside introduction What Is This Childhood explores the consciousness of the young child through language development often in their own words The child's early utterances reveal a unity of word and experience and of experience and meaning Children live more fully in perception than conception Yet speech as it unfolds eventually leads the child to abstraction self consciousness and critical thinking This journey into childhood will deepen the quality of our attention and presence in each moment enlivening our speech and interactions and thereby preserving our children's sense of wonder and spiritual connection
