From these tiny beginnings Leif GW Persson slowly begins to unravel a puzzle that gets larger and larger as it becomes more and more complex until it sweeps us into a web of international espionage backroom politics greed sheer incompetence and the shoddy work of Sweden's intelligence force that leads to the murder of the prime minister. The first novel in a dark and dazzling trilogy that has become the defining fictional account of the unsolved 1986 assassination of Swedish Prime Minister Olof Palme an event that triggered the biggest criminal investigation in recorded history.
