**Red Man's America** Ruth Murray Underhill, 2018-12-14 Red Man's America meets the great need for a comprehensive study of Indian societies from the first Stone Age hunters to the American citizens of today Beginning with the first migrations of primitive man from Siberia in the Old World to Alaska in the New probably during the latter part of the Pleistocene glaciations and his subsequent migration southward and eastward the author takes up in turn the tribes and cultures of the various regions of North America The material Professor Underhill has gathered from the fields of archaeology ethnology and history together with that drawn from her own experience in the United States Indian Service produces a fascinating narrative Red Man's America is an important contribution to our heritage of Indian life and lore A work for which both sociologist and historian will be forever grateful The author has combined a long period of study with actual field work in the service of the Indian to produce a work that gives a brief but well written and accurate sketch of the origins backgrounds and customs of the various North American tribes There is no other modern single volume that contains as much information on the subject E R Vollmar The Historical Bulletin Liveliness in style and illustration together with perspicacity in content makes this book a useful introduction to the civilization of the original inhabitants of the land Pacific Historical Review

The Most Dangerous Man in America John K. Wilson, 2025-10-16 John K Wilson the author of President Trump Unveiled tackles the ideologies of America's most notorious conservative radio talk show icon in The Most Dangerous Man in America Rush Limbaugh's Assault on Reason Rush Limbaugh is the most prominent figure in the conservative movement with millions of listeners every week on more than six hundred stations a larger media platform than almost any other individual in the nation And this is why he is so dangerous Despite refusing to uphold even the most basic standards of journalism Rush has been given an extensive wide reaching platform with which to spew his venom And

spew it he does In this book author John K Wilson uses the most damning evidence of all Rush s own words to deliver the ultimate indictment of Limbaugh s bankrupt ideology and how it embodies the decline of the conservative movement Wilson catalogs the world according to Rush from the political conspiracies to his disdain for scientific evidence and apparent love of racist sexist and homophobic stereotypes and shows how the radio personality poisons any rational political rhetoric with an endless stream of slurs lies and intimidation Most revealingly the author demonstrates how Limbaugh s blustering baseless proclamations and love for savage personal attacks have had a chilling effect on both parties as he viciously targets not only liberals but also any Republican who dares question one of his conclusions Meanwhile Rush s viselike grip on the political arena has created a media monster so powerful that even liberal commentators are forced to engage with him and his polarizing discourse The Most Dangerous Man in America reveals Rush Limbaugh to be just that No matter what you thought about the man before you will never feel the same way about him again
