The Lost Book of Sun Yatsen and Edwin Collins Patrick Anderson,2016-11-25 Sun Yatsen 1866 1925 occupies a unique position in modern Chinese history he is equally venerated as the founding father of the nation by both the mainland Communist government and its Nationalist rival in Taiwan The first president of the Republic of China in 1911 12 the peasant born yet Western trained Dr Sun was also a dedicated political theorist constantly in search of the ideal political and constitutional blueprint to underpin his incomplete revolution A decade before the public emergence in Japan of his Three Principles of the People and weeks before even his first slim publication in 1897 Kidnapped in London Sun was already hard at work in the Reading Room of the British Museum planning his most ambitious book yet a comprehensive political treatise in English on the tyrannical misgovernment of the Chinese nation by the Manchus of the Qing Dynasty Started then abandoned twice over destined never to be completed let alone published we can only conjecture what title this revolutionary book might have had The Lost Book of Sun Yatsen and Edwin Collins is the first study of this lost work in all scholarship Western or Chinese It draws its originality and its themes from three primary sources all presented here for the first time The first is a series of interconnected lost writings co authored by Sun Yatsen between 1896 and 1898 The second is the mass of lost political interviews with and articles dedicated to Sun Yatsen and his politics first published in the British

press in the aftermath the dramatic world famous rescue of Sun from inside the Chinese Legation in London in 1896 The third source is the Apostle of the Simple Life for Children the Anglo Jewish Rabbi Edwin Collins 1858 1936 a devotee and practitioner of Jean Jacques Rousseau s mile and the New Education movement it inspired who became Sun s writing collaborator of choice during his years of political exile from China Drawing on this wealth of neglected material Patrick Anderson s book offers a genuinely fresh perspective on Sun Yatsen and his political motivations and beliefs SUN YAT-SEN, HIS LIFE AND ITS MEANING A. SHARMAN,1968 **Sun Yatsen, Robert Wilcox and Their Failed**

Revolutions, Honolulu and Canton 1895 Patrick Anderson,2021-06-27 Dynamite on the Tropic of Cancer is the radical explosive retelling of the first decade of the Father of Modern China Dr Sun Yatsen s globally shaped formation as a professional revolutionist and of the impact of the adult Sun s revolutionary relationship with Hawai i and with his varied communities of supporters there during its own most turbulent political decade the 1890s years in which this remote island nation transformed from native monarchy via sovereign independent republic to become the USA s first overseas territory Drawn from neglected primary sources Dynamite reveals the hitherto untold story of the secret revolutionary alliance forged in Honolulu s backstreets between Sun s Xingzhonghui and the idiosyncratic italophile soldier Robert Wilcox Hawai i s Garibaldi and leader of the Kanaka Native Hawaiian counterrevolution of January 1895 This failed uprising to restore Hawai i s tragic last Queen witnessed firsthand by Sun Yatsen became the archetype upon which ten months later Sun would base his own first attempt at armed insurrection in China the Canton uprising of 26 October 1895 With an epic sweep across the Pacific s Tropic of Cancer Dynamite is the most important study yet written on the origins of Sun Yatsen s Chinese Revolution and its dynamic interface with Hawaiian history *The Chinese in Southeast Asia and Beyond* Ching-Hwang Yen,2008 The Chinese in Southeast Asia with their growing economic clout have been attracting attention from politicians scholars and observers in recent decades The rise of China as a global economic power and its profound influence over Southeast Asia has cast a spotlight on the role of Southeast Asian Chinese in the region s economic relations with China The Southeast Asian Chinese as an economic force and their growing importance with China are to a certain extent determined by the nature and development of their communities This book uses a multifaceted approach to unravel the forces that helped to transform the communities in the past Containing 17 papers written within a span of six and a half years from 2000 to 2006 the book focuses on the social economic and political aspects of these communities with special emphasis on the Chinese in Malaysia and Singapore **International Rivalry and Secret Diplomacy in East Asia, 1896-1950** Bruce Elleman,2019-08-30 East Asia was a major focus of struggle between the United States and the Soviet Union during the Cold War of 1945 to 1991 with multiple hot and cold conflicts in China Korea and Vietnam The struggle for predominance in East Asia however largely predated the Cold War as this book shows with many examples of the United States and Russia the Soviet Union working to exercise and increase control in the region The book focuses on secret treaties 26 of them signed from the mid 1890s

through 1950 when secret agreements between China and the USSR including several concerning the Chinese Eastern Railway gave Russia greater control over Manchuria and Outer Mongolia One of the most important was negotiated in 1945 when Stalin signed the Sino Soviet Friendship Treaty with Chiang Kai shek and the Chinese Nationalists that included a secret protocol granting the Soviet Navy sea control over the Manchurian littorals This secret protocol excluded the US Navy from landing Nationalist troops at the major Manchurian ports thereby guaranteeing the Chinese Communist victory in Northeast China from Manchuria the Chinese Communists quickly spread south to take all of Mainland China To a large degree therefore this formerly undiscussed secret diplomacy set the underlying conditions for the Cold War in East Asia

The Scripting of A National History Lysa Hong, Jianli Huang, 2008-04-01 Rather than presenting another narrative of Singapore history *The Scripting of a National History Singapore and Its Pasts* studies the constructed nature of the history endorsed by the state which blurs the distinction between what happened in the past and how the state intends that past to be understood The People s Action Party PAP government s unbroken mandate to rule has come in no small part from the way it explains its lineage and record to Singaporeans The power vested in various aspects of Singapore s history is thus examined through a consideration of past and present politics The authors trace state discourses on Singapore history from the decision immediately after independence to recognize the nineteenth century British acquisition of the island as its founding moment to the 1980s and 1990s when an essentially Confucian heritage was recognized under the rubric of Asian values and finally to an emphasis on the history of racial fragility and harmony in response to the threat of terrorism in the twenty first century Embedded within these discourses is the story of the PAP as the heir of the economic dynamics of the pax Britannica as an exponent of the morality and righteousness of the Chinese scholar gentleman and as the firm hand that balances the interests of the majority Chinese against those of the minority populations particularly the Malays The authors examine the underlying template of Singapore history the negotiation with its immigrant past and the popularization of history through conscription of national heroes The chapters range from considering how political leaders claim to be historians by virtue of being the makers of history to the vicissitudes undergone by two originally private homes turned into symbols of Singapore s Chinese modernity *The Scripting of a National History Singapore and Its Pasts* is highly relevant not only to academics but also for the Singapore general reader interested to see what are meant to be received wisdoms for the citizenry interrogated in a well reasoned and engaging exercise as well as for an international readership to whom Singapore has become a fascinating enigma They may well be intrigued by the anxieties of being Singaporean
