Sunday Morning Fun:

Remedied Amanda Williams, 2020-08-20 This debut coming of age novel follows the story of a gay teenager in Nevada curious to a fault and coming to terms with the way mental illness affects his life Oliver Quinn doesn't want a tutor after having grown up scared of everything along with all the bullying at school he doesn't want to deal with yet another person being handed a reason to judge him But his tutor turns out to be Alexander Rayes a boy he's had a crush on since his freshman year So he figures that it can't be all that bad and that maybe it's actually a virtue Throughout the course of his junior year Oliver experiences a lot of firsts More specifically he experiences falling in love with someone who might be a little more complicated than he'd initially thought And with the responsibility of falling in love comes the responsibility of growing up something Oliver isn't quite sure he's ready for As Alex grieves the loss of his father and Oliver tries to understand what he doesn't know in such a way that makes it almost detrimental to his health the two find comfort and understanding in each other With the hope of helping his boyfriend with something he doesn't want to admit to Alex slowly reveals his past though barely sating Oliver's need to know everything out of his fear of the unknown Through these revelations Oliver learns that you can't save somebody you can only love them but nevertheless he tries Realistic and relatable **Remedied** is based on the struggle of being a mentally ill gay teenager in high school Similar to other LGBTQ novels such as *Simon vs The Homo Sapiens Agenda* by Becky Albertalli and *History Is All You Left Me* by Adam Silvera **Remedied** highlights the hardships of growing up changing and coming to terms with who you are

More Bf 109 Aces of the Russian Front John Weal, 2012-10-20 This book details the pilots who were credited with scores of between 50 and 100 and includes detail of the harrowing conditions and thrilling aerial battles that the Luftwaffe pilots endured The four year long Eastern Front campaign fought between Germany and the Soviet Union produced not only the greatest number of aces but also the highest individual and unit scores ever recorded in the history of aerial warfare An ideal complement to its bestselling predecessor this fully illustrated volume covers the Luftwaffe fighter pilots credited with scores of between 50 and 100 every single one of them amassing a greater number of victories than the highest and most celebrated of any British or American World War II ace Despite these huge personal totals the names of these pilots who fought against the Red Air Force remain almost unknown to many English speaking readers More **Bf 109 Aces of the Russian Front** rectifies that omission providing first hand accounts from the combat veterans themselves as well as never before published photographs vividly conveying the terrible experiences of the protagonists in this difficult theatre of war

Dartmouth College Scott Glabe, 2005 Provides a look at Dartmouth College from the students viewpoint

Civil Society in Southeast Asia Lee Hock Guan, 2004 What is the relevance of civil society to people empowerment effective governance and deepening democracy This book addresses this question by examining the activities and public participation of non governmental organizations NGOs in the areas of religion ethnicity gender and the environment Examples are taken from Indonesia Malaysia the Philippines

Singapore Thailand and Vietnam State regimes attempts to co opt the concept or reject it as alien to Asian values have apparently not turned out as expected This is evident from the fact that many Southeast Asian citizens are inspired by the civil society concept and now engage in public discourse and participation The experience of civil society in Southeast Asia shows that its impact or lack of impact on democratization and democracy depends on a variety of factors not only within civil society itself but also within the state

A Walk by the Sea John Brant Chatterton,2016-09-19 The British coast is where journeys begin and where journeys end where sun rises and where sun sets In John Chatterton s A Walk by the Sea John tells the story of his journey from Land s End to circumnavigate an island with a longer coastline than France or India with an infinite variety of landscapes seascapes and cultures After having always wanted to walk the coastline of Great Britain and returning to normality after the foot and mouth epidemic was declared over in 2001 John started his epic journey around Great Britain He quickly realised that this was not just a walk and this book is certainly not a walker s handy guidebook to the periphery of Blake s green and pleasant land but something much deeper and meaningful For John walking gets the most out of travel but this was a journey not a walk The journey is a reflection of Britain in the first millennium of the 21st century its events its places and its people Walking unlike other forms of travel allows time for expansion of thoughts and ideas and reflections on life and times This journey uses Britain as a backdrop to explore philosophical social political geographical and cultural issues that spring to mind on the way Although these thoughts and ideas are physically separate from the journey John explains how they are also a deeply intrinsic part of it too A Walk by the Sea is much more than a usual guidebook but instead is a psycho geographical journey around the Great British coastline in the first decade of the new millennium comments John
