Rohr, 2012-09-06 Masterly account of long and colorful history of sundials with practical instructions for building your own Formulae rare dials mottoes and much more 104 figures 51 plates *History of Astronomy* John Lankford, 1997 First Published in 1997 Routledge is an imprint of Taylor Francis an informa company *Time and the Shape of History* P. J. Corfield, 2007-01-01 In this lively comedy of love and money in sixteenth century Venice Bassanio wants to impress the wealthy heiress Portia but lacks the necessary funds He turns to his merchant friend Antonio who is forced to borrow from Shylock a Jewish moneylender When Antonio s business falters repayment becomes impossible and by the terms of the loan agreement Shylock is able to demand a pound of Antonio s flesh Portia cleverly intervenes and all ends well except of course for Shylock **Time for Science Education** Michael Matthews, 2012-12-06 The book s argument depends as do most proposals in education upon certain positions in the philosophy of education I believe that education should be primarily concerned with developing understanding with initiation into worthwhile traditions of intellectual achievement and with developing capacities for clear analytic and critical thought These have been the long accepted goals of liberal education In a liberal education students should come to know and appreciate a variety of disciplines know them at an appropriate depth see the interconnectedness of the disciplines or the modes of thought and finally have some critical disposition toward what is being learned to be genuinely open minded about intellectual things These liberal goals are contrasted with goals such as professional training job preparation promotion of self esteem social engineering entertainment or countless other putative purposes of schooling that are enunciated by politicians administrators and educators The book s argument might be consistent with other views of education especially ones about the training of specialists sometimes called a professional view of education but the argument fits best with a liberal view of education The liberal hope has always been that if education is done well then other personal and social goods will follow The development of informed critical and moral capacities is the cornerstone for personal and social achievements **The New Posidippus** Kathryn Gutzwiller, 2005-09-22 The Milan Papyrus P Mil Volg VIII 309 containing a collection of epigrams apparently all by Posidippus of Pella provides one of the most exciting new additions to the corpus of Greek literature in decades It not only contains over 100 previously unknown epigrams by one of the most prominent poets of the third century BC but as an artefact it constitutes our earliest example of a Greek poetry book In addition to a poetic translation of the entire corpus of Posidippus poetry this volume contains essays about Posidippus by experts in the fields of papyrology Hellenistic and Augustan literature Ptolemaic history and Graeco

Roman visual culture *Manipulating the Sun* ,2023-12-18 This volume puts two biblical miracles the Sun reversing its course in II Kings 20 8 11 Isaiah 38 8 Horologium Ahaz and the Sun standing still in Joshua 10 12 in the early modern period centre stage We pay special attention to the development of related imagery their role as anti Copernican arguments in text and image their reception their treatment in the mathematical sciences and their various cultural layers with a focus on the history of art and the history of science in the sixteenth and seventeenth centuries The material discussed spreads from rather prosaic mathematical reflections to highly appealing visual representations of the two miracles *Education, the Anthropocene, and Deleuze/Guattari* David R. Cole,2021-10-11 Human civilisation stands at an unimaginable precipice The human past leading up to today has seen society develop under the conditions of the Holocene since 10000 BC However we are now in the Anthropocene what Deleuze Guattari term as the future rupturing the present This book analyses the Anthropocene given four dimensions tool enhancement carbon trail the phallocene and atomic time A mode of education and social change lies parallel to this mapping that tackles degrowth changing consciousness a Green Utopia and building a critical immanent model to realign current practices in the light of globalisation This is the first book to put the philosophy of Deleuze Guattari to work for the future and our collective existence as a differentiated educational practice in the Anthropocene
