Jonathan Colman,2018-07-30 This book is based mainly on government sources namely material from the White House State Department Foreign Office FO Foreign and Commonwealth Office FCO Prime Minister's Office PREM and Cabinet CAB Private papers consulted include those of Harold Wilson Foreign Secretary George Brown and Undersecretary of State George Ball The book explores a period of the Wilson Johnson relationship It considers the seven weeks from Wilson's election until he went to see Lyndon B Johnson on 7 9 December a formative period in which Britain cultivated American financial support and which saw pre summit diplomacy over the NATO Multilateral Force MLF The book covers the summit in detail examining the diplomatic exchanges over the Vietnam War the British commitment East of Suez and the MLF as well as the interplay of personality between Wilson and Johnson By exploring the relationship of the two

leaders in the years 1964-1968 it seeks to examine their respective attitudes to the Anglo American relationship The book then assesses the significance of an alleged Anglo American strategic economic deal Wilson's Commonwealth Peace Mission to Vietnam and another Wilson visit to Washington It also considers why the personal relationship between Johnson and Wilson suffered such strain when the Labour government dissociated the UK from the latest American measures in Vietnam Next the book addresses the period from August 1966-September 1967 during which Wilson launched an intense but abortive effort to initiate peace negotiations over Vietnam and London announced plans to withdraw from military bases East of Suez An electronic edition of this book is freely available under a Creative Commons CC BY NC ND licence **Hidden Lives**

Rachelle L. Goldstein, Hidden Child Foundation/ADL, 2025-11-04 One and a half million Jewish children were murdered in the Holocaust The Nazis goal to eradicate the entire Jewish population in Europe included children from infants to teenagers who were targeted as part of the coordinated genocide that led to the murder of six million Jews Those children who survived were often hidden in convents orphanages haylofts forests even sewers Hidden Lives is a collection of true stories written by the youngest survivors of the Holocaust Desperation compelled parents to make the agonizing decision to leave their children with strangers or to let them fend on their own Many were too young to understand why they were being left behind often under assumed identities While the vast majority of these children were orphaned by the end of the war some were reunited with family who in many cases now seemed like strangers Their accounts are marked with fear confusion and abandonment as well as a loss of their Jewish identity These true stories are profiles of bravery of the children who survived in often terrible circumstances of the parents and families who were forced to leave them behind and of the many people including Christian families many times complete strangers who risked their lives to save them Prairie Flower Barbara
