## **The Gun:**

The Gun Debate Philip J. Cook, Kristin A. Goss, 2014-04-01 No topic is more polarizing than guns and gun control. From a gun culture that took root early in American history to the mass shootings that repeatedly bring the public discussion of gun control to a fever pitch, the topic has preoccupied citizens, public officials, and special interest groups for decades. The Gun Debate: What Everyone Needs to Know delves into the issues that Americans debate when they talk about guns. With a balanced and broad-ranging approach, noted economist Philip J. Cook and political scientist Kristin A. Goss thoroughly cover the latest research data and developments on gun ownership, gun violence, the firearms industry, and the regulation of firearms. The authors also tackle sensitive issues such as the effectiveness of gun control, the connection between mental illness and violent crime, the question of whether more guns make us safer, and ways that video games and the media might contribute to gun violence. No discussion of guns in the U.S. would be complete without consideration of the history, culture, and politics that drive the passion behind the debate. Cook and Goss deftly explore the origins of the American gun culture and the makeup of both the gun rights and gun control movements. Written in question and answer format, the book will help readers make sense of the ideologically driven statistics and slogans that characterize our national conversation on firearms. This book is a must-read for anyone interested in getting a clear view of the issues surrounding guns and gun policy in America. What Everyone Needs to Know is a registered trademark of Oxford University Press.

**Under the Gun** Peter H. Rossi, 2017-09-29 In 1978, the Social and Demographic Research Institute of the University of Massachusetts Amherst received a grant from the National Institute of Justice to undertake a comprehensive review of the literature on weapons, crime, and violence in the United States. The purpose of the project is best described as a sifting and winnowing of the claims and counterclaims from both sides of the Great American Gun War, the perennial struggle in American political life over what to do if anything about guns, about violence, and about crime. The review and analysis of the available studies consumed the better part of three years; the results of this work are contained in this volume. The intention of any review is to take stock of the available fund of knowledge in some topical area. Under the Gun is no different: our goal has been to glean from the volumes of previous studies those facts that in our view seem firmly and certainly established, those hypotheses that seem adequately supported by or at least approximately consistent with the best available research evidence, and those areas or topics about which it seems we need to know a lot more than we do. One of our major conclusions can be stated in advance: despite the large number of studies that have been done, many critically important questions have not been adequately researched, and some of them have not been examined at all. Much of the available research in the area of weapons and crime has been done by advocates for one or another policy position. As a consequence, the manifest intent of many studies is to persuade rather than to inform. We have tried to approach the topic from a purely agnostic point of view, treating as an open question what policies should be enacted with regard to gun or crime control. Thus, we have tried to judge each study on its

own merits on the basis of the routine standards normally applied to social scientific research and not on the basis of how effectively it argues for a particular policy direction It would of course be presumptuous to claim that we have set aside all our own biases in conducting this study Whether or not our treatment is fair and objective is clearly something for the reader and not us to decide

**The Gun and Its Development** William Wellington Greener,1907 **The Gun and Its Development** W. W. Greener,2013-03-01 First published in Great Britain in 1881 and subsequently revised nine times between then and 1910 The Gun and Its Development traces the fascinating history of weaponry the obscure ancient origins of the slingshot and the bow the invention of the crossbow possibly around 1000 AD the introduction of gunpowder into Europe in the fourteenth century the development of sporting and military guns over the centuries thereafter and the rise of modern mass produced firearms in the early twentieth century Chapters cover early to modern handguns gunpowder ignition methods from fuses and flintlocks to percussion fulminates shotguns hammerless guns ejector guns the history of the firearms industry manufacturing methods and their development in Britain America and elsewhere how to use and handle different types of guns ballistics the development of rifling and smokeless powder and much more Copiously illustrated with photographs and marvelous engravings The Gun and Its Development is the classic authoritative reference work on the subject certain to be of great interest to marksmen hunters gun collectors and anyone interested in military or industrial history

**The Story of the Gun** Paul J. Hazell,2021-05-24 This engaging and accessible book explains the scientific principles behind guns both ancient and modern It connects their evolution to advances in science as well as tracing the developments of projectiles and propellants It is not limited to small arms but also looks at the science of enormous guns such the Paris Gun for example and reviews the efforts to build a gun to launch projectiles into space Extremely fast guns are also covered such as two stage guns and rail guns Further the book provides insight into the science of terminal ballistics and wound ballistics as well as the challenging subject of gun control It is full of interesting facts for all who are curious about the science and history of guns as well as those for whom the gun is an accessory of their profession

**The Gun Debate** Philip J. Cook,Kristin A. Goss,2020 No topic is more polarizing than guns and gun control From a gun culture that took root early in American history to the mass shootings that repeatedly bring the public discussion of gun control to a fever pitch the topic has preoccupied citizens public officials and special interest groups for decades In this thoroughly revised second edition of The Gun Debate What Everyone Needs to Know noted economist Philip J Cook and political scientist Kristin A Goss delve into the issues that Americans debate when they talk about guns With a balanced and broad ranging approach the authors thoroughly cover the latest research data and developments on gun ownership gun violence the firearms industry and the regulation of firearms The authors also tackle sensitive issues such as the impact of gun violence on quality of life the influence of exposure to gun violence on mental health home production of guns arming teachers the effect of concealed weapons on crime rates and the ability of authorities to disarm people who aren t allowed to have a gun No discussion of

guns in the U S would be complete without consideration of the history culture and politics that drive the passion behind the debate Cook and Goss deftly explore the origins of the American gun culture and the makeup of both the gun rights and gun control movements Written in question and answer format this updated edition brings the debate up to date for the current political climate under Trump and will help readers make sense of the ideologically driven statistics and slogans that characterize our national conversation on firearms This book is a must read for anyone interested in getting a clear view of the issues surrounding guns and gun policy in America

The Way of the Gun Iain Overton, 2016-03-22 In this gripping tour de force of investigative reporting an award winning journalist travels through America and beyond to understand the brutal reality and consequences of a world in which twelve billion bullets are produced every year for almost a billion guns According to the United States Bureau of Justice more than 4 5 million Americans became victims of gun crime between 2004 and 2013 With the highest global rate of gun ownership and gun imports and exports not to mention the controversial Second Amendment America is justifiably the focus of a growing gun debate But the five hundred thousand people around the world killed by guns every year suggest that it is far from the only nation in the cultural political economic and lethal grip of the gun Over a hundred countries have their own firearm industries and twenty nations recently saw children carrying guns into conflicts The Way of the Gun is a shocking eye opening expos of the global gun ecosystem and its long reaching impact Traveling to America the Middle East South America Africa and Asia veteran journalist Iain Overton meets murderers and law enforcement marksmen gun fetishists and weapons smugglers gun manufacturers and grieving relatives of victims He unearths the sobering scale of the international gun economy explaining the relationships between its legal and illegal players and powerfully portrays its effects on health care religion law enforcement politics and most of all individuals Driven by firsthand research and objective reporting The Way of the Gun is not a polemic Overton who works for the international nonprofit Action on Armed Violence but also hunts and once ran a gun club eschews heated rhetoric for a compelling factual narrative that puts America s unique relationship with guns into an international context providing a sobering perspective on the arguments dividing our nation and increasingly the world Shortlisted for the Crime Writers Association Dagger Award for Nonfiction Praise For The Way Of The Gun Every page is packed with emotional power and startling statistics A passionate mix of rhetoric and travelogue Overton s book takes the gun debate into impressive new territory Kirkus Reviews starred review Adventurous ambitiously tracing the often devastating impact of guns around the world Punctuated with thoughtful discussions on issues from the Second Amendment to the US Constitution to women s attitudes toward guns contains moments of great poignancy Financial Times Riveting poignant This book is more than just facts it s insight and revelation on a very human level Independent Shocking Overton has suppressed full of horrors and is not reticent about sharing them Newsweek Gripping reportage that s as disturbing as it is enlightening without crucially lapsing into an antigun diatribe GQ Magazine

**The Gun and Its Development** William Wellington Greener, 1885      **Under the Gun** Cedric

Dark,2024-08-13 A doctor's firsthand account of the devastating impacts of gun violence and how we can end this epidemic Gun violence has become the leading cause of death for children and has decreased the lifespan of American adults by 25 years In 2021 more than forty eight thousand people were killed by guns in the United States Nearly twice as many were injured But beyond these statistics are the untold stories of doctors and health care workers who work to save the lives of victims of gun violence In this powerful and moving book Cedric Dark takes readers into the harrowing experiences of these physicians Dark intertwines these stories with an examination of policies that could save countless lives Combining research an examination of gun culture and an exploration of policy options Under the Gun equips readers with a new understanding of the data and stories needed to confront and persuade politicians to better protect the health and safety of Americans As an emergency room doctor whose own family has been affected by gun violence Dark intimately understands how gun violence can destroy lives and communities He reflects on the events that bring people to the ER while also talking to doctors who not only treat victims of gun violence but also own guns themselves Under the Gun is a powerful meditation on this uniquely American epidemic and an urgent call to action toward a balanced gun policy in the United States **The Future of the Gun**

Frank Miniter,2014-08-11 The history of the American gun is intricately entwined with the history of America itself Promising developments in gun technology could change not only America's future but the future of the world Unfortunately the radical anti gun lobby is standing between innovation and the American people Bestselling author Frank Miniter details the amazing breakthroughs waiting to happen in gun technology that could make today's firearms exponentially safer and smarter if the anti gun lobby weren't halting progress in its tracks In The Future of the Gun you will learn Why anti gun groups often oppose gun safety features How guns and gun education for young people cut crime How federalism could save your gun rights New trends in gun technology that will make guns safer and more effective Why most talk about assault rifles is bogus How military and civilian gun technology have always advanced in tandem for the benefit of soldiers and private citizens What guns could look like in just a few years Want to know about the future of guns There is no better place to start than here **Under the Gun**

Peter H. Rossi,2017-09-29 In 1978 the Social and Demographic Research Institute of the University of Massachusetts Amherst received a grant from the National Institute of Justice to undertake a comprehensive review of the literature on weapons crime and violence in the United States The purpose of the project is best described as a sifting and winnowing of the claims and counterclaims from both sides of the Great American Gun War the perennial struggle in American political life over what to do if anything about guns about violence and about crime The review and analysis of the available studies consumed the better part of three years the results of this work are contained in this volume The intention of any review is to take stock of the available fund of knowledge in some topical area Under the Gun is no different our goal has been to glean from the volumes of previous studies those facts that in our view seem firmly and certainly established those hypotheses that seem adequately supported by or at least approximately consistent with the best available

research evidence and those areas or topics about which it seems we need to know a lot more than we do One of our major conclusions can be stated in advance despite the large number of studies that have been done many critically important questions have not been adequately researched and some of them have not been examined at all Much of the available research in the area of weapons and crime has been done by advocates for one or another policy position As a consequence the manifest intent of many studies is to persuade rather than to inform We have tried to approach the topic from a purely agnostic point of view treating as an open question what policies should be enacted with regard to gun or crime control Thus we have tried to judge each study on its own merits on the basis of the routine standards normally applied to social scientific research and not on the basis of how effectively it argues for a particular policy direction It would of course be presumptuous to claim that we have set aside all our own biases in conducting this study Whether or not our treatment is fair and objective is clearly something for the reader and not us to decide

**The Gun Control Debate** Lianna Tatman, 2019-07-15 The recent sharp rise in school shootings in the United States has kept the gun control debate going However for many people it is an emotional topic making much of the information that people hear in the media or from friends and family members biased in one way or another Understanding the history of gun laws in America and the realities of both sides of the issue is pivotal Up to date statistics annotated quotes from experts and real world examples contextualize the arguments surrounding this complex issue This knowledge allows young adults to become informed participants in the gun control debate

*Under the Gun* James D. Wright, Peter H. Rossi, Kathleen Daly, 1983 In 1978 the Social and Demographic Research Institute of the University of Massachusetts Amherst received a grant from the National Institute of Justice to undertake a comprehensive review of the literature on weapons crime and violence in the United States The purpose of the project is best described as a sifting and winnowing of the claims and counterclaims from both sides of the Great American Gun War the perennial struggle in American political life over what to do if anything about guns about violence and about crime The review and analysis of the available studies consumed the better part of three years the results of this work are contained in this volume The intention of any review is to take stock of the available fund of knowledge in some topical area Under the Gun is no different our goal has been to glean from the volumes of previous studies those facts that in our view seem firmly and certainly established those hypotheses that seem adequately supported by or at least approximately consistent with the best available research evidence and those areas or topics about which it seems we need to know a lot more than we do One of our major conclusions can be stated in advance despite the large number of studies that have been done many critically important questions have not been adequately researched and some of them have not been examined at all Much of the available research in the area of weapons and crime has been done by advocates for one or another policy position As a consequence the manifest intent of many studies is to persuade rather than to inform We have tried to approach the topic from a purely agnostic point of view treating as an open question what policies should be enacted with regard to gun or crime control Thus

## **The Gun Introduction**

In today's digital age, the availability of The Gun books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Gun books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Gun books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Gun versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The Gun books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Gun books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Gun books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for

a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Gun books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Gun books and manuals for download and embark on your journey of knowledge?

## **FAQs About The Gun Books**

1. Where can I buy The Gun books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a The Gun book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of The Gun books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing,

and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.

7. What are The Gun audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read The Gun books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
