Williamson, 1991-01-01 Identifies and summarizes thousands of books article exhibition catalogues government publications and theses published in many countries and in several languages from the early nineteenth century to 1981 **Canadian Reference Sources** Mary E. Bond, Martine M. Caron, 1996 This bibliography cites those Canadian and foreign reference sources that describe Canadian people institutions organizations publications art literature languages and history It lists books of a general nature as well as works in the disciplines of history and the humanities These large divisions are then broken down by subject genre type of document and province or territory Titles of national provincial territorial or regional interest are included in every subject area when available The contents of the book are indexed four ways by name title French subject and English subject And to facilitate browsing the major reference books those dealing with more than one subject or a large geographical region are also cross referenced Two entries have been created for each bilingual document in order to provide access and bibliographical descriptions in both of Canada's official languages Entries for unilingual works include citation in the language of the publication and a bilingual annotation The annotations are descriptive and provide information on the content arrangements and indexing of works the availability of non print formats previous editions and title changes and related works Canadian Reference Sources will be an invaluable reference tool for future scholars and researchers *The Force of Culture* Karen Finlay, 2004-12-15 A misunderstood and sometimes maligned figure Vincent Massey was one of Canada's most influential cultural policy makers and art patrons Best known as Canada's first native born Governor General he chaired the landmark Royal Commission on National Development in the Arts Letters and Sciences that led to the creation of the Canada Council The Force of Culture examines Massey's notion of culture its conflicted roots in late nineteenth century and early twentieth century Canadian Protestant thought and Massey's transformation into a champion of culture as a bastion of Canadian sovereignty Karen Finlay's study goes beyond existing literature by examining the role of Massey's Methodist upbringing in instilling an education gospel as the bedrock of culture and the foundation of a national citizenry The study also reassesses Massey's reputation as a supporter of the fine arts Steeped in Methodism his attitudes towards the arts were ambiguous He never adopted a purely art for art's sake doctrine but came to understand that the arts without being moralizing could serve a moral and cultural purpose the expression and affirmation of national character and sovereignty As well as charting Massey's evolving attitudes towards

culture and the arts Finlay attempts to redress the common charges of sexism elitism and anglophonism levelled against him Finlay stresses Massey s contradictory views on issues relating to gender race and class outweighed by the ongoing legacy of his belief in Canadian cultural diversity Above all Massey valorized the principles of excellence and diversity as twin antidotes to the anathema of conformity and cultural homogenization The tenet Massey sought to honour pertaining deeply to the collective and moral nature of humanism in Canada Finlay argues was community without uniformity The Force of Culture shows that Massey was in certain respects a democratizer and even a populist who believed that difference need not divide Electronic Format Disclaimer Images removed at the request of the rights holder Catalogue of the Library of the National Gallery of Canada National Gallery of Canada. writing theatrical histories complicate the historiographical imperative in our current sociopolitical context This volume investigates a historiography whose function is to be a mode of thinking and exposes the inner contradictions in social and ideological organizations of historical subjects **F.H. Varley** Katerina Atanassova, 2007-03-30 Frederick Horsman Varley

was unique among the members of the Group of Seven One of the greatest Canadian portraitists of the twentieth century he is an intriguing example of an artist who despite his fame as a portrait painter remains better known for his landscapes This is due mainly to his position as one of the founding members of the Group of Seven and their deliberate attempt to raise awareness of our national identity by depicting the Canadian landscape Even though many public collections across the country including the National Gallery of Canada the Art Gallery of Ontario and the Vancouver Art Gallery display some of Varley's best known portraits these works do not easily fit into the conventional mould of the Group of Seven Nearly four decades after his death Varley's portraits are still not fully acknowledged The release of this beautifully illustrated bilingual volume coincides with the opening of an unprecedented exhibition of his portraiture The Rough Guide to Toronto Rough
