The Heart Of Newman A Synthesis:

The Heart of Newman. A Synthesis Arranged by Erich Przywara. Introd. by H. Francis Davis John Henry Newman, Erich Przywara, H. Francis Davis, 1963 *The Heart of Newman* Saint John Henry Newman, 1963 *The Last Things* Regis Martin, 1998-01-01 While much of the world remains in neurotic flight from death from the Judgment that ineluctably follows it is vital to the vocation of the Christian that he face unflinching the Last Things including that eternity of joy or woe awaiting every man born into this world How will we face the end On whom does our hope finally rest What are the very Last Things ever to be remembered These and other breath catching questions are examined in this book whose pages abound with insight and imagery drawn from the rich patrimony of the Church's wisdom Here is a fresh compendium of the thought of saints and sages as disparate as Augustine Aquinas Dante Newman Hopkins Eliot Lewis James Joyce and Flannery O'Connor who adorn the pages of this literary theological look at Death Judgment Heaven Hell Here then is a complete canvassing of the Last Things whose understanding remains fixed on Christ and his Church thus awakening that sense of hope on which we depend in our journey home to God Erich Przywara, S.J. Thomas F. O'Meara, 2002 This work highlights Erich Przywara's contribution to Catholic thought in Germany between the two world wars **The Analogy of Being** Thomas Joseph White, 2011 Does all knowledge of God come through Christ alone or can human beings discover truths about God philosophically The Analogy of Being assembles essays by expert Catholic Protestant and Orthodox theologians to examine the relationship between divine revelation in the person of Jesus Christ and the philosophical capacities of natural reason These essays were inspired by the lively decades long debate between Karl Barth and Erich Przywara which was first sparked in 1932 when Barth wrote that the use of natural theology in Roman Catholic thinking was the invention of the Antichrist The contributors to The Analogy of Being analyze and reflect on both sides of Barth and Przywara's spirited discourse offering diverse responses to a controversy reaching to the very core of Christian faith and theology It would be difficult to match the range and quality of commentators on this historic exchange between a Catholic philosopher and a renowned Reformed theologian on a subject of enduring significance given the centrality of analogy to any issue in philosophical theology Moreover the contributions exhibit how the issues have come to span ecclesial boundaries as their import has progressively evolved A splendid collection David Burrell C S C Uganda Martyrs University A profound testimony to the enduring significance of the analogia entis debate between Erich Przywara and Karl Barth Hans Boersma Regent College In a fresh ecumenical context this extraordinary volume rekindles the mid twentieth century encounter between ressourcement thinkers and metaphysical theology The voices of Przywara Barth Balthasar and others speak anew through leading theologians of our own day in these masterfully orchestrated essays Matthew Levering University of Dayton The Cambridge Companion to Hans Urs Von Balthasar Edward T. Oakes, David Moss, 2004-08-05 Publisher's description Hans Urs von Balthasar 1905-1988 is one of the most prolific creative and wide ranging theologians of the twentieth century who is

just now coming to prominence But because of his own daring speculations about the meaning of Christ's descent into hell after the crucifixion about the uniqueness of Christ as savior of a pluralistic world and because he draws so many of his resources for his theology from literature drama and philosophy Balthasar has never been an easily categorized theologian He is neither liberal nor conservative neither Thomist nor modernist and he seems to elude all attempts to capture the exact way he creatively reinterprets the tradition of Christian thought For that reason this Companion is singularly welcome bringing together a wide range of theologians both to outline and to assess the work of someone whom history will surely rank someday with Origen John Calvin and Karl Barth

Newman the Oratorian John Henry Newman, 2004 The unpublished Oratory Papers of Blessed John Henry Cardinal Newman edited with an Introductory Study on the Continuity between his Anglican and his Catholic Ministry These are Newman's Chapter Addresses and other writings on the purpose and characteristics of Oratorian life As Superior Newman wanted his community to consist of responsible persons bound together by tact and discretion obeying an unwritten law of love He exercised endless patience in his desire to preserve this weaponless state of the Oratory in spite of tensions dissensions opposition and even separation Each paper has been transcribed from the original manuscripts in the Birmingham Oratory Archives and has been provided with a succinct introduction and notes The editor has moreover furnished a full length introductory study on Newman's spirituality as a priest against the background of the Anglican Ministry 1824-45 since it is true to say that Newman learned to live as a priest while still an Anglican Four major areas of his Anglican ministry the Care of Souls Preaching the Eucharistic Ministry and Prayer have been closely examined both in themselves and in their renewed appearance in Newman's life as a Catholic priest The editor Fr Placid Murray is a Benedictine monk of Glenstal Abbey Ireland
