THE LAST GENERATION, THE RAPTURE, AND THE WRATH SUNDAY OLUSOLA FALUYI, 2013-11 The generation that witnesses the restoration of Israel in 1948 will not pass away until all things revealed to John in the book of Revelation is fulfilled Jesus Christ predicted a movement for global peace in the first seal and a horse rider that will take away peace from the earth in the second seal He predicted global economic crisis in the third seal and World War III in the fourth seal In the fifth seal he revealed the severe persecution that is coming upon his followers and the great tribulation that is coming upon the Jews Jesus also predicted the resurrection of the saints and a terrible war that will be fought in the

Middle East in a place known as Armageddon In the seventh vial of judgment he warned of an earthquake that will be the greatest in the history of humanity While many seers have predicted future events none can be compared with the authority and finality with which Jesus prophesied about the events that are happening and that will continue to happen within the next two decades Wisdom demands that we pay attention to the word of this Man from Galilee When Time Shall Be No More Paul Boyer,1994-01-01 As influential as prophecy is in the worldview of so many the belief in the phenomenon remains a popular mystery largely unstudied and little understood When Time Shall Be No More offers for the first time an in depth look at the subtle pervasive ways in which prophecy belief shapes contemporary American thought and culture

Rethinking Global Governance Thomas G. Weiss,Rorden Wilkinson,2019-07-12 Rethinking Global Governance casts fresh eyes upon a once poignant but now languishing concept Its purpose is to disrupt the simple association between global governance and the actions and activities of international organizations in the post Cold War era and to focus instead on a set of questions that probe the intricate and multifaceted manner in which the world is governed The book moves beyond the ubiquity and imprecision that has plagued the term and offers an intellectual framework with the potential to improve both thinking and practice Building on the analytical insights of two of the leading scholars in the field Rethinking Global Governance provides an antidote to simplistic usage and an authoritative yet readable attempt to grasp the governance of our globe past present and future
