The Nigerian Revolution And The Biafran War

Alexander A. Madiebo

The Nigerian Revolution And The Biafran War:

The Nigerian Revolution and the Biafran War Alexander A. Madiebo, 1980 A retired general of the Biafran Army presents a post mortem account of the events of the Nigerian civil war 1966-70. He attempts to explain dispassionately why army officers toppled the civil government in the cause of stability and the considerable civilian support they received and the ensuing riots and counter coup in the name of reunification which led to a civil war claiming some three million lives. He presents eye witness accounts and from an insider perspective tells the story of how and why the Biafrans fought the war for almost three years under blockade and in isolation from the outside world aiming to rectify much perceived misinformation about the war published outside Africa. *The Nigerian Revolution and the Biafran War* Alexander A. Madiebo, 1980

Surviving in Biafra Alfred Obiora Uzokwe, 2003 In 1966 several waves of rioting in northern Nigeria culminated in the brutal massacre of thousands of easterners by their northern Nigerian counterparts. Sensing that their safety could no longer be guaranteed, the easterners fled to the eastern region and established an independent nation called Biafra. Refusing to accept her sovereignty, Nigeria waged a thirty-month war against Biafra, targeting air assaults at civilian locations which resulted in the deaths of thousands of children, women, and the elderly. Nigeria used land and sea blockade to prevent relief food from reaching hungry masses in Biafra, and thousands of children died from a form of malnutrition called kwashiorkor. At the end of it all, in 1970, two million people had perished. *Writing the Nigeria-Biafra War* Toyin Falola, Ogechukwu Ezekwem, 2016 21 Female Participation in War and the Implication of Nationalism: The Postcolonial Disconnection in Buchi Emecheta's *Destination Biafra*. Select Bibliography Index. **Biafra** Roy Doron, 2025-09-01 The Nigerian Civil War 1967-1970, also known as the Biafran War, remains one of the most politically charged and divisive issues in contemporary Nigerian politics. During its three years of violence, the war resulted in an astonishing number of deaths. This included civilians who suffered starvation due to the siege, which ultimately ended with no victors. Biafra discusses the major political, military, and diplomatic factors that came to play in the war, as well as the matters of genocide, humanitarian relief, and the memory of Biafra. Author Roy Doron delineates the war's operational history from its origins to its military engagements, failures in leadership, international reactions, and its resolution and legacy. Biafra also examines how the country was affected after the war when Nigeria's military government imposed a no victors, no vanquished policy in order to minimize further conflict and promote national unity. Providing the first comprehensive narrative history of the Nigerian Civil War in more than 50 years, Biafra offers a new basis for scholars and readers to understand one of postcolonial Africa's most devastating and consequential conflicts. Nigerians, Unshackle Yourselves T.E Anyansi, 2021-10-24 There is a catastrophe waiting to happen: the death or displacement of millions of people when Nigeria, a country of over 200 million people, collapses. Nigeria is ranked 12th in the 2021 Fragile State Index, more fragile than Haiti (13th) and only a few points less fragile than Afghanistan (9th). An estimated seven kidnappings occur in Nigeria every day, and the country is home to the most people living in extreme

poverty since 2018 The number of Nigerians living in extreme poverty is said to grow by six people every minute According to Nigeria s National Bureau of Statistics the unemployment rate for people aged 25 to 34 years in 2020 was 53 4% The inflation rate in Nigeria as of March 2021 was 18 1% All the incendiary ingredients are now in place waiting for a careless spark to ignite what might become the greatest calamity to befall Africa in the 21st century We know this catastrophe is coming but we choose to ignore it This book challenges Nigerians to understand the problem with Nigeria and come to a practical solution before it is too late The author has lived in Nigeria for most of his life and has experienced the vicissitudes of living in a failed state He has also experienced the benefits of living in other countries where the system works His unique perspective as a Nigerian immigrant who has lived in other developed countries brings a different dimension to the narrative His message is that it is time for Nigerians to stop praying for a messiah and take the necessary actions to save the country from imminent collapse

There Was a Country Chinua Achebe,2012-10-11 From the legendary author of *Things Fall Apart* a long awaited memoir of coming of age in a fragile new nation and its destruction in a tragic civil war For more than forty years Chinua Achebe maintained a considered silence on the events of the Nigerian civil war also known as the Biafran War of 1967 1970 addressing them only obliquely through his poetry Decades in the making *There Was a Country* is a towering account of one of modern Africa s most disastrous events from a writer whose words and courage left an enduring stamp on world literature A marriage of history and memoir vivid firsthand observation and decades of research and reflection *There Was a Country* is a work whose wisdom and compassion remind us of Chinua Achebe s place as one of the great literary and moral voices of our age

The Spirituality of the Igbo People of Nigeria as an Example of Religious Modernization in a Global World Henry CHUKWUDI OKEKE,2020-02-18 If there is no religion in the world the world would more or less become a jungle The world will be inhuman Religion touches all aspects of human life Identifying God s will in our world today has become a major problem for many religions of the world In the past in Igbo Traditional Religion human sacrifice as well as the killing of twins were practised For the Igbo traditionalists then that was the will of the deities and equally not against God s will But following the encounter of Igbo Traditional Religion with Christianity these are no longer practised Misinterpretation of God s will by some religions of the world has given rise to religious violence religious extremism fanaticism and terrorism we are experiencing today in the world For these problems to be resolved it is pertinent that the study of various religions be taken seriously This study should be aiming at better understanding co existence respect for one another and frequent inter religious dialogues among the various religions of the world When this is achieved the believers of various religions would realize that many are worshipping one God and their desire is to communicate with Him although they may approach Him differently

New Perspectives on the Nigeria-Biafra War Chima J. Korieh,2021-10-13 *New Perspectives on the Nigeria Biafra War* No Victor No Vanquished analyzes the continued impact of the Nigeria Biafra war on the Igbo the failure of the reconstruction and reconciliation effort in the post war period

and the politics of exclusion of the memory of the war in public discourse in Nigeria Furthermore New Perspectives on the Nigeria Biafra War explores the resilience of the Igbo people and the different strategies they have employed to preserve the history and memory of Biafra The contributors argue that the war had important consequences for the socio political developments in the post war period ushering in two differing ideologies a paternalistic ideology of co option of the Igbo by the Nigerian state under the false premise of No Victor No Vanquished and the Igbo commitment to self preservation on the other
