The Nobel Lecture On Literature:

The Nobel Lecture on Literature Aleksandr Isaevich Solzhenitsyn, 1972 *In Praise of Reading and Fiction* Mario Vargas Llosa, Edith Grossman, 2025-10-16 On December 7 2010 Mario Vargas Llosa was awarded the Nobel Prize in Literature His Nobel Lecture is a resounding tribute to fiction's power to inspire readers to greater ambition to dissent and to political action We would be worse than we are without the good books we have read more conformist not as restless more submissive and the critical spirit the engine of progress would not even exist Vargas Llosa writes Like writing reading is a protest against the insufficiencies of life When we look in fiction for what is missing in life we are saying with no need to say it or even to know it that life as it is does not satisfy our thirst for the absolute the foundation of the human condition and should be better Vargas Llosa's lecture is a powerful argument for the necessity of literature in our lives today For as he eloquently writes literature not only submerges us in the dream of beauty and happiness but alerts us to every kind of oppression

The Nobel Prize and the Formation of Contemporary World Literature Paul Tenngart, 2023-10-05 An exploration of the history ambitions and impact of the Nobel Prize in literature as it gained a central position in 20th century global literary culture Few scholars would deny that the Nobel Prize is the most prestigious literary award in the world But what mechanisms made it possible for 18 Swedish intellectuals to become the world's most influential literary critics Paul Tenngart argues that the Nobel Prize in literature has become a special kind of international canonization exerted from a non central semi peripheral position the award sometimes confirms and reinforces hierarchical relations between literary languages and cultures and sometimes disturbs established patterns of dominance and dependence Drawing from a wide range of contemporary theories and methods this multifaceted history of the Nobel Prize questions how the Swedish Academy has managed to keep the prize's global status through all the

violent international crises of the last 120 years how the selection of laureates shaped the idea of universal literary values and defined literary quality across languages and cultures and what impact the prize has had on the distribution and significance of particular works literatures and languages The Nobel Prize and the Formation of Contemporary World Literature explores the history and impact of the Nobel Prize in literature from the first award in 1901 through recent controversies involving Bob Dylan and MeToo arguing that the prize is a unique performative act that has been and still is central in our continual and collective construction of world literature

A Silent Language: The Nobel Lecture Jon Fosse, 2024-04-16 The essential lecture delivered by the 2023 Nobel Laureate in Literature published for the first time in a collectible edition If there s any metaphor I would use for the act of writing it would have to be listening says Jon Fosse in *A Silent Language* the lecture he delivered after being awarded the 2023 Nobel Prize in Literature When he writes Fosse explains he listens for texts that exist somewhere outside of himself in order to transcribe them before they disappear With reverence and humility Fosse traces his relationship to writing and celebrates the capacity of language to embrace the mystery complexity and existential uncertainty of the human experience It is only in the silence that you can hear God s voice he says offering a key to his beloved works of drama and fiction Maybe
