Expanding the Canon of Early Modern Women's Writing Paul Salzman, 2010-07-12 This exciting collection of original essays on early modern women's writing offers a range of approaches to a growing field. As a whole, the volume introduces readers to a number of writers such as Mirabai and Liu Rushi who are virtually invisible in Anglophone scholarship and to writers who remain little known such as Elizabeth Melville, Elizabeth Hatton, and Jane Sharpe. The volume also represents critical strategies designed to open up the emergent canon of early modern women's writing to new approaches, especially those that have consolidated the integration of literary and intellectual history with an emphasis on religion, legal issues, and questions of genre. The authors expand the methodological possibilities available to approach early modern women who wrote in a diverse number of genres, from letters to poetry, autobiography, and prose fiction. The sixteen essays are a major contribution to an area that has attracted the interest of a number of fields, including literary studies, history, cultural studies, and women's studies.

Complementarity Gregg Allison, 2025-05-15 In *Complementarity*, theologian Gregg Allison presents a fresh vision for understanding God's design for men and women as image bearers in the home, the church, and society. As a framework broader than either complementarianism and egalitarianism, and underlying both of them, complementarity affirms the equal dignity, significant difference, and flourishing interdependence of men and women. Allison grounds his exploration of complementarity in the complex history of the relationship between women and men throughout church history, as well as the contemporary contexts of feminism, complementarianism, patriarchalism, and egalitarianism. He examines relevant passages from the Old and New Testaments before offering theological considerations of gender and how all Christians fulfill the offices of prophet, priest, and king. Allison concludes by explaining how a robust understanding of complementarity fosters mutual flourishing for male and female image bearers. Allison offers a path forward for Christians who want to foster mutual support for male and female image bearers within their churches and communities.
