Postwar Revisited Okwui

Enwezor, Atreyee Gupta, 2025-03-28 Okwui Enwezor's 2016 exhibition *Postwar Art between the Pacific and the Atlantic* 1945-1965 redefined the history of art produced in those two decades. Nearly a decade later *Postwar Revisited* returns to these debates to present an image of a historical period in which Western conceptions of art aesthetics and philosophy are all thrown into intense flux after Auschwitz and Hiroshima while the cultural energies of decolonization generate myriad artistic and intellectual practices across the globe which re-engage the connections of art to life itself. Focusing on modernist artists, artist collectives and architects central to dissonant regional traditions as well as influential exhibitions and patronage systems, the contributors produce a new understanding of emergent postwar global art. Provoking new ways of thinking, engaging and narrating art history, *Postwar Revisited* is essential reading for those interested in debates on global art history and global modernism, the intersections between art and decolonization, the cultural aspects of the Cold War and the Non-Aligned Movement and modern and contemporary art more generally. Contributors: Iftikhar Dadi, Okwui Enwezor, Patrick Flores, Hal Foster, Boris Groys, Atreyee Gupta, Elizabeth Harney, Jennifer Josten, Vivian Li, Tara McDowell, Alexandra Munroe, Nada Shabout, Terry Smith, Jenni Sorkin, Ming Tiampo. The Culture Industry Revisited Deborah Cook, 1996-05-01 As the culture wars continue to dominate newspaper headlines and conference panels, much of the debate revolves around the value of and values in popular culture. Many opponents of popular culture have cited Theodor W. Adorno, one of the leading figures of the Frankfurt School of critical theorists. Adorno is understood to have viewed mass culture as completely commodified that is produced only to be sold on the market and without aesthetic value. In this compelling book, Deborah Cook critically examines this view and argues persuasively that even Adorno's pessimistic theory leaves room for resistance to the culture industry. Beginning with an exploration of the theoretical background for Adorno's work, Cook then examines Adorno's conception and criticism of mass culture and its consumption and his views about art and its relation to mass culture. The first book-length treatment in English of Adorno's work on popular culture, *The Culture Industry Revisited* provides new readers of Adorno with an understanding of his theory and an overview of his more important critics. Those more familiar with Adorno will find important discussion of some of the more controversial ideas in his work. The book will be of interest to scholars and upper-level students of philosophy, sociology, literature, communications and cultural studies.
