The Novels And Tales Of Henry James Volume 2 The American:

The Novels and Tales of Henry James Volume 2. the American Henry James, 2015-09-06 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

Henry James's Europe Dennis Tredy, Annick Duperray, Adrian Harding, 2011 As an American author who chose to live in Europe Henry James frequently wrote about cultural differences between the Old and New World The plight of bewildered Americans adrift on a sea of European sophistication became a regular theme in his fiction This collection of twenty four papers from some of the world's leading James scholars offers a comprehensive picture of the author's cross-cultural aesthetics It provides detailed analyses of James's perception of Europe of its people and places its history and culture its artists and thinkers its aesthetics and its ethics which ultimately lead to a profound reevaluation of his writing With in depth analysis of his works of fiction his autobiographical and personal writings and his critical works the collection is a major contribution to current thinking about James transtextuality and cultural appropriation

Henry James: Travel Writings Vol. 2 (LOA #65) Henry James, 1993-09-01 Henry James's travel writings are at once literary masterpieces unsurpassed guidebooks and penetrating reflections on the international themes familiar from his fiction This volume the second of two begins with the classic *A Little Tour in France* 1900 illustrated with Joseph Pennell's exquisite drawings from the original edition James begins his tour of the French countryside one rainy morning in mid September of 1882 when he sets off for the city of Tours as a means of exploring the proposition that though France might be Paris Paris was by no means France From Tours Balzac's birthplace James travels to the great chateaux of the Loire Valley visiting Chambord Amboise Chenonceaux and Blois where as you cross the threshold you step straight into the sunshine and storm of the French Renaissance Dense with literary associations and historical echoes James's prose brings castles and cathedrals and old walled towns to life In his glancingly precise visual evocations of terrain and cityscape he realizes his ambition to sketch without a palette or brushes Henry James loved Italy a beautiful disheveled nymph to England's good married matron The incisive and witty essays in *Italian Hours* 1909 describe memorably happy sojourns in Venice Rome and Florence and excursions to Siena Assisi Perugia Capri Ravenna and other

Italian cities Nowhere do art and life seem so interfused as in Venice wrote James in celebration of the splendor of Venetian light and color air and history He records his radiant impressions of Roman churches and aqueducts museums and fountains and rambles through the gardens of the Villa Borghese in spring when Rome seems lighted with an irresistible smile All these essays are filled with James s intense pleasure in Italian places and people This volume concludes with sixteen essays on such varied places as Switzerland Holland Rheims and the Pyr n es including a memorable account of the American volunteer ambulance corps in Europe during World War One LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation s literary heritage by publishing and keeping permanently in print America s best and most significant writing The Library of America series includes more than 300 volumes to date authoritative editions that average 1 000 pages in length feature cloth covers sewn bindings and ribbon markers and are printed on premium acid free paper that will last for centuries

Critical Companion to Henry James Eric L. Haralson, Kendall Johnson, 2009 Examines the life and writings of Henry James including detailed synopses of his works explanations of literary terms biographies of friends and family and social and historical influences

Henry James and the Supernatural A. Despotopoulou, K. Reed, 2011-07-14 This book is a collection of essays on ghostly fiction by Henry James The contributors analyze James s use of the ghost story as a subgenre and the difficult theoretical issues that James s texts pose

The Complete Tales of Henry James Henry James, 2011 Henry James 1843 1916 was an America born English writer whose novels short stories and letters established the foundation of the modernist movement in twentieth century fiction and poetry His career one of the most significant and influential in English literature spanned over five decades and resulted in a body of work that has had a profound impact on generations of writers Born in New York but educated in France Germany England and Switzerland James often explored the cultural discord between the Old World Europe and the New World United States in his writings Included in this second volume of *The Complete Tales of Henry James* are several works published early in the author s career between 1868 and 1872 Osborne s Revenge A Light Man Gabrielle de Bergerac Travelling Companions A Passionate Pilgrim At Isella Master Eustace and Guest s Confession

Henry James and the Poetics of Duplicity Annick Duperray, Adrian Harding, Dennis Tredy, 2014-08-26 *Henry James and the Poetics of Duplicity* aims to advance the field of studies on the life and work of Henry James by fully exploring the author s use of duplicity one of the key literary and rhetorical strategies within the author s vast and infamous arsenal of techniques of ambiguity The collection brings together essays by both long established and more recent Jamesian scholars from eleven different countries the collective work of whom through this publication further enhances our grasp of the ever elusive literary style of Henry James The prefatory section of this volume provides a general overview of the myriad uses of duplicity in the writings of Henry James The collected essays are then divided into five sections each providing an in depth study of a particular use of duplicity as a rhetorical strategy The first three sections focus on duplicitous devices employed within James s works of fiction including the author s often underhanded use of undisclosed

literary sources Duplicitous Subtexts his staging of characters who rely on subterfuge and outright lying Duplicitous Characters and his creation of doubles and doppelg ngers another key connotation of the term duplicity both within a single work and throughout his literary career Duplicitous Representation The two final sections then focus the poetics of duplicity employed in works of non fiction by James including his autobiographies and his reviews of other authors as well as in his personal writings and correspondence This includes James s guileful use of duplicity in his representation of himself particular attention being paid to James s late works of self assessment Duplicitous Self Representation as well as in his assessments of other writers in his reviews or of certain places in his travel writing Duplicitous Judgements Henry James and the Poetics of Duplicity would thus be a great asset to scholars of James at all levels from the student grappling with James s literary sleight of hand for the first time to specialists in the field of James who have long studied the masterful art of James s literary trickery *Americans on Fiction, 1776-1900 Volume 2* Peter Rawlings,2017-09-29 A collection of prefaces reviews and articles by Americans on American and European fiction Charted in these three volumes which span 1776 to 1900 is the movement from anxious defences of the novel as a necessary vehicle of truth and morality to fully fledged theoretical exfoliations **The Novels and Tales of Henry James, Volume 2** Henry James,2015-08-31 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **A Companion to Henry James** Greg W. Zacharias,2014-02-10 Written by some of the world s most distinguished Henry James scholars this innovative collection of essays provides the most up to date scholarship on James s writings available today Provides an essential up to date reference to the work and scholarship of Henry James Features the writing of a wide range of James scholars Places James s writings within national contexts American English French and Italian Offers both an overview of contemporary James scholarship and a cutting edge resource for studying important individual topics
