Occult Significance of Forgiveness Sergei O. Prokof'ieff, 2004-11-04 A survey of recent history reveals the gloomy picture of an ongoing series of conflicts wars and general turmoil Consequently the human emotional landscape is littered today with angry bitter and vengeful thoughts emotions and actions Even our modern justice systems are preoccupied only with finding and proving guilt and dealing out retribution doing little to remedy the tragic situation Nevertheless many individuals and groups have always sought ways to break this vicious cycle of recrimination When faced with the question of what we can do to change the world for the better one of the most radical and challenging answers is to begin forgiving others for what they have done In this powerful and moving book Prokofieff shows how the forces that lead to forgiveness can be developed consciously and freely Without preaching the morality of forgiveness he presents spiritual facts that speak for themselves From Tsarist Russia and the concentration camps of Nazi Germany to the infighting during the early years of the Anthroposophical Society the author offers striking examples of those who have been able to forgive frequently terrible crimes He provides multilayered analyses and shows the beneficial consequences of each act of forgiveness As he develops his theme the importance of forgiving not simply for personal salvation but for the advancement of human evolution is revealed in all its healing truth Now available in paperback *The Occult Significance of Forgiveness* has been read and loved by thousands of readers for years It is perhaps the most valuable accessible and succinct of Prokofieff's works on inner development

Love and Its Meaning in the World Rudolf Steiner, 1998-11 Rudolf Steiner received The Fifth Gospel unrecorded events from the so called lost years of the life of Jesus obtained by grace and by spiritual research into the akashic record as a sacred obligation to which he experienced a deep sense of responsibility However he never finished the project of unveiling it Had he done so not only Anthroposophy but also Christianity would have received an enormous spiritual gift a concrete soul filled description of the Mystery of Golgotha His deeply moving and often startling lectures in 1913 are thus fragmentary giving the near tragic impression that because those who heard or read them did not take them up with sufficient seriousness and inner dedication humanity has suffered an inestimable loss Steiner traveled through various German cities to give personal summaries of the Fifth Gospel But in each center he encountered the same sleepiness The thorns were already starting to prick he seemed to begin hiding the content rather than disclosing it He was forced to see in all clarity that the Fifth Gospel was not being appropriately received Andrei Bely In this dramatic book Selg

tells the story of those lectures He recounts their background and many of the most important episodes He illumines and gives context to the excerpts with a profound yet accessible commentary Most important he offers insights into their importance to both Steiner and the hearts of those who heard and understood even those who felt inadequate to the task Those who has read Steiner s lectures on the Fifth Gospel and wondered about their significance will find here an inspiring guide to further meditation while those who have not yet read them will find many reasons for doing so and discover a new way of understanding Steiner and his mission Those unfamiliar with Steiner but wish to fine a meaningful heartfelt way to Jesus Christ and the Christian mystery will discover a new way of understanding a new path to Christ *Living Disciples -*

The 12 Disciples in the Gospel of St John , **The Appearance of Christ in the Etheric** Sergei O. Prokofieff,2012 Dedicated to the centenary of Rudolf Steiner s first proclamation of Christ s appearance in the etheric realm of the Earth this book discusses various aspects of that event that had not previously been addressed adequately Sergei Prokofieff points to three themes of primary importance all of which are connected directly with the tasks of the Society that Rudolf Steiner founded The preparation of humankind for the Second Coming Working with Christ as the Lord of Karma Recognizing in Anthroposophy the spiritual language through which questions can be posed to the etheric Christ today Prokofieff describes these and other critical undertakings such as forging a strong relationship with Michael and the importance of recognizing the adversarial forces attempting to falsify Christ s Second Coming The Appearance of Christ in the Etheric is of relevance to every individual who wishes to take an active role in fulfilling the needs of our time *Rudolf Steiner's Sculptural Group* Sergei O. Prokofieff,2013 Saved by good fortune from the flames that engulfed the first Goetheanum Rudolf Steiners wooden sculpture of the Christ the Representative of Humanity standing between the adversary forces of Lucifer and Ahriman remains intact although unfinished and on display to this day Unique in the history of art the Sculptural Group was deeply connected to Rudolf Steiners inner being The great Christian initiate even died by its side having made efforts to work on the sculpture days before he crossed the threshold *More Precious than Light* Margarete van den Brink,2021-04-28

Relationships are built through dialogue through exploring heartfelt questions that lead to liberating personal insights This book shows how such dialogue can transform relationships and build community However true meeting and healing conversations take effort Encounter involves light and dark Relationships bring out sympathy and antipathy In an age of digital communications and internet based encounters when alienation and loneliness are very real issues this new edition of Margarete van den Brink s classic work is more vital than ever The process of inner development leading ultimately to the unification of the human self with its higher spiritual being involves a transformation in our everyday selves In this act of initiation the art of conversation plays a central role The words which people speak to each other contain a force that can work in an invigorating and life enhancing way This force which can be more precious than light itself is the highest creative principle the Word referred to in the Gospel of St John which created everything that exists Informed by the insights of

anthroposophy More Precious than Light indicates the path towards the spirit and the lost power of the Word transforming relationships and building community True encounter can only be fostered through making real connections with our fellow human beings

Eurythmy as Visible Singing Rudolf Steiner, 2019-10-23 The study of music is the study of the human being The two are inseparable and eurythmy is the art which brings this most clearly to expression In these lectures Rudolf Steiner guides us along a path toward an understanding of the human form as music comes to rest the movements of eurythmy bringing this music back to life Dorothea Mier Fundamentally speaking music is the human being and indeed it is from music that we rightly learn how to free ourselves from matter Rudolf Steiner The focus of these eight lectures is the source of movement and gesture in the human being The movement in musical experience is thus traced back to its origin in the human instrument itself Like the degrees of the musical scale Rudolf Steiner leads his select audience of young artists through eight stages focusing on the living principles of discovery and renewal Eurythmy was born in the turbulent decades of the early twentieth century From an individual question as to whether it was possible to create an art based on meaningful movement Rudolf Steiner responded with fresh creative possibilities for a renewal of the arts in their totality The new art of eurythmy was an unexpected gift Today music eurythmy along with its counterpart based on speech is practiced as an art taught as a subject in schools enjoyed as a social activity and applied as a therapy This definitive translation of Steiner's original lecture course on eurythmy includes a facsimile transcription and translation of the lecturer's notes together with an introduction and index The volume is supplemented with an extensive companion featuring full commentary and notes compiled by Alan Stott as well as a translation of Josef Matthias Hauer's *Interpreting Melos*
