Sandwick, 2019-06-26 The Gulf Cooperation Council represents both a model of development and unity in the Arab world and a working example of interstate cooperation to other nations In this volume contributors describe the rationale for Gulf unity and cooperation and analyze the financial economic and legal institutions of the GCC member states Saudi Arabia Kuwait the United Arab Emirates Oman Bahrain and Qatar They focus on the GCC's role in maintaining stability in the Arabian peninsula an area that is clearly vital to U.S. interests Contributors pinpoint the essential elements of GCC unity including its efforts to obtain optimum economic self sufficiency to maximize market share and revenue from oil production and to establish an integrated legal framework The GCC's unique security needs given the member states vast combined area and thinly spread populations are also discussed An overview of the strategic interests and policies of both superpowers toward the region reveals a history of decline in their influence and prestige that is a result it is argued of misperceptions and misguided policies Finally documentation and bibliographic sections enhance the book's usefulness as a handbook on the GCC and the Arabian Gulf states

Congress. House. Committee on Foreign Affairs. Subcommittee on the Middle East and North Africa, 2014 Gulf Security in the Twenty-First Century Prof. Jamal Sanad Al-Suwaidi, 2014 The connection between regional instability and the preservation of global security is nowhere more sensitive than in the Gulf Events since the 1990 1991 Gulf War continue to confirm the fragile interaction among states in the region and their susceptibility to external forces Gulf Security in the Twenty First Century brings together some of the foremost area experts to explore the most pressing issues including military threats to the region obstacles to economic development and socioeconomic harmonization and challenges to political stability In particular the work examines Iran's often enigmatic foreign policy vis vis its Gulf neighbors Iraq's resurgent military threat choices and constraints confronting U.S. Middle East policy and Europe's inability to identify and pursue a united policy to safeguard its economic interests in the area These topics are further illuminated with an analysis of Russia's historical attempt at balancing foreign policy objectives in the Gulf with its enduring interests in Central Asia The potentially explosive issues of religious radicalism and the challenges of democratic pluralism are discussed in an effort to ascertain the potential of political Islam to disturb or

enhance regional security Similarly the problems inhibiting the settlement of territorial disputes in and around the Gulf are brought into focus to illustrate lingering historical tensions among neighboring states To round out the book s topical coverage several contributors shed light on the region s unfettered dependence on foreign labor growing demographic pressures associated social and economic transformations and challenges to responsive public policy **Entrepreneurship In The Gulf Cooperation Council Region: Evolution And Future Perspectives** Leo-paul Dana,Ramo Palalic,Veland Ramadani,2021-01-19 This book looks at the current state of entrepreneurship development in the Gulf Cooperation Council GCC region consisting of Bahrain Kuwait Oman Qatar Saudi Arabia and the United Arab Emirates It is a comprehensive state of the art coverage of entrepreneurship and small business management issues supported with theoretical discussion and empirical evidence The book covers current processes in each country paving the ways for potential investors researchers academics and professionals to better understand this region An outcome of long lasting endeavour this book includes contributions from experts across the Gulf region *From Alliance to Union* Joseph A.
