The Hackneys, the Cleveland Bays and other harness horses have a special place in British history. Originally hackneys were used as saddle horses by persons of high rank; but, after a time, a "Hackney" came to mean a horse for hire, and then a carriage horse.

Then came the days of the coaches and carriages. For country use strong, trotting horses were required; for the towns elegant, majestic animals were the fashion which, nonetheless, had to be fast trotters. With the Golden Age of coaching, made possible by improved roads, carriage horses had to be sound of limb, with speed and endurance as indispensable qualities.

This book traces the history of these noble animals from early times to the present day. It shows their heyday, the decline, and the **current revival** culminating in the establishment of The British Driving Society of which Mr. Sanders Watney (the present author) is President. Driving has once more become a popular pastime and, therefore, the harness horse is again in demand.

There are 12 black and white illustrations of harness horses.

The front cover shows Mr. Walter Gilbey, who is the Grandson of the original author of this book, the 1st Sir Walter Gilbey Bt., and who wrote the Preface to its revised edition, driving the Gilbey horses in the Royal Windsor Horse Show. Beside Mr. Gilbey on the box seat is Mrs. Gilbey, who was the only lady driver at the centenary meet of the Coaching Club. The horses—Gin and Whisky in "the lead" and Port and Sherry in "the wheel"—had just completed a seven mile marathon through Windsor Great Park.

This is a book for all who are interested in horses whether for showing, driving, or simply considering them.
