Ferment : Public Sector Management Today John W. Langford,Institute of Public Administration of Canada,Institute for
 Research on Public Policy,1986 From the Prefatory Note some 250 public service sector managers came together from April
 23 to 23 1986 to reflect on the impact that contemporary changes in their environment were having on their work as
 managers They were joined by a small number of academics consultants and private sector managers The conference
 consisted of plenary sessions on restraint contracting out information technology public access to information conflict of
 interest risk taking employment equity and political rights The ninth and final plenary session was a panel discussion on the
 question of whether or not a new model was emerging for the public sector manager What follows is a summary of the
 discussion at the conference and a collection of plenary and workshop papers around the nine themes Handbook of
Public Administration, Second Edition W. Bartley Hildreth,Gerald J. Miller,Jack Rabin,1997-09-19 This bestselling reference
 examines all major areas in public administration from the enlightening perspectives of history and the five great concepts or
 theories framing each topic including public budgeting financial management decision making public law and regulation and
 political economy The American Reference Books Annual calls this stimulating and thought provoking thorough and inclusive
 a valuable contribution and Canadian Public Administration said it is impressive an extremely useful reference tool the
 writing and analysis and the scope of the coverage make the volume a good investment for both government and university
