The Heroic Life:

The Hero's Life Choice. Studies on Heracles at the Crossroads, the Judgement of Paris, and Their Reception Malcolm Davies, 2023-09-04 Two allegorical ancient Greek stories about a young hero's career defining choice are shown in this book to have later been appropriated to radically differing effects. E.g. a male's choice between female personifications can morph into a female's choice between the same or between various male personifications. Never before have so many instances of this process from art literature music even landscape gardening been culled. Illustrations mainly colour many brought into this context for the first time are conveniently incorporated into the text thus mimetically mirroring a central theme of the book the process of visualising the verbal verbalising the visual. *Ultimate Fighting and Embodiment* Dale C. Spencer, 2013-06-19 Mixed martial arts MMA is an emergent sport where competitors in a ring or cage utilize strikes punches kicks elbows and knees as well as submission techniques to defeat opponents. This book explores the carnal experience of fighting through a sensory ethnography of MMA and how it transgresses the cultural scripts of masculinity in popular culture. Based on four years of participant observation in a local MMA club and in depth interviews with amateur and professional MMA fighters Spencer documents fighters training regimes and the meanings they attach to participation in the sport. Drawing from the philosophical phenomenology of Martin Heidegger Maurice Merleau Ponty and Jean Luc Nancy this book develops bodies centered ontological and epistemological grounding for this study. Guided by such a position it places bodies at the center of analysis of MMA and elucidates the embodied experience of pain and injury and the sense and rhythms of fighting. Rev. James Heavens. His seminal works including *Pedagogy of the Oppressed* sparked the global social and philosophical movement of critical pedagogy and his ideas about the close ties between education and social justice and politics are as relevant today as they ever were. In this book Walter Omar Kohan interweaves philosophical educational and biographical elements of Freire's life which prompt us to reflect on what we thought we knew about Freire and also on the relationship between education and politics more broadly. It offers a new and timely reading of Freire's work and life. The book is structured around five key themes that provide a new perspective on Freire's work life equality love errantry and childhood. It includes a contextualization of Freire's work within the past and current political terrain in Brazil and encourages educators to put themselves and their educational work into question by highlighting some of Freire's lesser known thoughts on time. The book also includes a conversation with Lutgardes Costa Freire Paulo's Freire's youngest son a

Brill's Companion to Greek and Latin Epyllion and Its Reception Manuel Baumbach, Silvio Bär, 2015-03-20 In classical scholarship of the past two centuries the term epyllion was used to label short hexametric texts mainly ascribable to the Hellenistic period Greek or the Neoterics Latin Apart from their brevity characteristics such as a predilection for episodic narration or female characters were regarded as typically epyllic features However in Antiquity itself the texts we call epyllia were not considered a coherent genre which seems to be an

Heroic Identity in the World of Beowulf Scott Gwara, 2009-01-31 Readers of Beowulf have noted inconsistencies in Beowulf's depiction as either heroic or reckless Heroic Identity in the World of Beowulf resolves this tension by emphasizing Beowulf's identity as a foreign fighter seeking glory abroad Such men resemble wreccan exiles compelled to leave their homelands due to excessive violence Beowulf may be potentially arrogant therefore but he learns prudence This native wisdom highlights a king's duty to his warband in expectation of Beowulf's future rule The dragon fight later raises the same question of incompatible identities hero versus king In frequent reference to Greek epic and Icelandic saga this revisionist approach to Beowulf offers new interpretations of flyting rhetoric the custom of men dying with their lord and the poem's digressions
