The Night Of Long Knives:

The Night of Long Knives Max Gallo, 1972 Reconstructs the events surrounding Hitler's 1934 purge of the Storm Troopers *Night of the Long Knives* Phil Carradice, 2018-10-30 The historian and author of *The Shanghai Massacre* presents an in depth chronicle of Hitler's plot to eliminate political rivals and his own SA Brownshirts In the summer of 1934 Adolf Hitler conducted a ruthless purge of his own fascist colleagues many of whom had helped the Nazi Party rise to power The brawling street thugs of the SA had bludgeoned Hitler's political opposition into submission and played a significant role in transforming Germany into a dictatorship But in order to safeguard his absolute authority Hitler chose to eliminate any potential rivals And it was the SA that he feared most Officially called Operation Hummingbird the swift and merciless blood purge came to be known as The Night of the Long Knives Among Hitler's victims were personal friends like SA co founder Ernst R hm former German Chancellor Kurt von Schleicher and even former party comrades like Gregor Strasser Breaking the back of the SA and settling political scores the operation took somewhere between three hundred and a thousand lives

Night of the Long Knives Paul Maracin, 2007-07-01 Many wonder how Adolf Hitler a mediocre army corporal and failed landscape painter could have become the architect of the most calamitous events of the twentieth century But fewer know that Hitler's fateful transition from ambitious demagogue to Europe's most vicious tyrant occurred on an ordinary Saturday June 30 1934 in a little known event that would come to be called The Night of the Long Knives This is the story of the events leading up to that awful event and its most horrifying repercussions

The Night Of The Long Knives and two more stories Fritz Leiber, 2022-09-22 This is a great collection of action short stories by Fritz Leiber from The Golden Age of Science Fiction Featured here The Night Of The Long Knives A Pail Of Air and Friends and Enemies *Between Two Fires* David Clay Large, 1991 An evocative re creation of the European political climate of the 1930s Large does a fine job of connecting these events Kirkus Reviews A Night of Long Knives Rebecca Cantrell, 2017-03-07 Following the events of A TRACE OF SMOKE journalist Hannah Vogel has been in hiding in Bolivia with her young ward Anton for the past three years She believes she has outwitted Ernst R hm the head of the Nazi Party's Storm Troopers who believes himself to be the boy's father so she seizes the offer from a newspaper to cover the journey of a zeppelin from South America to Switzerland particularly as it will allow her a rare opportunity to meet with her lover Boris Krause When the zeppelin is diverted to Germany she knows she's walked straight into a trap R hm facing expulsion from the party as a result of rumors of his homosexuality has decided to claim his alleged son and marry Hannah as a beard Unfortunately for him his solution has come too late Hitler has supplanted the Storm Troopers with the SS headed by Himmler and the resulting purge forever known as The Night of the Long Knives has begun Hannah manages to escape in the melee while R hm faces a firing squad Unfortunately she and Anton were separated and Hannah must enlist all her allies and a few of her enemies to track him down before the Gestapo can With nowhere else to turn Hannah finds herself at Boris' door in a wedding dress She expects a

safe haven but she learns that her presence and search for Anton are putting Boris at risk During her absence he has been helping Jews escape and he is already under suspicion Finally she traces Anton to the home of R hm s mother who offers a deal her son s body in exchange for Anton Traveling to Berlin Hannah is caught up in the Nazi s continuing purge and must learn to trust and protect those she has loved and hated in order to survive Praise for the novel Cantrell knows suspense and in Hannah Vogel she has created a compelling character The first person narration draws you right into the action and pairing that with graphic visceral descriptions makes this book a hard one to put down emphasizes the chilling dehumanization of the Third Reich Susan Engberg at Bust A Night of Long Knives Rebecca Cantrell s second novel featuring journalist Hannah Vogel again flawlessly captures Germany s descent into darkness under growing Nazi power Can Hannah survive and can she protect her adopted son Anton from his murderous Nazi father Ernst R hm jewishjournal com Rebecca Cantrell has written another exciting thriller and with Hannah Vogel s sometimes frenetic first person narrative she gives the reader a feeling of what it must have been like to be in Germany during those terrible years She has cleverly blended her fictional story in with real life events and real life characters such as British journalist Sefton Delmer while cleverly imparting snippets of information that add to the atmosphere CrimeScraps

The Night of the Long Knives Charles River Charles River Editors, 2015-01-13 Includes pictures Explains Hitler s rise to power and the roles played by the SA and other paramilitary groups like the SS Includes eyewitness accounts of the purge Includes a bibliography for further reading Includes a table of contents Germany s Nazi Party was remarkably implacable in the hostility it showed to the outside world staunchly opposing both Communism and liberal democracy from the moment of its inception to that of its violent dissolution The Nazis likewise showed steely unwavering resolve in their lethal hatred of the Jews the Slavs and many others whom they labeled as untermenschen subhumans unworthy of rights cultural standing or life itself They pursued their dark vision of Aryan superiority with a terrifying clarity and zeal and they were willing to incur the enmity of the entire world in the process At the same time despite this fanatic dedication to their overall vision the Nazis had their own share of factional strife and perhaps not surprisingly the internecine struggle often led to violence executions and assassinations byproducts of a totalitarian environment in which power appeared in its most undisguised and aggressive form The firing squad the bomb the torture chamber the extermination camp the crematorium and the noose of piano wire took the place of debate and persuasion in Hitler s Germany Like other totalitarian regimes the leader of the Nazis kept an iron grip on power in part by making sure nobody else could attain too much of it leading to purges of high ranking officials in the Nazi party Of these purges the most notorious was the Night of the Long Knives a purge in the summer of 1934 that came about when Hitler ordered the surprise executions of several dozen leaders of the SA This fanatically National Socialist paramilitary organization had been a key instrument in overthrowing democratic government in Germany and raising Hitler to dictatorial power in the first place However the SA was an arm of the Nazi phenomenon which had socialist leanings and which was the

private army of Ernst Röhm which was enough for Hitler to consider the organization dangerous. Röhm was a challenger to the Führer's position with his mushrooming SA ranks which were more loyal to him than to the nominal head of Nazi Germany. Though the SA as a whole survived Hitler's purge, its star was eclipsed by the rise of the newly favored Schutzstaffel (SS) which was instrumental in implementing the Night of the Long Knives. Additionally, the SA's senior leadership was decimated, leading to a loss of cohesion and focus. Even its overall commander, Ernst Röhm, fell victim to Hitler's violence, and Hitler himself later spoke words which summed up the calculated ruthlessness he used to deal with his enemies, both domestic and foreign: "The victor will not be asked afterwards whether he told the truth or not. When starting and waging war, it is not right that matters, but victory." Close your hearts to pity. Act brutally. Several other factions were also involved. The German Army or Reichswehr was theoretically limited to a total of 100,000 men by the treaties ending World War I, but the German military was one of the major keys to power. Röhm dreamed of subsuming it totally into the SA, a nightmare from the point of view of the highly conservative and aristocratic officer corps. A man who championed the cause of the Reichswehr and kept it free of subordination to the SA could likely win its loyalty for years to come, regardless of his own political and cultural agenda, which Hitler managed to accomplish with the purge. The Night of the Long Knives chronicles the history of the Nazis' most notorious purge. Along with pictures of important people, places, and events, you will learn about the Night of the Long Knives like never before, in no time at all.

War and Genocide Doris L. Bergen, 2003. Places the Holocaust in its historical, political, social, cultural, and military contexts, focusing on the two goals that drove the Nazis in their persecution of Jews, gypsies, homosexuals, Poles, Soviet prisoners of war, and other groups they deemed as undesirable.

Germany 1919-45 Martin Collier, Philip Pedley, 2000. A study of Germany between 1919 and 1945 for AS and A Level History students. It is designed to fulfil the AS and A Level specifications in place from September 2000. The two AS sections deal with narrative and explanation of the topic. There are extra notes, biography boxes, and definitions in the margin, and summary boxes to help students assimilate the information. The A2 section reflects the different demands of the higher level examination by concentrating on analysis and historians' interpretations of the material covered in the AS sections. There are practice questions and hints and tips on what makes a good answer.

Hitler's Master of the Dark Arts Bill Yenne, 2010-10-14. A history of Nazi Germany's SS and its leader, examining the group's mystical cult aspects and Himmler's rise through the ranks of power. Hitler's Nazi Party, at its evil roots, embraced a bizarre interpretation of ancient European paganism, blending it with fragments of other traditions from sources as diverse as tenth-century Saxon warlords, nineteenth-century spiritualism, and early twentieth-century fringe archeology. Even the swastika, the hated symbol of Nazism, had its roots in ancient symbolism; its first recorded appearance was carved into a mammoth tusk twelve thousand years before Hitler came to power. At the heart of the evil was Hitler's witch doctor, Heinrich Himmler, and his stranger-than-fiction cult, the deadly SS. The mundanely named Schutzstaffel, literally "protective squadron," was the very essence of Nazism, and their threatening double lightning bolt was

one of the most dreaded symbols of the Third Reich With good reason what the SS was truly protecting was the ideology of Aryan superiority Hitler s Master of the Dark Arts is the first history of the SS and its leader to focus on the mystical cult aspects of the organization It follows Himmler s transformation of the SS from a few hundred members in 1929 to over fifty thousand black uniformed Aryans by the mid 1930s Concurrent with its expansion and its eventual independence from the brown shirts of the SA Himmler infused the Black Knights with a mishmash of occult beliefs and lunatic fringe theories that would have been completely laughable except that they were also used to justify the Final Solution
