W. Frings,1913 **The Esoteric World of Madame Blavatsky** ,2001-02-25 World traveler and student of religions Blavatsky was among the first to bring Eastern wisdom to the West Her writings excited such luminaries as W B Yeats James Joyce Wassily Kandinsky Piet Mondrian and Gustav Mahler Here are first handed accounts of her colorful life by family friends and enemies **Occult Roots of Religious Studies** Yves Mühlematter,Helmut Zander,2021-06-08 The historiographers of religious studies have written the history of this discipline primarily as a rationalization of ideological most prominently theological and phenomenological ideas first through the establishment of comparative philological and sociological methods and secondly through the demand for intentional neutrality This interpretation caused important roots in occult esoteric traditions to be repressed This process of purification Latour is not to be equated with the origin of the academic studies De facto the elimination of idealistic theories took time and only happened later One example concerning the early entanglement is Tibetology where many researchers and respected chair holders were influenced by theosophical ideas or were even members of the Theosophical Society Similarly the emergence of comparatistics cannot be understood without taking into account perennialist ideas of esoteric provenance which hold that all religions have a common origin In this perspective it is not only the history of religious studies which must be revisited but also the partial shaping of religious studies by these traditions insofar as it saw itself as a counter model to occult ideas *The Quest* ,1929 The Riddle of Life Annie Besant,1913
