

Sketches Of American Life

William Cooper

Sketches Of American Life:

Impressions Sergei [e]i Volkonskiĭ (kni[a]z'), 1893 *Sketches of American Life* Harriet Beecher Stowe, 1855*

Constructing American Lives Scott E. Casper, 2018-07-25 Nineteenth century American authors critics and readers believed that biography had the power to shape individuals characters and to help define the nation s identity In an age predating radio and television biography was not simply a genre of writing says Scott Casper it was the medium that allowed people to learn about public figures and peer into the lives of strangers In this pioneering study Casper examines how Americans wrote published and read biographies and how their conceptions of the genre changed over the course of a century Campaign biographies memoirs of pious women patriotic narratives of eminent statesmen mug books that collected the lives of ordinary midwestern farmers all were labeled biography however disparate their contents and the contexts of their creation publication and dissemination Analyzing debates over how these diverse biographies should be written and read Casper reveals larger disputes over the meaning of character the definition of American history and the place of American literary practices in a transatlantic world of letters As much a personal experience as a literary genre biography helped Americans imagine their own lives as well as the ones about which they wrote and read **American Lives** Robert F. Sayre, 1994 *American Lives* is a groundbreaking book the first historically organized anthology of American autobiographical writing bringing us fifty five voices from throughout the nation s history from Abigail Adams Abraham Lincoln Jonathan Edwards and Richard Wright to Quaker preacher Elizabeth Ashbridge con man Stephen Burroughs and circus impresario P T Barnum Representing canonical and non canonical writers slaves and slave owners generals and conscientious objectors scientists immigrants and Native Americans the pieces in this collection make up a rich gathering of American songs of ourselves Robert F Sayre frames the selections with an overview of theory and criticism of autobiography and with commentary on the relation between history and many kinds of autobiographical texts travel narratives stories of captivity diaries of sexual liberation religious conversions accounts of political disillusionment and discoveries of ethnic identity With each selection Sayre also includes an extensive headnote providing valuable critical and biographical information A scholarly and popular landmark *American Lives* is a book for general readers and for teachers students and every American scholar *The Sketch, the Tale, and the Beginnings of American Literature* Lydia G. Fash, 2020-03-31 Accounts of the rise of American literature often start in the 1850s with a cluster of great American novels Hawthorne s *The Scarlet Letter* Melville s *Moby Dick* and Stowe s *Uncle Tom s Cabin* But these great works did not spring fully formed from the heads of their creators All three relied on conventions of short fiction built up during the culture of beginnings the three decades following the War of 1812 when public figures glorified the American past and called for a patriotic national literature Decentering the novel as the favored form of early nineteenth century national literature Lydia Fash repositions the sketch and the tale at the center of accounts of American literary history revealing how cultural forces shaped short

fiction that was subsequently mined for these celebrated midcentury novels and for the first novel published by an African American In the shorter works of writers such as Washington Irving Catharine Sedgwick Edgar Allan Poe and Lydia Maria Child among others the aesthetic of brevity enabled the beginning idea of a story to take the outsized importance fitted to the culture of beginnings Fash argues that these short forms with their ethnic exclusions and narrative innovations coached readers on how to think about the United States past and the nature of narrative time itself Combining history print history and literary criticism this book treats short fiction as a vital site for debate over what it meant to be American thereby offering a new account of the birth of a self consciously national literary tradition **Book of the Artists** Henry Theodore

Tuckerman,1867 **Immigration, Ethnicity, and Class in American Writing, 1830-1860** Leonardo Buonomo,2013-12-04 This book examines the close relationship between the portrayal of foreigners and the delineation of culture and identity in antebellum American writing Both literary and historical in its approach this study shows how in a period marked by extensive immigration heated debates on national and racial traits during a flowering in American letters encouraged responses from American authors to outsiders that not only contain precious insights into nineteenth century America s self construction but also serve to illuminate our own time s multicultural societies The authors under consideration are alternately canonical Emerson Hawthorne Melville recently rediscovered Kirkland or simply neglected Arthur The texts analyzed cover such different genres as diaries letters newspapers manuals novels stories and poems **A Sketch of the Life of the late Henry Cooper** William Cooper,2019-12-19 In A Sketch of the Life of the late Henry Cooper William Cooper presents a poignant biographical account that intricately weaves personal narrative with broader social and historical contexts Written in a reflective and accessible prose style Cooper employs vivid descriptions and intimate anecdotes to construct a compelling portrait of Henry Cooper a remarkable figure whose life encapsulates the struggles and triumphs of his time The work stands as both a tribute and an exploration situating Cooper s life within the fluctuating landscape of 19th century society marked by rapid changes in social dynamics and cultural norms William Cooper an astute observer of his contemporary milieu was deeply impacted by his experiences in a rapidly changing world His background in both literature and history equipped him with the skills to articulate the nuances of individual lives against the backdrop of larger societal movements Cooper s personal journey and keen interest in documenting lives that shaped history motivated him to illuminate the legacy of Henry Cooper ensuring that his contributions to society would not be forgotten Readers interested in biographical literature that combines personal narrative with historical analysis will find A Sketch of the Life of the late Henry Cooper to be a rich and satisfying read This book not only honors Henry Cooper s legacy but also invites readers to reflect on the interplay between individual lives and the broader currents that shape them **The Queens of England and Their Times** Francis Lancelott,1894 **Memoirs Illustrating the History of Napoleon I from 1802 to 1815** Claude-François baron de Méneval,1894
