leading voices on white privilege and anti racism work comes this collection of essays on complexities of privilege and power Each of the four parts illustrates Peggy McIntosh s practice of combining personal and systemic understandings to focus on power in unusual ways Part I includes McIntosh s classic and influential essays on privilege or systems of unearned advantage that correspond to systems of oppression Part II helps readers to understand that feelings of fraudulence may be imposed by our hierarchical cultures rather than by any actual weakness or personal shortcomings Part III presents McIntosh s Interactive Phase Theory highlighting five different world views or attitudes about power that affect school curriculum cultural values and decisions on taking action The book concludes with powerful insights from SEED a peer led teacher development project that enables individuals and institutions to work collectively toward equity and social justice This book is the culmination of forty years of McIntosh s intellectual and organizational work **Packaging Boyhood** Sharon Lamb, Ed.D.,Lyn Mikel Brown, Ed.D.,Mark Tappan, Ed.D.,2009-10-13 Player Jock Slacker Competitor Superhero Goofball Boys are besieged by images in the media that encourage slacking over studying competition over teamwork power over empowerment and being cool over being yourself From cartoons to video games boys are bombarded with stereotypes about what it means to be a boy including messages about violence risktaking and perfecting an image of just not caring Straight from the mouths of over 600 boys surveyed from across the U S the authors offer parents a long hard look at what boys are watching reading hearing and doing They give parents advice on how to talk with their sons about these troubling images and provide them with tools to help their sons resist these messages and be their unique selves **Colormute** Mica Pollock,2009-04-11 This book considers in unprecedented detail one of the most confounding questions in American racial practice when to speak about people in racial terms Viewing race talk through the lens of a California high school and district Colormute draws on three years of ethnographic research on everyday race labeling in education Based on the author s experiences as a teacher as well as an anthropologist it discusses the role race plays in everyday and policy talk about such familiar topics as discipline achievement curriculum reform and educational inequality Pollock illustrates the wide variations in the way speakers use race labels Sometimes people use them without thinking twice at other moments they avoid them at all costs or use them only in the description of particular situations While a major concern of everyday race talk in schools is that racial descriptions will be inaccurate or inappropriate Pollock demonstrates that anxiously suppressing race words being what she terms colormute can also cause educators to reproduce the very racial inequities they abhor The book assists readers in cultivating a greater understanding of the pitfalls and possibilities of everyday race talk and clarifies previously murky discussions of colorblindness By bridging the gap between theory and practice Colormute will be enormously helpful in fostering ongoing conversations about dismantling racial inequality in America *Beyond White Mindfulness* Crystal M. Fleming,Veronica Y. Womack,Jeffrey Proulx,2022-02-17 *Beyond White Mindfulness* Critical Perspectives on Racism Well being and Liberation brings together interdisciplinary perspectives on mind body interventions group based identities and

social justice. Marsha Marshall, both empirical data and theoretical approaches the book examines a broad range of questions related to mindfulness meditation and diverse communities. While there is growing public interest in mind-body health, holistic wellness and contemplative practice, critical research examining on these topics featuring minority perspectives and experiences is relatively rare. This book draws on cutting edge insights from psychology, sociology, gender and critical race theory to fill this void. Major themes include culture, identity and awareness, intersectional approaches to the study of mindfulness and minority stress, cultural competence in developing and teaching mindfulness based health interventions and the complex relationships between mindfulness, inequality and social justice. The first book of its kind to bring together scholarly and personal reflections on mindfulness for diverse populations. *Beyond White Mindfulness* offers social science students and practitioners in this area a new perspective on mindfulness and suggestions for future scholarship.

Best Practices in Prevention Sally Hage, John L. Romano, 2012-12-20 This second book in the Prevention Practice Kit provides counselors, psychologists and other mental health workers with practical steps that need to be considered by prevention practitioners as they engage with others in developing and delivering prevention projects. A context for engaging in prevention practice is provided including discussion of how prevention fits with traditional models of psychology, descriptions of theoretical models for doing prevention practice and examples of empirically supported prevention interventions.
