Macdonald,2011-04-12 They terrify and fascinate us They are moving closer to us as climate change deforestation and rural
development diminish their habitats Once considered rare romantic creatures bears are now as common in some places as
raccoons Some say we should leave them alone others argue that responsible hunting will serve both bears and humans best
Weighing both sides of the argument award winning writer Jake MacDonald examines the history and behavior of the three
species of bears in North America grizzlies black bears and polar bears Part memoir and part natural history In Bear Country
draws on the personal experiences of MacDonald and others providing an absorbing story about the place bears occupy in
our world and the place we occupy in theirs As MacDonald skillfully weaves a compelling meditation on our continent s
