Sky Burial:

Tibetan Rituals of Death Margaret Gouin, 2012-09-10 This book describes and analyses the structure and performance of Tibetan Buddhist death rituals and situates that performance within the wider context of Buddhist death practices generally Drawing on a detailed and systematic comparative survey of existing records of Tibetan funerary practices including historical travel accounts anthropological and ethnographic literature Tibetan texts and academic studies it demonstrates that there is no standard form of funeral in Tibetan Buddhism although certain elements are common The structure of the book follows the twin trajectories of benefiting the deceased and protecting survivors in the process it reveals a rich and complex panoply of activities some handled by religious professionals and others by lay persons This information is examined to identify similarities and differences in practices and the degree to which Tibetan Buddhist funeral practices are consistent with the mortuary rituals of other forms of Buddhism A number of elements in these death rites which at first appear to be unique to Tibetan Buddhism may only be Tibetan in their surface characteristics while having roots in practices which pre date the transmission of Buddhism to Tibet Filling a gap in the existing literature on Tibetan Buddhism this book poses research challenges that will engage future scholars in the field of Buddhism Tibetan Buddhism and Anthropology *Peaks on the Horizon* Charlie Carroll, 2015-02-10 Charlie Carroll's obsession began with his chance discovery of *Seven Years in Tibet* in the Adult Reading section of his grade school library The battered hardcover with faded gold lettering sparked a twenty year obsession with Tibet and after combing through every book article and documentary on the mysterious and controversial nation Charlie finally decided it was time to stop reading other people's records and thoughts A high school English teacher by then he took a sabbatical and set out to experience the shrouded land for himself Contending with Chinese bureaucracy unforgiving terrain and sickness inducing altitude Charlie sought entrance to twenty first century Tibet in all its heart stopping beauty The same year Charlie was browsing library shelves Tibetan born Lobsang was crossing the Himalayas on foot enduring to flee the volatile region with his family at the young age of five An exile in Nepal with an ear for languages then a university student in India he followed the love of his life back to their home country only to be separated by China's harsh political backlash In a teahouse at the border between China and Tibet Lobsang met Charlie and recounted his extraordinary life story exemplifying the hardship resilience and hope of modern Tibetan life The Path to Mysterious Tibet Frank Wong, 2012-07-31 It is a travel publication revealing the mysterious part of Tibet Its sky burial that a dead person is cut and chopped into pieces for the vultures consumption So that the dead will be flown up to the sky by the vultures to place that is nearer to their deities god The second part of the book is on the route that a dead person has to pass through after death Finally end up in reincarnation The reincarnation may not be a rebirth of the human being There are 6 channels to go for rebirth Any moment one can rebirth as the son of his son one can also rebirth as a monkey or an ape animal Believe it or not this is the teaching of the esoteric religion of the Tibetans Have you seen people walking on the water to cross a lake
