The Limits of Control Ryan Diduck,2020-09-22 Ryan Diduck turns his attention to control societies and their protocols in the wake of the global COVID 19 pandemic What are the political implications of government measures to combat Coronavirus The end of the world as we know it is no longer imaginary Severe acute respiratory syndrome Coronavirus 2 also known as SARS CoV 2 or COVID 19 is a potent virus that is upturning nearly every aspect of life on earth But the novel Coronavirus is more than just a virus It is a marketplace and media event too broadcasting at speed oscillating against the transmission of its mediations Ultimately COVID 19 is the pretext upon which nations around the world have enacted social controls of varying severity strictly limiting the communication movement and daily activities of billions of people This could be a moment of overwhelming consolidation of capital Or it could further reveal the cracks in a system which has exacerbated the coronavirus pandemic We are rapidly approaching the limits of control In the tradition of William S Burroughs Naomi Klein Mark Fisher and other key theorists of discipline and jurisdiction The Limits of Control offers a timely new analysis of control societies and a sibylline roadmap for living together in a hypervirulent world What we imagine from now on has never mattered more Are We Living in a Disaster Movie? Brian A. Shaer,2022-08-03 Some periods of history contain so many compounded disasters they seem to be inspired by disaster movies In the early 2020s the Covid 19 pandemic upended the world and thrust populations into a state of uncertainty and fear as seen in movies like Outbreak The Towering Inferno or Armageddon Birthed from the author s original research on disaster movies this book argues that the life cycle of Covid closely parallels various apocalyptic films from the personas of the main players to the strike of the cataclysm itself To view the Covid pandemic through the language of disaster movies the book identifies those that mirror predict each stage of the Covid pandemic analyzing the similarities between the films and real life events A filmography of the featured disaster movies concludes the book *American Disaster Movies of the 1970s* Scott Freer,2023-10-19 American Disaster Movies of the 1970s is the first scholarly book dedicated to the disaster cycle that dominated American cinema and television in the 1970s Through examining films such as Airport 1970 The Poseidon Adventure 1972 Two Minute Warning 1976 and The Swarm 1978 alongside their historical contexts and American contemporaneous trends the disaster cycle is treated as a time bound phenomenon This book further contextualises the cycle by drawing on the longer cultural history of modernist reactions to modern anxieties including the widespread dependence on technology and corporate power Each chapter considers cinematic precursors such as the ark movie and contemporaneous trends such as New Hollywood vigilante and blaxploitation films as well as the immediate American context the end of the civil rights and countercultural era the Watergate crisis and the defeat in Vietnam As Scott Freer argues the disaster movie is a modern demotic form of tragedy that satisfies a taste for the macabre It is also an aesthetic means for processing painful truths and many of the dramatized themes anticipate present day monstrosities of

modernity
