

Slave Girls

Anthony W. Neal

Slave Girls:

Slave Women in the New World Marietta Morrissey, 2021-10-08 In this innovative study Marietta Morrissey reframes the debate over slavery in the New World by focusing on the experiences of slave women Rich in detail and rigorously comparative her work illuminates the exploitation achievements and resilience of slave women in the British Dutch French Spanish and Danish colonies in the Caribbean from 1600 through the mid 1800s Morrissey examines a wide spectrum of experience among Caribbean slave women including their work at home in the fields and as domestics their roles as wives and mothers their health sexuality and fertility and their decline in status with the advent of industrialization and the abolition of slavery Life for these women Morrissey shows was much more hazardous brutal and fragmented than it was for their counterparts in the American South These women were in a constant dynamic struggle with men both masters and fellow slaves over the foundations of their social experience This experience was defined both by their status as slaves and by gender inequality On the one hand their slave status gradually robbed them of their domain the household economy and created a kind of perverse equality in which slave women like slave men became units of agricultural labor One the other hand slave women were denied the access that slave men eventually gained to skilled agricultural work The result of this gender inequality as Morrissey convincingly demonstrates was a further erosion of the status and authority of slave women within their own culture Morrissey s study which addresses significant issues in women s history and black history will go far toward reshaping our perceptions of slave life in the new world

Unburdened by Conscience Anthony W. Neal, 2010 This book argues that influential historians have been unable to offer a complete account of ante bellum era American slavery because of their preoccupation with humanizing the slaveholders Neal skillfully weaves together candid first hand accounts of courageous ex slaves permitting readers to see slavery in the United States from their point of view

Mistresses and Slaves Marli Frances Weiner, 1997 Marli Weiner challenges much of the received wisdom on the domestic realm of the nineteenth century southern plantation a world in which white mistresses and female slaves labored together to provide food clothing and medicines to the larger plantation community Although divided by race black and white women were joined by common female experiences and expectations of behavior Because work and gender affected them as much as race mistresses and female slaves interacted with one another very differently from the ways they interacted with men Supported by the women s own words Weiner offers fresh interpretations of the ideology of domesticity that influenced women s race relations before the Civil War the gradual manner in which they changed during the war and the harsher behaviors that resulted during Reconstruction A volume in the series Women in American History edited by Anne Firor Scott Nancy A Hewitt and Stephanie Shaw

The Life and Works of Jahiz Charles Pellat, 1969 Al J hiz who lived in Basra and Baghdad in the eighth and ninth centuries A D was one of the most famous and prolific of Arab prose writers A versatile polymath and

popularizer known for his works of adab and his religious and political polemics as well as for his literary works of social satire such as the Book of Misers al J hiz has been called brilliant and superficial and certainly his style was characteristically inconsequential and digressive Professor Pellat says of him elsewhere For the majority of literate Arabs al J hiz remains if not a complete buffoon at least something of a jester for he never fails even in the weightiest passages to slip in anecdotes witty observations and amusing comments Alarmed at the dullness and boredom enshrouding the speculations of a good many of his contemporaries he deliberately aimed at a lighter touch and his sense of humor enabled him to deal entertainingly with serious subjects In this book Professor Pellat indisputably the greatest J hiz authority has selected the best as well as the most characteristic of his known writings prefacing them with an assessment of his life and works book jacket **The**

Ottoman Dynasty Alexander W. Hidden,1912 Intended to familiarize the English speaking people with the annals of the beautiful Orient and with the various phases of the rapidly impending crisis in Turkey the book is a history of Turkey and the Ottoman Empire primarily a political history mostly concerned with wars treaties and invasions **Representations of**

Slave Women in Discourses on Slavery and Abolition, 1780-1838 Henrice Altink,2005-06-22 This book analyzes textual representations of Jamaican slave women in three contexts motherhood intimate relationships and work in both pro and antislavery writings Altink examines how British abolitionists and pro slavery activists represented the slave women to their audiences and explains not only the purposes that these representations served but also their effects on slave women s lives

Black Masters: A Free Family of Color in the Old South Michael P. Johnson,James L. Roark,1986-04-17 A remarkably fine work of creative scholarship C Vann Woodward New York Review of Books In 1860 when four million African Americans were enslaved a quarter million others including William Ellison were free people of color But Ellison was remarkable Born a slave his experience spans the history of the South from George Washington and Thomas Jefferson to Robert E Lee and Jefferson Davis In a day when most Americans black and white worked the soil barely scraping together a living Ellison was a cotton gin maker a master craftsman When nearly all free blacks were destitute Ellison was wealthy and well established He owned a large plantation and more slaves than all but the richest white planters While Ellison was exceptional in many respects the story of his life sheds light on the collective experience of African Americans in the antebellum South to whom he remained bound by race His family history emphasizes the fine line separating freedom from slavery

A Hard Fight for We Leslie A. Schwalm,1997 African American women fought for their freedom with courage and vigor during and after the Civil War Leslie Schwalm explores the vital roles of enslaved and formerly enslaved women on the rice plantations of lowcountry South Carolina both in antebellum plantation life and in the wartime collapse of slavery From there she chronicles their efforts as freedwomen to recover from the impact of the war while redefining their lives and labor Freedwomen asserted their own ideas of what freedom meant and insisted on important changes in the work they performed both for white employers and in their own homes As Schwalm shows these women rejected the most unpleasant or

demeaning tasks guarded the prerogatives they gained under the South's slave economy and defended their hard won freedoms against unwanted intervention by Northern whites and the efforts of former owners to restore slavery's social and economic relations during Reconstruction. A bold challenge to entrenched notions. *A Hard Fight for We* places African American women at the center of the South's transition from a slave society.

Prehistoric Humans in Film and Television
Michael Klossner, 2015-01-09

From the early days of the movies, cavemen have been a popular subject for filmmakers, not surprisingly, since the birth of cinema occurred only a few decades after the earliest scientific studies of prehistoric man. Filmmakers, however, were not constrained by the emerging science; instead, they most often took a comedic look at prehistory, a trend that continued throughout the 20th century. Prehistoric humans also populated adventure fantasy films, with the original *One Million B.C.* (1940) leading the charge. Documentaries were also made, but it was not until the 1970s that accurate film accounts of prehistoric humans finally emerged. This exhaustive work provides detailed accounts of 581 film and television productions that feature depictions of human prehistory. Included are dramas and comedies set in human prehistory, documentaries, and films and television shows in which prehistoric people somehow exist in historical periods from the advent of civilization up to the present or in extraterrestrial settings. Each entry includes full filmographic data, including year of release, running time, production personnel, cast information, and format. A description of each film provides background on the prehistoric elements. Contemporary critical commentary is included for many of the works.
