Slavery For Beginners:

Slavery for Beginners Joe Lee, S.E. Anderson, 1998-07-01 A new comic book in the best selling For Beginners series Slavery for Beginners is a basic introduction to the horrors of all forms of slavery and slave trades and to the struggles against them Emphasizing particularly the enslavement of millions of African people this book examines the daily experience of slavery and its social and cultural effects throughout the Americas and the Caribbean It also answers fundamental questions such as What is the difference between slavery and indentured servitude and What is the connection between racism and slavery A teacher and activist involved in the Black Liberation struggle for decades the author was a founding member of the Black Panther Party *Black History For Beginners* Denise Dennis, 2007-08-21 What is Black History Did you know what blacks were in Cortez's crew in Mexico with Pizarro in Peru and Alvarado in Quito that when Balboa discovered the Pacific Ocean 30 black people were with him that when Alarcon and Coronado conquered Mexico black people were with them too Any misunderstandings between blacks and whites in today's society tend to stem from the misconceptions about blacks that have been allowed to thrive throughout the ages The only way to help abolish stereotypes is to help present a more complete picture of the black people throughout history Black History For Beginners covers a rich but often ignored history and chronicles the black struggle from capture and enslavement in Africa through the Civil Rights movement and up to today and the new and different kinds of struggles that black people face today **American Presidency for Beginners** Justin Slaughter Doty, 2017-02-01 The President of the United States is an office that attracts men of all character From George Washington to Barack Obama the office has been held by farmers scholars veterans and lawyers from all regions of the United States The American Presidency For Beginners tells a concise history of the actions and consequences of all 44 presidents The evolution of the presidency from the weak curator of Congress to becoming the titan of policy both domestic and foreign is highlighted in 10 sections The American Presidency For Beginners is a must read for those who find the position of commander in chief compelling and who want to learn more about the eclectic personalities that have led the US *Modern Slavery* Kevin Bales, Zoe Trodd, Alex Kent Williamson, 2011-04-01 Written by the world's leading experts and campaigners Modern Slavery A Beginner's Guide blends original research with shocking first hand accounts from slaves themselves around the world to reveal the truth behind one of the worst humanitarian crises facing us today Only a handful of slaves are reached and freed each year but the authors offer hope for the future with a global blueprint that proposes to end slavery in our lifetime All royalties will go to Free the Slaves *The Fieldston Guide to American History for Cynical Beginners* Jim Cullen, 2005-03 Are You a Cynical Beginner You may not have a Ph D in history but you already know or can readily believe that Columbus didn't exactly discover America Or that the man who wrote the Declaration of Independence was a slaveholder Or that our leaders may not be entirely committed to the effort to make sure that in fact no child is left behind But the truth of individual lives can be more compelling than they initially appear surprising informative and maybe

even inspiring This book explores a few such lives and the lessons they offer in ways that might actually mean something outside a classroom These biographical case studies which include General George Washington who was once invited to lead a military coup against the new American government Ida Wells who responded to lynchings by publicly mocking the manhood of those who murdered African Americans and Eugene Debs who chose to go to jail to protect free speech explore a series of questions How does one keep true to one's principles in the face of social pressure What strategies work best in addressing your opponents Can public acts atone for private flaws In different ways the profiles in courage here provide answers to these questions not definitive answers but real ones You can weigh them accept them reject them or who knows maybe even apply them You may not end up any less cynical after leafing through this book But you will be less of a beginner
