A Clinical Guide to Sleep Disorders in Children and Adolescents Gregory Stores,2001-06-07 Sleep disturbance is commonplace and causes much personal distress to sufferers and their families It is implicated in a variety of problems from poor educational performance or disturbed behaviour to accidents or physical dysfunction Traditionally research into sleep disorders has generally been undertaken within separate unconnected medical disciplines and has mainly involved adults As sleep disturbance is closely associated with serious problems identifying and treating sleep disorders early is essential for good long term health and well being Yet there is no up to date comprehensive one stop source of information for clinicians concerning sleep disorders in young people Gregory Stores addresses this need with a cross disciplinary account of available clinical information and treatments illustrated by actual cases of sleep problems in the young This book will be essential reading for all professionals involved in child healthcare from infancy to adolescence and will also be invaluable to general readers looking for up to the minute information and references

Parents and Children C.W. Valentine,2015-06-05 By his wide influence as author and teacher C W Valentine had established himself as a leading authority in this country on child psychology applied to early training Originally published in 1953 this was a book for parents who need help and advice in bringing up their children and who were puzzled by the obscure and often contradictory assertions of child psychologists This book deals with the earliest problems feeding weaning sleep etc it then goes on to early discipline first school difficulties and adolescence The great individual differences in children frequently in the same family are stressed so that parents would not be so ready to imagine behaviour to be abnormal It also sought to help parents understand themselves in their attitude towards their children As teachers social and religious workers children s welfare officers and nurses were increasingly brought into touch with parents to discuss with them the upbringing of their children it was hoped that this book would be of use to those groups as well as to parents themselves
