Taylor, 2005-03-21 SMS or Text is one of the most popular forms of messaging Yet despite its immense popularity SMS has remained unexamined by science Not only that but the commercial organisations who have been forced to offer SMS by a demanding public have had very little idea why it has been successful Indeed they have until very recently planned to replace SMS with other messaging services such as MMS This book is the first to bring together scientific studies into the values that texting provides examining both cultural variation in countries as different as the Philippines and Germany as well as the differences between SMS and other communications channels like Instant Messaging and the traditional letter It presents usability and design research which explores how SMS will evolve and what is likely to be the pattern of person to person messaging in the future In short The Inside Text is a fundamental resource for anyone interested in mobile communications at the start of the 21st Century **The Sensational Toddler Sleep Plan** Alison Scott-Wright, 2021-08-12 WITH A FOREWORD BY MILLIE MACKINTOSH From the author of the hugely successful The Sensational Baby Sleep Plan A follow up guide helping parents to handle sleep issues in toddlers and children aged over twelve months With clear and realistic advice on how to Implement the fail safe reassurance sleep training technique Establish healthy bedtime associations Understand your toddler's development Implement a routine through responsible and positive parenting Manage changes
