Jim Storr

Slim The Standardbearer A Biography Of Field Marshal The Viscount Slim:

Slim Ronald Lewin,1999 Field Marshal the Viscount Slim was blessed with none of the advantages of wealth and social position that eased the progress of many army officers With only his integrity personality and intellect he rose to the pinnacle of his career **Slim** Ronald Lewin,1976 **Field Marshal Slim - Theoretical Thinking And The Impact Of Theory**

On Campaign Planning Major Shawn P. Steele,2014-08-15 Field Marshall Viscount Slim holds a special place in modern military history He soundly defeated the Imperial Japanese Army in Burma in 1945 retaking the strategically important Burma Road and safeguarding the Chinese Theater from sure culmination By all accounts Slim is a military genius having achieved this notable victory even after the Japanese 15th Army pushed Allied troops all the way back to India The historical records attribute Slim s success to his superior ability to lead soldiers in combat but they tell only half the story By tracing Slim s implicit process of theoretical thinking using an observe interpret hypothesize test and prescribe action framework this story demonstrates that Slim s genius came from a combination of his abilities to lead and think theoretically Specifically in the case of Slim his ability to think theoretically afforded him the opportunity to develop a new operational approach a paradigm shift of sorts and his leadership made it possible to motivate his men to employ that approach The author asserts that it is the presence of these two abilities in a single man that make him a superior military commander *Senior Leader Decision Making: Lessons Gleaned From Field Marshal Viscount Sir William Slim And Bill Gates* Lt-Col Keith

Vore,2014-08-15 Just as many football players have failed to become great coaches so too have many governmental leaders leaders of industry and military officers failed to succeed when placed at higher levels of responsibility Understanding how to solve problems at increasingly higher levels of dynamic complexity is certainly important to the success of the military at large Being able to discern a complex situation sizing up what is happening and what is critical to the situation knowing at a glance what is occurring and why confidently understanding what is important and what is not and then making a successful decision to respond are critical aspects of senior leader decision making Resources at this level are rarely sufficient to overwhelm the opposition everywhere continuously Divining a path of success that maximizes leverage over the competition at least cost is imperative for long term operations One way to explore this vital issue is to examine the thoughts and decisions of those who have been thrust into complex decision making situations and were eminently successful time and again Sir William Slim faced almost insurmountable complexity in dealing with the Japanese in the China Burma India theater during World War II Yet he managed to figure out a way to succeed in spite of the complexity he faced soundly defeating the Japanese and driving them completely from the country Bill Gates has faced complexity of an entirely different sort in his unparalleled rise to success in the computer software industry He has managed in spite of the complexity to uncannily make decisions that have propelled him to the top of his profession This monograph examines the research question Do the decision making methods used by Sir William Slim and Bill Gates correspond to the theories espoused by

Gary Klein with respect to patterns and anomalies singular evaluation and leverage points **Britain and France in Two World Wars** Robert Tombs, Emile Chabal, 2013-07-18 France and Britain indispensable allies in two world wars remember and forget their shared history in contrasting ways The book examines key episodes in the relationship between the two countries including the outbreak of war in 1914 the battles of the Somme and Verdun the Fall of France in 1940 Dunkirk and British involvement in the French Resistance and the 1944 Liberation The contributors discuss how the two countries tend to forget what they owe to each other and have a distorted view of history which still colours and prejudices their relationship today despite government efforts to build a close political and military partnership The Second World War Jeremy Black, 2017-05-15 World War II defined the 20th century and shaped the contemporary world from the decolonization of Africa to the rise and fall of the Berlin Wall This comprehensive series edited by one of the worlds leading military historians offers a focused overview of this complex and volatile era taking into account the political economic and social factors as well as military circumstances of the road to war and its consequences Augmented by a full length and detailed introduction by the editor each volume gathers together the seminal articles on specific arenas of the war providing a convenient and essential resource for researchers and general readers alike Battle for Malaya Kaushik Roy, 2019-12-02 The historian and author of The Army in British India analyzes the British Indian Army s devastating loss to the Imperial Japanese during WWII The defeat of 90 000 Commonwealth soldiers by 50 000 Japanese soldiers made the World War II Battle for Malaya an important encounter for both political and military reasons British military prestige was shattered fanning the fires of nationalism in Asia especially in India Japan s successful tactics in Malaya rapid marches wide outflanking movement along difficult terrain nocturnal attacks and roadblocks would be repeated in Burma in 1942 43 Until the Allied command evolved adequate countermeasures Japanese soldiers remained supreme in the field Looking beyond the failures of command Kaushik Roy focuses on tactics of the ground battle that unfolded in Malaya between December 1941 and February 1942 His analysis includes the organization of the Indian Army the largest portion of Commonwealth troops and compares it to the British and Australian armies that fought side by side with Indian soldiers Utilizing both official war office records and personal memoirs autobiographies and oral histories Roy presents a comprehensive narrative of operations interwoven with tactical analysis of the Battle for Malaya **Birth Order and Political Behavior** Albert Somit, Alan Arwine, Steven A. Peterson, 1996 This book provides a careful examination of the possible influence of birth order on political achievement and behavior The authors look at American presidents Supreme Court justices United States senators and representatives and the careers of an entire West Point class For a comparative dimension they also study British Prime Ministers U N Secretaries General post Renaissance popes leaders of the U S S R and great generals through the ages What the authors find is that there is no measurable relationship between birth order and being first born and political achievement and behavior These findings cast considerable doubt on the long standing belief that birth order has an important impact on either achievement or behavior

The authors clarify that very few studies suggesting such a relationship do not stand up under careful scrutiny This basic conclusion and other curious findings from the study make Birth Order And Political Behavior insightful reading for almost any behavioral scientist The book will also be relevant to courses in child development clinical psychology psychiatry political science anthropology and sociology

The China-Burma-India Campaign, 1931-1945 Eugene L. Rasor, 1998-03-19 The China Burma India campaign of the Asian Pacific war of World War II was the most complex if not the most controversial theater of the entire war Guerrilla warfare commando and special intelligence operations and air tactics originated here The literature is extensive and this book provides an evaluative survey of that vast literature A comprehensive compilation of some 1 500 titles the work includes a narrative historiographical overview and an annotated bibliography of the titles covered in the historiographical section Following an introductory historical essay and a chronology the historiographical narrative covers land water underwater air and combined operations intelligence matters diplomacy and logistics and supply It also examines the memoirs diaries autobiographies and biographies of the personnel involved Such cultural topics as journalism fiction film and art are analyzed and existing gaps in the literature are looked at The bibliography provides both descriptive and evaluative annotations

World War II Spencer C. Tucker, Priscilla Roberts, 2005-02-23 Designed with the more visual needs of today's student in mind this landmark encyclopedia covers the entire scope of the Second World War from its earliest roots to its continuing impact on global politics and human society Over 1 000 illustrations maps and primary source materials enhance the text and make history come alive for students and faculty alike ABC CLIO's World War II A Student Encyclopedia captures the monumental sweep of the Big One with accessible scholarship a student friendly image rich design and a variety of tools specifically crafted for the novice researcher For teachers and curriculum specialists it is a thoroughly contemporary and authoritative work with everything they need to enrich their syllabi and meet state and national standards Ranging from the conflict's historic origins to VJ Day and beyond it brings all aspects of the war vividly to life its origins in the rubble of World War I its inevitable outbreak its succession of tumultuous battles and unforgettable personalities Students will understand what the war meant to the leaders the soldiers and everyday families on home fronts around the world Featured essays look at Pearl Harbor the Holocaust the atomic bomb and other crucial events as well as fascinating topics such as signals intelligence and the role of women in war A separate primary source volume provides essential source material for homework test preparation or special projects With a wealth of new information and new ideas about the war's causes course and consequences World War II will be the first place students turn for the who what when where and more importantly the why behind this historic conflict
