*Smith and Keenan's Advanced Business Law* Denis J. Keenan, Kenneth Smith, 1991-01-01 **Law for Business** Denis J. Keenan, Smith, 2003-04-01 **Integrity in the Business Panorama** Sebastian Văduva, Victor T. Alistar, Andrew R. Thomas, Ioan S. Fotea, Călin D. Lupițu, Daniel S. Neagoie, Adrian F. Cioară, 2016-06-11 This volume explores the value of business integrity and ethics as a best practice model in business strategy. The authors define business integrity, explore areas in which integrity is often absent or discredited and provide a framework and tools to help build better business ethics and corporate social responsibility. The volume aims to reveal that beyond the immediate economic effect, corruption can ruin entire countries by destabilizing key economic and political players, warping their vision for state development. Against the backdrop of global financial and ethical crises, the authors argue that integrity in business is a key component for long-term success. Integrity includes the ability to be consistent with one's moral values and principles and places society's wishes at the center of business decision making. The cornerstone upon which a culture of integrity is built within a certain business is the ethics code. It explicitly states the values and principles to which a company adheres. The continuous promotion support

and communication of the ethics code stipulations provide the basis upon which integrity in business is built Featuring case studies from countries such as Sweden Great Britain and France and companies such Starbucks Nike PSEG and Anglo American PLC this volume provides a comprehensive study of business integrity and social responsibility that will be of interest to students scholars professionals and policy makers from around the world      **Smith and Keenan's Advanced Business Law Instructors Manual** Denis Keenan,1997-05-01      *Directive 1999/44/EC and the Smart Regulation: Has the Directive Complied with the Principles of Simplicity and Proportionality Under the Smart Regulation Initiative for Consumers in Germany and England and Wales?* Zlatka Koleva,2015-02 Consumption is one of the most influential albeit dynamic economic factors of the 21st century and therefore the legal rules and norms governing consumers are radically changing overtime On European level Directive 1999 44 EC has had a significant impact on the legal systems of member states since its regulatory framework conflicts with well established traditions rooted in the legal history of a country This book will explore how and where the directive s norms clash with national law Germany and England and Wales will serve as examples of two opposite approaches towards its implementation Furthermore the effects of the directive s incorporation into these domestic legal systems will be assessed in the light of the Smart Regulation s normative principles of simplicity and proportionality in order to determine whether it has improved the position of the consumer or legal certainty has been once again undermined      **Business Degree Success** Jonathan Groucutt,2008-08-20 This is a practical guide for those studying business and management related subjects at undergraduate level Written in an engaging and clear style the book helps students prepare effectively for assignments presentations examinations and dissertations encompassing both business studies and the real workings of business      **ICT Law Book** Adam J.
