Nickel,2015-02-10 Culture Politics and Governing The Contemporary Ascetics of Knowledge Production is a critical interdisciplinary approach to how the practices that govern the production of knowledge and culture have material consequences for how we experience everyday life Foucault on Leadership Nathan W. Harter,2016-02-05 Michel Foucault one of the most cited scholars in the social sciences devoted his

last three lectures to a study of leader development Going back to pagan sources Foucault found a persistent theme in Hellenistic antiquity that in order to qualify for leadership a person must undergo processes of subjectivation which is simply the way that a person becomes a Subject From this perspective an aspiring leader first becomes a Subject who happens to lead These processes depend on a condition of *parresia* which is truth telling at great risk that is for the edification of the other person A leader requires a mentor and advisors in order to lead successfully while also developing the capacity in one's own mind to heed the truth In other words a leader must learn how to guide oneself A valuable contribution to the field of leadership studies this book summarizes these last lectures as they pertain to the study and practice of leadership emphasizing the role of ethics and truth telling as a check on power It then presents several other contexts where these same lessons can be seen in practice including in the life of Alexander Solzhenitsyn whose career as a writer epitomized speaking truth to power and somewhat surprisingly in the United States military in response to its twenty first century mission of counterinsurgency Locating Exiled Writers in Contemporary Russian Literature L. Wakamiya, 2009-12-21 This innovative study examines the work of exiles from the Soviet Union who returned to a reformed post Soviet Russia to initiate narrative processes of self definition oriented toward a readership and nation seeking self identity all at a time of social political and cultural transition within Russia itself One Day in the Life of Ivan Denisovich Alexis Klimoff, 1997 Alexis Klimoff's companion to Aleksandr Solzhenitsyn's *One Day in the Life of Ivan Denisovich* includes a general introduction discussing the work in the context of Solzhenitsyn's oeuvre as well as its place within the Russian literary tradition Also included are primary sources and other background materials as well as discussions of the work by leading scholars and an annotated bibliography Combining the highest order of scholarship with accessibility this critical companion illuminates a great work of Russian literature and will enhance its appreciation by both teachers and students Book Jacket **Russian Messianism** Peter J. S. Duncan, 2002-11 This unique work will be of great interest to those engaged in politics and Russian studies as well as professionals dealing with Russia
