Somalia A Perspective:

What are Somalia's Development Perspectives? Jörg Janzen, Stella von Vitzthum, 2001 **Somalia** Kevin M. Cahill, 1980 **African Urban Spaces in Historical Perspective** Steven J. Salm, Toyin Falola, 2005 This book presents new and interdisciplinary approaches to the study of African urban history and culture Moving between precolonial colonial and contemporary urban spaces it covers the major regions religions and urban societies of sub Saharan Africa African Urban Spaces in Historical Perspective presents new and interdisciplinary approaches to the study of African urban history and culture It presents original research and integrates historical methodologies with those of anthropology geography literature art and architecture Moving between precolonial colonial and contemporary urban spaces it covers the major regions religions and cultural influences of sub Saharan Africa The themes include Islam and Christianity architecture migration globalization social and physical decay identity race relations politics and development This book elaborates on not only what makes the study of African urban spaces unique within urban historiography it also offers an encompassing and up to date study of the subject and inserts Africa into the growing debate on urban history and culture throughout the world The opportunities provided by the urban milieu are endless and each study opens new potential avenues of research This book explores some of those avenues and lays the groundwork on which new studies can build Contributors Maurice Nyamanga Amutabi Catherine Coquery Vidrovitch Mark Dike DeLancey Thomas Ngomba Ekali Omar A Eno Doug T Feremenga Laurent Fourchard James Genova Fatima Muller Friedman Godwin R Murunga Kefa M Otiso Michael Ralph Jeremy Rich Eric Ross Corinne Sandwith Wessel Visser Toyin Falola is the Jacob and Frances Sanger Mossiker Chair in the Humanities and University Distinguished Teaching Professor at the University of Texas at Austin Steven J Salm is Assistant Professor of History Xavier University of Louisiana **The United States and Coercive Diplomacy** Robert J. Art, Patrick M. Cronin, 2003 As Robert Art makes clear in a groundbreaking conclusion those results have been mixed at best Art dissects the uneven performance of coercive diplomacy and explains why it has sometimes worked and why it has more often failed **BOOK JACKET** *State Building and National Identity Reconstruction in the Horn of Africa* Redie Bereketeab, 2017-02-10 This book examines post secession and post transition state building in Somaliland Somalia South Sudan and Sudan It explores two intimately linked yet analytically distinct themes state building and national identity reconstruction following secession and collapse In Somaliland and South Sudan rearranging the state requires a complete metamorphosis of state institutions so that they respond to the needs and interests of the people In Sudan and Somalia the reconfiguration of the remains of the state must address a new reality and demands on the ground All four cases examined although highly variable involve conflict Conflict defines the scope depth and momentum of the state building and state reconstruction process It also determines the contours and parameters of the projects to reconstitute national identity and rebuild a nation Addressing the contested identity formation and its direct relation to state building would therefore go a long way in mitigating conflicts and

state crisis *Comparative Criminology Across Western and African Perspectives* Sungi, Simeon P.,Ouassini, Nabil,2022-06-03 Crime prevention is essential to the success of any civilization Effective criminal justice systems contribute greatly to the prevention of crime However clashing traditional and modern theories regarding appropriate action within criminal justice organizations can cause these systems to fail even when personnel is beyond reproach Successfully blending traditional and modern theories on criminal justice can bolster justice systems and allow them to be successful *Comparative Criminology Across Western and African Perspectives* is a critical scholarly publication that addresses comparative issues pertaining to empirical research and theoretical frameworks on criminology in Africa Highlighting topics such as policing ethics criminal theory and victims rights this book is ideal for academicians law enforcement victim advocates lawmakers correctional officers correctional rehabilitation counselors criminologists researchers policymakers government officials and students **American Muslim Perspectives on Radicalization** Nahid Afrose Kabir,2023-11-15 This book is a study of American Muslims perspectives on Muslims who become radicalized and choose to support the Islamic State Muslim radicalization is a global phenomenon that has affected American Muslims as it has Muslims throughout the world In 2015 approximately 250 Americans joined the Islamic State IS and some still sympathize with it Based on 51 in depth interviews conducted in nine states from 2017 to 2021 this book offers a thematic understanding of radicalization touching on themes such as Islamic history Muslims social and political identities cultural dilemmas radicalization outlets mental health media stereotypes Islamophobia security and the impact of COVID 19 on radicalization This book differs from previous scholarship on the causes of radicalization by focusing on the perspectives of non radicalized American Muslims While some previous scholarship has focused on Muslim radicalization in Europe this book provides a new spectrum of views from the United States It also offers pathways to de radicalization The interview data is complemented with relevant literature analysis of media perspectives and the author s personal observations **Anthropological Perspectives on Social Memory** Petri Hautaniemi,Helena Jerman,2006 This volume of articles explores social memory as a phenomenon by addressing the complex relationship between embodied memory history time and space The studies richly demonstrate how objects and substances may be significant media through which past and present are shared within communities and also how specific sites such as bodies dwellings or geopolitical places may be so as well Articles also present reflections on the challenges of gathering field material of being reflexive and of reaching beyond the time and space of the immediate field context All of the articles in this volume are based on high quality ethnographic research While all are self standing and grounded in individual research projects they nevertheless complement each other and can be seen as interconnected They not only address the complex relationship between history and memory and between past and present but also in many different and challenging ways show how social memory is implicated in orientations towards the future Conflict in the Horn of Africa Vincent Bakpetu Thompson,2015-02-03 *Conflict in the Horn of Africa* examines how the Kenya Somalia border problem has deep roots in pre

colonial and colonial times mirroring the phenomenon of shifting territorial and human frontiers and treaties which Britain France Italy and Ethiopia made before and after World Wars I and II This book documents the Kenya Somalia border problem from the nineteenth century when decisions ignored African concerns to independence when Africans acted as the principal players Vincent Bakpetu Thompson analyses how the crises regarding Kenya and Somalia s domestic situations impacted their international relations in and beyond the region This book furthers the discussion by looking at the current problems in the region that are obscured by instability infiltrations the repetitive influx of refugees crossing and re crossing the border and increasing terrorist attacks

The Law and Practice of Piracy at Sea Panos Koutrakos, Achilles Skordas, 2014-12-01 This collection of essays provides a comprehensive assessment of the legal and policy approaches to maritime counter piracy adopted by the EU and other international actors over the last few years As the financial cost of Somali piracy for the maritime industry and the world economy as a whole was estimated to have reached 18 billion by 2010 the phenomenon of piracy at sea has steadily grown in significance and has recently attracted the attention of international policy makers Moreover piracy is intrinsically linked to state failure and other pathologies bred by it such as organised crime and terrorism This book adopts a holistic approach to the topic examining approaches to piracy as these emerge in different geographical areas as well as tackling the central issues which counter piracy raises in terms of the most topical aspects of international law international humanitarian law and armed conflict piracy and terrorism use of force It also focuses on the approach of the EU placing counter piracy in its broader legal context Providing a detailed doctrinal exploration of the issues which counter piracy raises it emphasises and draws upon the insights of the practice of counter piracy by bringing together academic lawyers and the legal advisers of the main actors in the area EU US NATO UK The book raises fundamental questions about the law and practice of international law are the rules of the international law of the sea on piracy still relevant To what extent has the shared interest of international actors in tackling piracy given rise to common practices Do the interactions among the actors examined in the book suggest fragmentation or unity of the international legal order Is it premature to view these interactions as signalling the gradual emergence of global law in the area This common analytical frame of reference is underlined by the concluding part which draws these threads together The book will be of interest to legal scholars political scientists and international relations theorists as well as decision makers and students of law politics and international relations

EU Security Policy and Crisis Management Nicole Koenig, 2016-03-10 This book explores European Union crisis management and draws implications for its role as an international security actor The success of EU crisis management has varied greatly and this book aims to identify the key factors that explain the differing degrees of coherence through a comparative analysis of its multidimensional crisis responses in Africa The empirical focus lies on three prominent EU crisis management cases namely Libya in 2011 Somalia in 2011 2012 and the Sahel in 2012 2013 It analyses the activities and interaction of EU institutional actors and member states with a focus on France the United Kingdom and

Germany The book argues that the EU represents a rather unpredictable security actor whose multi level coherence is contingent on the congruence of domestic economic and electoral interests as well as national threat perceptions and the extent to which EU level coherence norms resonate with national norms on the use of force and modes of multilateral cooperation In sum this book offers systematic insight into EU crisis management and clarifies the conceptual and empirical boundaries of the comprehensive approach Finally the study of the micro foundations of coherence allows for policy relevant suggestions on the EU s future role as a security actor This book will be of much interest to students of EU policy European Security Peace and Conflict Studies African Politics and IR in general *Perspectives of Five Kuwaiti Women in Leadership Roles* Souad T. Ali, 2019-05-28 The advances made in women s issues in the Gulf State of Kuwait during the last sixty years have been widely commented upon but limited academic research has been published on their material effects In 2005 Kuwaiti women received the right to both vote and to run in elections to Parliament the first women in the conservative Arab Gulf bloc to do so This book presents five remarkable women leaders in Kuwait including one of the first elected Kuwaiti female Members of Parliament an art advocate and museum founder a national hero and oil industry leader a university founder and a current controversial MP In intimate conversations with the author they share their thoughts on topics such as gender relations and equality the current women s rights movement the role of religion in politics and education and female leaders visibility and impact Their different backgrounds interpretations of Islam and outlooks on the future of their country combine to embody the changes involving women s issues in Kuwait that have occurred since the mid twentieth century Even as Muslim feminists critique creates new arenas in Islamic theology and stridently conservative forms of Islamism become increasingly visible in the public space the material effects of the advances in women s issues in Kuwait have received little academic attention until now A book that both complicates and contributes to understandings of women Islam and social change this important work will be of great interest to scholars in religious studies women s and gender studies and Middle Eastern studies as well as reformers throughout the region who continue to find inspiration in Kuwait s Blue Revolution

Historical Perspectives on Organized Crime and Terrorism James Windle, John Morrison, Aaron Winter, Andrew Silke, 2018-02-20 In recent years in the context of the War on Terror and globalization there has been an increased interest in terrorism and organized crime in academia yet historical research into such phenomena is relatively scarce This book resets the balance and emphasizes the importance of historical research to understanding terrorism and organized crime This book explores historical accounts of organized crime and terrorism drawing on research from around the world in such areas as the USA UK Ireland France Colombia Somalia Burma Turkey and Trinidad and Tobago Combining key case studies with fresh conceptualizations of organized crime and terrorism this book reinvigorates scholarship by comparing and contrasting different historical accounts and considering their overlaps Critical lessons learned are drawn out from each chapter providing valuable insights for current policy practice and scholarship This book is an indispensable guide for understanding

the wider history of terrorism and organized crime It maps key historical changes and trends in this area and underlines the vital importance of history in understanding critical contemporary issues Taking an interdisciplinary approach and written by leading criminologists historians and political scientists this book will be of particular interest to students of terrorism counter terrorism organized crime drug policy criminology security studies politics international relations sociology and history

International Perspectives on Family Violence and Abuse Kathleen Malley-Morrison, 2012-12-06 In this book in which definitions and examples of abuse from men and women from every continent and a very diverse set of backgrounds are considered The volume provides information on the extent to which family violence is a recognized problem in each country research findings available on different forms of family violence and information on governmental responses to family violence Finally the value of an international human rights approach to abuse and violence in families is considered The book presents an unparalleled international coverage addressing all forms of family violence in Australia and at least two countries from every other continent Each chapter begins by describing the cultural context in which family violence and abuse take place These sections emphasize the role of women and children in the country Providing a multitude of voices each chapter includes fascinating and often dramatic definitions and examples of abuse from ordinary citizens of the country The concluding chapter elaborates on the appropriateness of a human rights approach in addressing family violence cross nationally and cross culturally and provides an excellent integration of much of the material from the previous chapters The book is intended for advanced undergraduates and graduate students in psychology and sociology as well as pre professionals and professionals in medicine law and social services It has strong relevance and value to individuals training in counseling counselor education and clinical psychology Because of its readable style and extensive use of quotations from citizens of the countries studied for the book it may also appeal to a much broader audience including a lay audience

Peacemaking Susan Allen Nan, Zachariah Cherian Mampilly, Andrea Bartoli, 2011-11-10 In a world where conflict is never ending this thoughtful compilation fosters a new appreciation of the art of peacemaking as it is understood and practiced in a variety of contemporary settings Peacemaking From Practice to Theory is about seeing knowing and learning peacemaking as it exists in the real world Built on the premise that peacemaking is among the most elemental of human experiences this seminal work emphasizes the importance of practice and lived experiences in understanding the process and learning what works to nurture peace To appropriately reflect the diversity of peacemaking practices challenges and innovations these two volumes bring together many authors and viewpoints The first volume consists of two sections Peacemaking in Practice and Towards an Inclusive Peacemaking the second of two additional sections New Directions in Peacemaking and Interpreting Peacemaking As the title states the work moves peacemaking beyond mere theory showcasing peacemaking efforts produced recorded recognized and understood by a variety of individuals and institutions In doing so it refocuses the study of peacemaking and guides readers to a systematic understanding and appreciation of the practices of peacemakers around the

globe **Making Sense of Somali History** Abdullahi, Abdurahman, 2017-09-18 In the last three decades Somalia has been associated with such horrible terms as state collapse civil wars foreign intervention warlordism famine piracy and terrorism This depiction was in contradiction to its earlier images as the cradle of the human race the kernel of ancient civilizations the land of Punt a homogeneous nation state and the first democratic state in Africa So how did things fall apart in the country This Volume 1 of a two volume narrative Dr Abdullahi explores the history of the people of Somali peninsula since ancient times the advent of Islam and colonialism the rise and fall of Somali nationalism and the perspectives of the Somali state collapse The book uses a unique thematic approach and analysis to make sense of Somali history by emphasizing the responsibility of Somali political elites in creating and perpetuating the disastrous conditions in their country **Women of Piracy** Brittany VandeBerg, 2023-01-20 Drawing from an interdisciplinary body of research and data *Women of Piracy* employs a criminological lens to explore how women have been involved in and impacted by maritime piracy operations from the 16th century to present day piracy off the coast of Somalia The book challenges and resists popular understandings of women as peripheral to the criminal enterprise of piracy by presenting and analyzing their roles and experiences as victims perpetrators and criminal justice actors showing that women have been and continue to be central figures in maritime piracy Unfolding in three parts part one sets the context by providing readers with a history of the masculinization of the sea Part two focuses on the gendered division of labor in piracy operations discussing how and why the roles and responsibilities associated with this gendered labor have emerged persisted evolved and or ceased over time as well as considering which roles and responsibilities appear to be context specific and which seem to transgress geographical locations Part three explores how women have or have not been brought to justice for their participation in crimes of piracy as well as the roles of women in efforts to combat piracy The overarching objective is to ignite a broader discussion about the various cultural social historical and economic forces that create opportunities for women to participate in maritime piracy and counter piracy why women continue to be invisible figures of piracy and what implications this has for how we study police and bring pirates to justice The first criminologically grounded global study exploring the continuity and evolution of women in maritime piracy this book will be of great interest to students and scholars of criminology gender feminist studies international relations anthropology history and political geography It will also be useful to maritime and law enforcement professionals *Popular Culture, Piracy, and Outlaw Pedagogy* Elizabeth Alford Pollock, 2014-05-05 *Popular Culture Piracy and Outlaw Pedagogy* explores the relationship between power and resistance by critiquing the popular cultural image of the pirate represented in *Pirates of the Caribbean* Of particular interest is the reliance on modernism's binary good evil Sparrow Jones how the films distinguish the two concepts characters via corruption and what we may learn from this structure which I argue supports neoliberal ideologies of indifference towards the piratical Other What became evident in my research is how the erasure of corruption via imperial and colonial codifications within seventeenth century systems of culture class

hierarchies and language succeeded in its re presentation of the pirate and members of a colonized India as corrupt individuals with empire emerging from the struggle as exempt from that corruption This erasure is evidenced in Western portrayals of Somali pirates as corrupt Beings without any acknowledgement of transnational corporations role in provoking pirate resurgence in that region This forces one to re examine who the pirate is in this situation Erasure is also evidenced in current interpretations of both Bush s No Child Left Behind and Obama s Race to the Top initiative While NCLB created conditions through which corruption occurred I demonstrate how Race to the Top erases that corruption from the institution of education by placing it solely into the hands of teachers thus providing the institution a free pass to engage in any behavior it deems fit What pirates teach us then are potential ways to thwart the erasure process by engaging a pedagogy of passion purpose radical love and loyalty to the people involved in the educational process

Perspectives in Black Politics and Black Leadership John Davis,2007 *Perspectives in Black Politics and Black Leadership* is an in depth examination of the central components of Black leadership in regards to three key issues the problems associated with Black leadership at the elite level high profile activists the debate concerning the significance of Black mayors and the changing role of the Congressional Black caucus CBC The examination also explores why these issues are in the view of some no longer relevant and require radical attention In addition this work analyzes Black voting behavior in the 2000 presidential election the continuing significance of Affirmative Action and attempts to dissolve it and offers critiques of current Black leaders The study concludes with an exploration of the declining influence of the CBC in the Black community and examines the CBC attempts to influence U S foreign policy in a conservative political culture

European Peace and Security Policy Michael Brzoska,2015-03-26 After the attacks of 9 11 terrorism and other forms of transnational risks of violence dominated official security policy Researchers at the Institute for Peace Research and Security Policy at the University of Hamburg investigated the consequences of this change for security governance in a multi annual research program Case studies show that transnational security policies changed but that national governments remained dominant In other words the transnationalisation of threat perceptions only led to a limited internationalisation of security policies The volume presents results of the research program It combines conceptual work on security governance with empirical research for instance on counterterrorism changing perceptions of security in international organizations such as the European Union and the Organization for Security and Co operation in Europe
