Deadhouse Life in a Coroner's Office chronicles the exploits of a diverse team of investigators at a coroner's office in Pittsburgh Ed Strimlan is a doctor who never got to practice medicine Instead he discovers how people died Mike Chichwak is a stolid ex paramedic respected around the office for his compassion and doggedness Tiffani Hunt is twenty one a single mother who questions whether she wants to spend her nights around dead bodies All three deputy coroners share one trait a compulsive curiosity A good thing too because any observation at a death scene can prove meaningful A bag of groceries standing on a kitchen counter the milk turning sour A broken lamp lying on the carpet of an otherwise tidy living room When they approach a corpse the investigators consider everything Is the victim face up or down How stiff are the limbs Are the hands dirty or clean By the time they bag the body and load it into the coroner's wagon Tiffani Ed and Mike have often unearthed intimate details that are unknown even to the victim's family and friends The intrigues of investigating death help make up for the bad parts of the job There are plenty of burdens grief stricken families decomposed bodies tangled local politics and gore And maybe worst of all is the ever present reminder of mortality and human frailness *Deadhouse* also chronicles the evolution of forensic medicine from early rituals performed over corpses found dead to the controversial advent of modern forensic pathology It explains how pathologists read bullet wounds and lacerations how someone dies from a drug overdose or a motorcycle crash or a drowning and how investigators uncover the clues that lead to the truth *Some Vaudeville Monologues* Harry Lee Newton, 1917 History

Rowse, M. Portillo, 2003-04-04 Elizabethan society is arguably the most successful in English history The adventurers and merchants as well as the poets and playwrights of that age are legendary The subject of this classic study by A L Rowse is that society's expansion Elizabethan society expanded both physically first into Cornwall then Ireland then across the oceans to first contact with Russia the Canadian North and then the opening up of trade with India and the Far East and in terms of ideas and influence on international affairs Rowse argues that in the Elizabethan age we see the beginning of England's huge impact upon the world Magnolia Parks: Into the Dark Jessa Hastings, 2024-02-13 Book five in the sensational Magnolia Parks Universe series How many loves do you actually get in a lifetime Everyone knows by now that Magnolia and BJ are in the stars but is that enough Magnolia and BJ are reeling from a devastating loss as they try to plan what's been dubbed the wedding of the
