Some Ghost Stories:

True Ghost Stories Selinda Hart, 2015-04-20 True Ghost Stories is a collection of real and frightening paranormal accounts from real people. Each story is unique in its own personal experience and has been told to the author Selinda Hart. Having worked as an investigator and as a researcher for the paranormal radio show Tia Maria, she has brought together some of the best hauntings, accounts of paranormal mysteries, and true ghost stories in this collection. The sixteen stories in this book include diverse paranormal phenomena and unexplained mysteries set in different locations in the United States and one compelling, frightening story from Spain. As one former skeptic reports from his scary experience: "I was never a believer in the paranormal and I thought ghosts were simply a figment of someone's overactive imagination. I no longer scoff at people who claim to see ghosts. I never found out who or what was haunting that house. But I wasn't going to stay and find out." The House off Greenville Road, Balloon Ghost in the Bedroom, and Who's been playing with my kids are real stories about events and paranormal activity that took place in the Dallas house where the author lived in as a single mom for over five years. Her children are grown now, but to this day they do not like talking about the strange activity and events that took place in that house. If you like reading scary stories, paranormal mysteries, and unexplained phenomena, then True Ghost Stories will leave you with chills. So snuggle up, get under the covers, and get ready for some serious goosebumps.

True Ghost Stories Zachery Knowles, 2018-10-24 Looking for a Scare? Then Read These 19 Spine-Chilling Stories. Are you ready for a different take on the true stories of hauntings across the world? How about roads and highways that are haunted by spirits and ghosts, some of which seem to have quite evil intentions? Dangerous roads haunted by ghosts that seem determined to add to their number by causing car wrecks, and a tunnel haunted by ancient warriors whose angry graves were disturbed, will be explored. A clown that appears by the side of the road and disappears as your car draws near, or an auto accident that was witnessed months after it happened, are some of the many hauntings to be discovered in this book. Animals that exhibit the symptoms of rabies, the moment their feet touch the street, or an aggressive ghoulie car responsible for the deaths of a group of teenagers almost 50 years ago, a woman still trying to get help for her newlywed husband trapped in their vehicle after an accident, unaware it's too late for either of them, and a police officer who relives his death every time he pulls over another speeding car, are just a few of the true stories of haunted highways and roads you will find within the pages of this disturbing book. India, China, Wales, Scotland, England, Australia, and the United States all have roads, streets, interstates, routes, and highways that connect one end of a country to the other. There are hundreds of thousands of roads and streets that no one experiences anything mysterious upon. Then there is a handful of streets notorious for the abnormal, disturbing, paranormal things that occur on or near them on a regular basis. While some of these hauntings only began recently, others extend back hundreds of years when the roads were dirt trails. Some of these haunted avenues are infamous, like those along Tuen Mun Road in Hong Kong, Archer Avenue in Chicago, or Mona Lisa Drive in New Orleans. Those more unknown are equally

horrifying like along A541 in Pontblyddyn Wales and Route 2A in Maine Regardless you will agree this book comprises the scariest most disturbing true tales of haunted roads and highways One of the most unusual aspects of these stories when compared to most true horror stories is that just about every eyewitness encounter in the chapters of this book was experienced by someone who wasn't out looking to encounter the supernatural These people were minding their own business when they were thrown first hand into experiences beyond the natural that would mark them for life which means it could happen to you too Are you ready to never feel quite as comfortable driving along the road in the dark Then this book is exactly what you need Ready to scare yourself senseless Scroll to the top of the page and hit buy **True Ghost Stories**
